How to Create a PDF/A

o To Create a PDF/A you have to be using a Professional Adobe Product. (e.g. Adobe Acrobat Pro)
o Select your document and open
o Press Save (or Save as for existing PDF's)
o Select PDF/A as 'Save type as':

o Press Settings button and select: PDF/A-1a
o Leave viewing or printing conditions.
o Leave apply corrections ticked

o If the use of PDF/A-1a is rejected by the software (due to complex functionality) a PDF/A-1b should be created, this variation must be recorded in the Metadata.
