There are 402 entries on the East Midlands 2015 Heritage at Risk Register, making up 7.3% of the national total of 5,478 entries. The Register provides an annual snapshot of historic sites known to be at risk from neglect, decay or inappropriate development. For the first time, we’ve compared all sites on the Heritage at Risk Register – from houses to hillforts – to help us better understand which types of sites are most commonly at risk. There are things that make each region special and once lost will mean a sense of our region’s character is lost too. Our local HAR team, led by Ben Robinson, continues to work with owners, funders and other stakeholders to find the right solutions for sites on the Register.

Anthony Streiten Planning Director, East Midlands

Last year I reported that many places of worship had been added to the Register as a result of our extensive condition survey. Others have entered the Register for the first time this year. Nevertheless, we are greatly encouraged that our commitment to Diocesan Historic Church Support Officer posts and our work with the Heritage Lottery Fund is leading to repair projects. Fourteen churches that were on the 2014 Register are no longer at risk.

We also work in partnership to address threats to historic places. The Conservation Areas Survey is an important component of this work, helping to identify emerging problems and priority areas. Following highly successful grant-aided projects in Derby we are now providing grants for conservation areas at risk in Boston, Grantham and Sleaford.

We have fewer scheduled monuments at risk in the East Midlands than the national average. However, the poor condition of many ‘barrows’ (burial mounds) illustrates typical threats facing other rural archaeological monuments. Most retain priceless information about people and places without written histories. Having survived for millennia it is distressing that they are so vulnerable today.

There are solutions. Our work to better understand the effects of ploughing and to encourage good management has paid dividends. Engagement with Natural England’s stewardship schemes is proving particularly important. Similar focus can be brought to bear on other rural site types.

Park and garden buildings, so essential to our finest designed landscapes, are notably threatened in the East Midlands. The issues associated with neglected and at risk ornamental garden buildings, though worrying, are often relatively easy to understand.

The problems facing some of the region’s country houses, historic homes and industrial buildings are often very much more complex. Too many buildings that should be capable of regeneration remain long term entries on the Register. Thankfully there are success stories. Great progress has been made at places such as Stydd Hall and Cromford Mill this year.

Historic England is often uniquely placed to assist with technical advice and grants for repairs, particularly when this will facilitate larger projects, providing leverage to attract substantial investment from others. Solutions, however, depend on the total commitment of owners.

Sadly, a few owners are reluctant to accept responsibility for the condition of their buildings. In these cases, Historic England can assist local planning authorities in exercising their statutory powers to prompt action. The East Midlands team will be supporting both ‘carrot’ and ‘stick’ approaches to tackle heritage at risk over the next year.

Ben Robinson
Principal Adviser, Heritage at Risk
Entries on the 2015 national Register in the East Midlands

15 (18.8%) Garden buildings

18 (13.4%) Country houses

Designated assets on the 2015 East Midlands Register

- 109 Listed places of worship
- 115 Grade I and II* listed buildings
- 120 Scheduled monuments
- 68 Conservation areas
- 6 Registered parks and gardens
- 418 Total assets

Stydd Hall, Yeaveley, Derbyshire

Background and history
The 17th century Stydd Hall was built on the ruins of a medieval Knights Hospitaller preceptory. Preceptories were the home bases of this crusading order and generated funds for missions overseas. Stydd preceptory was closed by Henry VIII and the site was acquired by landed gentry.

The present hall incorporates the remnants of one of the preceptory buildings. The ruins of the preceptory chapel stand close by and buried archaeological remains surround the buildings.

Stydd Hall became a farmhouse, but its condition gradually became so bad that it was placed on the first national Buildings at Risk Register in 1998.

Is it at risk?
Historic England worked with the previous owners to address the condition of the hall and the surrounding scheduled monument. But with much work still to do the owners decided to sell.

Tenant farmers, Mr and Mrs Avery, had to make a quick decision; buy Stydd Hall or abandon their home. They knew that it was ‘at risk’ and that much work would be required to bring it to a good state of repair.

What is the current situation?
Historic England has provided grant aid and technical support to the Averys. The leaking roof has now been re-slated. Structural timbers have been repaired and rainwater dispersal has been improved. All are critical concerns for the well-being of a building and its occupants!

Further repairs began in the summer of 2015. More will be required, but we are confident that Stydd Hall will soon be removed from the Heritage at Risk Register, its future secure.
Squires Monument  Burton Lazars, Leicestershire

Background and history
Squires' Monument is one of the most prominent churchyard monuments in Leicestershire. Surprisingly, it doesn't commemorate a member of highest Georgian society, but a local weaver.

When William Squires passed away in 1781, he had amassed a personal fortune of £600. Part of this sum was to be used to build an elaborate pedestal tomb. The remainder was intended to educate the poor and provide for his family. Sadly, when his monument was completed there was little left to fulfil these wishes.

Is it at risk?
Squires' Monument entered the Buildings at Risk Register in 1998. Stonework was decaying and architectural detail was being lost. It has now been repaired and has been removed from the Heritage at Risk Register.

What's the current situation?
Research established that the Squires family had no surviving members. Responsibility for the repair of the monument therefore passed to the District Church Council. Repairs commenced in 2014 with grants from Historic England and Melton Borough Council.

William Squires' desire to be remembered created an important and picturesque local landmark. Its conservation has ensured that it will survive long into the future.

Historic England Angel Awards
The Historic England Angel Awards were founded in 2011, co-funded by the Andrew Lloyd Webber Foundation. They celebrate local people’s extraordinary efforts to save historic buildings and places. Over the past five years, the Angel Awards have showcased inspirational friends groups, communities, worshippers, owners and craftspeople.

From 2016, we’ll be looking for projects that champion the historic environment in many ways. These could include:

- community action projects
- heritage research, survey or education projects
- heritage professionals
- lifetime achievements
- and of course, rescues of heritage sites

Shortlisted Angels will continue to be put to the vote in the ever-popular People’s Favourite Award.

**THE REGISTER**

**Content and criteria**

**DESIGNATION**

**Definition**

All the historic environment matters but there are some elements which warrant extra protection through the planning system. These are included in the National Heritage List for England (NHLE), an online searchable database of designated assets. Since 1882, when the first Act protecting ancient monuments and archaeological remains was passed, government has been developing the designation system. Listing, which is applied to buildings, emerged from the post-Blitz 1940s Planning Acts. There are now nearly 400,000 designated assets on the NHLE including listed buildings, scheduled monuments, registered parks and gardens, registered battlefields and protected wreck sites.

Historic England, as the government’s expert adviser, is responsible for making recommendations – but it is still the Secretary of State at the Department for Culture Media and Sport who makes the decisions on whether an asset is designated. Understanding and appreciation develop constantly, which makes keeping the designation base up-to-date a never-ending challenge.

While still responding to threat-driven cases, our approach is now more strategic, based around thematic and area-based projects. Recent developments have seen a greater striving for openness and transparency in the process of designating a site, and better communication of what makes something special.

Alongside the nationally designated assets found on the National Heritage List for England are locally designated assets. Best known are conservation areas, but local authorities can also create lists of locally valued assets. Most archaeological sites of significance are not scheduled, but rely on local identification and management for their protection.

**LISTED BUILDINGS**

Listing is by far the most commonly encountered type of designation. A listed building (or structure) is one that has been designated as being of special architectural or historic interest. The older and rarer a building is, the more likely it is to be listed. Buildings less than 30 years old are listed only if they are of very high quality and under threat. Listing is mandatory: if special interest is believed to be present, then the Department for Culture Media and Sport has a duty to add the building to the List.

Listed buildings are graded I, II* and II. Grade I buildings are of outstanding interest, and II* are particularly important buildings of more than special interest; together they amount to 8% of all listed buildings. The remaining 92% are of special interest and are listed grade II.

There are over 376,000 listed entries on the NHLE of buildings of special architectural or historic interest. Entries on the statutory list sometimes group together a number of separate buildings: a terrace will be counted as one entry, rather than as separate units. Entries on this Register reflect how buildings are grouped and recorded on the statutory list.

Structures can occasionally be dual designated (both listed as buildings and scheduled as monuments). In such cases, scheduling controls take precedence.

**SCHEDULED MONUMENTS**

Scheduled monuments include single archaeological sites and complex archaeological landscapes. 19,850 examples have been designated because of their national importance. Scheduled monuments are not graded. They cover human activity from the prehistoric era, such as burial mounds, to 20th century military and industrial remains. For the millennia before written history, archaeology is the only testament to innumerable generations of people of whom there is no other record.

The later 20th century saw unprecedented changes to the landscape. As a result, some types of historic site that once were commonplace began to become rare. Those that survive often represent just small islands of what once characterised broad sweeps of our towns and countryside. Although protected by law, scheduled monuments are still at risk from a wide range of processes and intense pressures outside of the planning system. These include damage from cultivation, forestry and – often most seriously of all – wholly natural processes such as scrub growth, animal burrowing and coastal erosion. Scheduling is discretionary, and many archaeological sites of potential importance are not designated. Instead, they are managed through the planning system and other regimes.

**REGISTERED PARKS AND GARDENS**

There are 1,635 designed landscapes on the current Historic England Register of Historic Parks and Gardens of Special Historic Interest. These registered landscapes are graded I, II* or II, and include private gardens, public parks and cemeteries, rural parkland and other green spaces. They are valued for their design and cultural importance, and are distinct from natural heritage designations.

Inclusion on the Historic England Register of Historic Parks and Gardens brings no statutory controls, but there is a clear presumption in favour of upholding their
significance in government planning guidance, so they do gain protection. Local authorities are required to consult Historic England on applications affecting sites registered as grade I or II*, and the Gardens Trust on sites of all grades. The setting of other designated heritage assets can also protect registered landscapes.

REGISTERED BATTLEFIELDS
Historic England’s Register of Historic Battlefields was set up in 1995, and is our youngest category of designation. Its aim is to protect and promote those sites where history was made through military engagement which can be securely identified on the ground. They range from the Battle of Maldon (991) to Sedgemoor (1685): almost half date from the period of the civil wars in the mid-17th century. These special places, where thousands were often killed, deserve our recognition and respect. Recently, additions have been made to the Register of Historic Battlefields for the first time since its creation. There are now 46 registered battlefields.

Protection is needed to prevent encroachment through inappropriate development, or insensitive (and damaging) metal detecting, which can permanently alter the archaeological record. As with registered parks and gardens, there is a clear presumption in favour of protecting registered battlefields in government planning policy.

PROTECTED WRECK SITES
England’s 49 protected wreck sites represent a tiny proportion of the 33,000 or so pre-1945 wrecks and recorded casualties that are known to lie in the territorial waters. Wreck sites can be of importance for different reasons: the distinctive design or construction of a ship, the story it can tell about its past, its association with notable people or events and its cargo. The Protection of Wrecks Act 1973 empowers the appropriate Secretary of State to designate a restricted area around a vessel to protect it or its contents from unauthorised interference, and Historic England administers the attendant licensing scheme for divers seeking access.

CONSERVATION AREAS
Conservation areas are designated by local authorities and are areas of particular architectural or historic interest, the character or appearance of which it is desirable to preserve or enhance. For almost 50 years, ever since the 1967 Civic Amenities Act, conservation areas have proved a highly effective mechanism for managing change on an area-wide basis. There are currently 9,853 conservation areas in England including town and city centres, suburbs, industrial areas, rural landscapes, cemeteries and residential areas. They form the historic backcloth to national and local life and are a crucial component of local identity.
Criteria for inclusion on the Register

RISK ASSESSMENTS
Heritage assets included on the Register are risk assessed according to the nature of the site rather than the type of designation. Building or structure assessments are used for secular listed buildings and structural scheduled monuments, typically masonry remains. Archaeology assessments are used for scheduled earthworks and below-ground remains. Thus a scheduled monument may appear on the Register in either or both the building and structure and the archaeology sections depending upon what puts it at risk. Listed buildings that are in use as places of worship are assessed using the places of worship assessment. Registered parks and gardens, conservation areas, battlefields and protected wreck sites have their own assessments because they each have their own particular characteristics and factors that may put them at risk.

BUILDINGS AND STRUCTURES
To be considered for inclusion on the Register, buildings or structures must be:
• designated and included on the National Heritage List for England
• a grade I or II* listed building
• a grade II listed building in London
• a structural scheduled monument with upstanding remains
• in secular (non-worship) use

Buildings or structures are assessed on the basis of condition and, where applicable, occupancy (or use) reflecting the fact that a building which is occupied is generally less vulnerable than one that is not.

Occupancy (or use) is assessed as ‘vacant’, ‘part occupied’, ‘occupied’, ‘not applicable’, or occasionally, ‘unknown’. Many structures fall into the ‘not applicable’ category for example: ruins, walls, gates, headstones or boundary stones.

Condition is assessed as ‘very bad’, ‘poor’, ‘fair’ or ‘good’. The condition of buildings or structures on the Register is typically very bad or poor, but can be fair or, very occasionally, good. This reflects the fact that some buildings or structures are vulnerable because they are empty, underused or face redundancy without a new use to secure their future. Assessing vulnerability in the case of buildings in fair condition necessarily involves judgement and discretion. A few buildings remain on the Register in good condition, having been repaired or mothballed, but still awaiting a new use or occupancy.

Buildings or structures are removed from the Register when they are fully repaired/consolidated, and their future secured either through occupation and use, or through the adoption of appropriate management.

PLACES OF WORSHIP
To be considered for inclusion on the Register places of worship must be designated and listed grade I, II* or II on the National Heritage List for England, and be used as a public place of worship at least six times a year.

Places of worship are assessed on the basis of condition only. If a place of worship is in very bad or poor condition it is added to the Register. This includes places of worship which are generally in fair or good condition but have major problems with one key element, like the tower.

Historic England has visited and assessed listed places of worship considered to be in poor or very bad condition according to local assessments. Those that are identified as at risk are included on the Register. Once on the Register, places of worship can move through the condition categories (e.g. from very bad to poor; to fair; even good) as repairs are implemented and the condition improves, until they are fully repaired and can be removed from the Register. This means that there are some places of worship in good condition on the Register but with outstanding issues still to be resolved at the time when they were assessed.

ARCHAEOLOGY
To be considered for inclusion on the Register archaeological sites must be designated as scheduled monuments and included on the National Heritage List for England. Archaeology assessments cover scheduled earthworks and buried archaeology. The risk assessment is based on their condition and vulnerability, the trend in their condition, and their likely future vulnerability. A site’s condition is expressed in terms of the scale and severity of adverse effects on it ranging from ‘extensive significant problems’, to ‘minor localised problems’.

Archaeological entries are removed from the Register once sufficient progress has been made to address the identified issues, and a significant reduction in the level of risk has been demonstrated.
PARKS AND GARDENS
To be considered for inclusion on the Register parks and gardens must be designated as grade I, II* or grade II and included on the National Heritage List for England. Parks and gardens are assessed in terms of condition and vulnerability. Steps being taken by owners to address problems are also taken into consideration.

Parks and gardens assessed as being at risk are typically affected by development and neglect. They have frequently been altered by development or are faced with major change. The original function of these landscapes has often changed and divided ownership leads to the loss of their cohesive historic design.

Park and garden entries are removed from the Register once steps have been taken to address issues and positive progress is being made.

BATTLEFIELDS
To be considered for inclusion on the Register battlefields must be designated and included on the National Heritage List for England. Battlefields deemed to be at risk of loss of cultural significance are included on the Register.

The principal risks and threats are:
- development pressure e.g. encroachment of buildings
- pressures of particular use within the site e.g. arable cultivation
- damage e.g. unregulated metal detecting

Battlefields are removed from the Register either when damaging activities cease, are managed, or when threats recede due to effective planning.

WRECK SITES
To be considered for inclusion on the Register wrecks must be designated and included on the National Heritage List for England. Wreck sites are assessed based on their current condition, vulnerability and the way they are being managed.

Wrecks are vulnerable to both environmental and human impacts. Risks that contribute to inclusion on the Register range from unauthorised access to erosion and fishing damage.

The monitoring process ensures that the significance of the site is identified and maintained. In spite of the inherent difficulties in caring for this type of site, careful management must be maintained.

Wrecks are removed from the Register once an appropriate management and monitoring regime is operational.

CONSERVATION AREAS
Historic England has asked every local authority in England to complete (and update as appropriate) a survey of its conservation areas, highlighting current condition, threats and trends. Conservation areas that are deteriorating, or are in very bad or poor condition and not expected to change significantly in the next three years, are defined as being at risk.

The approach taken to assess conservation areas at risk has been refined since the first survey in 2008/2009. The information provides a detailed assessment of each conservation area. An overall category for condition, vulnerability and trend is included for each conservation area on this Register. Conservation areas identified as at risk in 2009, but not reassessed since using the revised methodology, are included on the Register but with limited information.

Conservation areas are removed from the Register once plans have been put in place to address the issues that led to the conservation area being at risk, and once positive progress is being made.
Reducing the risks

One of the primary aims of the Historic England Corporate Plan 2015-2018 is reducing the risk to heritage assets. In order to achieve this aim we are working to:

- better understand the nature and extent of risk
- encourage others to save and re-use heritage at risk
- build the capacity of the sector to deliver solutions for heritage at risk
- provide advice and grants to help remove heritage from the Register

Dedicated Heritage at Risk teams in our nine regional offices are tasked with achieving this aim.

Whilst each type of heritage asset and individual site will require its own approach and solution, there are some general approaches that are relevant to all ‘at risk’ assets. Finding solutions for heritage at risk requires working in close partnership with owners, local planning authorities and a wide variety of other organisations. The provision of clear advice is essential to further understanding of heritage at risk.

Maintenance and occupation or use (where appropriate) are essential in preventing heritage from becoming at risk. Maintenance of assets already at risk can prevent them from decaying further. Without maintenance, the cost of repair and consolidation escalates, the challenge for owners and occupiers increases, and the scope for affordable solutions declines.

The Heritage at Risk Register helps us understand what factors lead to heritage assets becoming at risk, what action is most likely to influence their condition and where resources can be focused to best effect. Historic Environment Records and local heritage at risk registers, maintained by local authorities, are additional repositories of information on local historic assets. They underpin the work of local authority historic environment services and can help improve the protection, conservation and management of heritage assets.

Historic England provides a wide range of published guidance on reducing the risks, including: finding partners, funding, new uses for heritage assets, and enforcing urgent works and repairs. These are available to download from our website, www.historicengland.org.uk. Key publications and guidance are listed on pages XV-XVI.

BUILDINGS AND STRUCTURES

Our nine regional teams can help existing and potential owners, developers and local authorities with the assessment of risk and the identification of appropriate programmes of repair. They can advise on the benefits of additional survey and assessment, help with feasibility studies and with brokering solutions. In particularly difficult cases, they can draw on the additional expertise of our national advisers specialising in structural engineering, quantity surveying, development economics, enforcement and planning law. Historic England can help with access to funding as we work closely with grant providers including the Heritage Lottery Fund and Natural England. We have two principal grant streams ourselves: Repair Grants for Heritage at Risk for all asset types and Section 17 Management Agreements which are smaller grants for scheduled monuments. More information on funding can be found on the Historic England website.

We know how useful our own Register is in managing risk, prioritising action and engaging partners. We are therefore working with Civic Voice and voluntary groups to enable the compilation of local heritage at risk registers. We are also working with local authorities to encourage them to develop strategies for tackling buildings in poor condition. These strategies should include the use of enforcement powers; ‘Stopping the Rot’ is our published guidance on this. Our Heritage at Risk Solicitor can provide training and support for local authorities considering enforcement action. In certain circumstances we can also provide grant aid to underwrite the cost of serving Urgent Works and Repairs Notices.

Building preservation trusts (BPTs) offer a tried and tested way of saving buildings at risk. We have close links with the Architectural Heritage Fund and fund their regional support officers to work across the country. They help BPTs and other not-for-profit organisations to access funding, carry out feasibility studies and develop solutions for buildings at risk. The United Kingdom Association of Preservation Trusts also provides information about support officers and BPTs. Guidance and case studies are available on the Historic England website.

PLACES OF WORSHIP

Regular maintenance helps to keep all buildings in good condition but those suffering major problems need repairs to minimise the risks to both the structure and the contents. Keeping drains and gutters clear so that water is taken away from the building efficiently is the most important thing congregations can do as this stops small problems developing into unnecessary crises. The overflowing gutter soon soaks the wall beneath, rots the roof timbers behind it and makes the whole building vulnerable.

In some areas congregations group together to engage reputable contractors at competitive rates to clear gutters and rainwater goods. Such cooperation enables them to get good quality work carried out at reasonable prices by firms that understand historic
buildings. The Maintenance Cooperatives project run by the Society for the Protection of Ancient Buildings will further help to connect, inform and empower those people who look after places of worship.

The Heritage Lottery Fund runs the **Grants for Places of Worship** scheme. The main focus of the scheme is fabric repairs but it also provides funds for modest changes to enhance community use of the building. Historic England’s architects and surveyors, based in our regional Heritage at Risk teams, provide technical advice to the Heritage Lottery Fund on fabric repairs to ensure appropriate conservation standards are met.

The Government’s **Listed Places of Worship** scheme, enabling the reclaiming of VAT on eligible repairs, maintenance and authorised alterations, is available to all listed places of worship, whether they have obtained grants or are funding work themselves. Local and national charities also offer grants. The Government’s **Listed Places of Worship Roof Repair Fund** offers grants to help make listed places of worship weather-tight, safe and open for use.

Historic England supports congregations wanting to keep their places of worship in use and recognises the need for appropriate new facilities such as kitchens and toilets that are sensitive to the building’s special character. **New Work in Historic Places of Worship** helps congregations understand how changes can be achieved.

A network of support officers, employed locally but part funded by Historic England, offers direct advice and encouragement to congregations. Projects to effect repairs and develop necessary new facilities for both the community and visitors are breathing a new lease of life into these treasured parts of our heritage.

**ARCHAEOLOGY**

The excellent progress which is being made with reducing the number of scheduled monuments on the Register continues to demonstrate the value which owners and land managers are placing upon the positive management of archaeological sites.

The large majority of the 19,832 scheduled monuments in England are on land classified as agricultural. Effective information sharing with Natural England and Defra is therefore of great importance for prioritising management action and for targeting agricultural grant schemes to best effect. This is especially important under the New Environmental Land Management Scheme (NELMS) which commenced in 2015. Natural England shared our corporate target of removing 25% of the scheduled monuments on the 2010 Register by 2015, which was achieved with 35% being removed. We also continue to work closely with the Heritage Lottery Fund to identify the nationally important monuments deserving of grant-aid for enhanced conservation, presentation and access projects.

Loss and damage as a consequence of arable cultivation remains the greatest source of risk to scheduled monuments on the Register. The Conservation of Scheduled Monuments in Cultivation (COSMIC) project will provide updated risk assessments for all sites affected by arable cultivation on the Register. It provides bespoke prescriptions for reducing the risks from cultivation damage. In some cases, the COSMIC mitigation recommendations have already been acted upon by our local teams, resulting in over 130 entries being removed from the 2014 Register.

Analysis of entries on the Register shows that prehistoric barrows are one of the most ‘at risk’ types of archaeological site on the Register. Unmanaged woodland, tree, scrub and bracken growth remains one of the most widespread causes of long-term damage to both urban and rural archaeological sites - even if the effects are not as visible or as immediately destructive as other processes. In most cases simple, low cost but regular maintenance is the key. The delivery of this will always be reliant upon the help and goodwill of landowners.

**PARKS AND GARDENS**

Although a statutory list, the Register of Historic Parks and Gardens of Special Historic Interest in England in itself brings no additional statutory powers, instead it is used in the development control process to provide a valuable tool for the protection of the sites it includes. The Government’s National Planning Policy Framework (NPPF) stresses the desirability of sustaining and enhancing the significance of all heritage assets and finding viable uses consistent with their conservation.

The NPPF states that great weight must be given to the conservation of sites included on the Register of Historic Parks and Gardens of Special Historic Interest and that substantial harm or loss of such features can only be justified in exceptional cases.

A great many historic parks and gardens are either privately owned or held in trust. In addition, local authorities are responsible for nearly all the public parks and cemeteries in our towns and cities. Registered parks and gardens are typically large, complex heritage assets, many of them in multiple ownership. It can take years to identify and implement proposals to improve their condition and trajectory. To help reduce the risks, Historic England encourages and works with owners to develop conservation management strategies. Landscape architects working in our Heritage at Risk teams can help tailor conservation management plans and funding packages.
for individual landscape features or whole sites. We work with partners, such as Natural England and the Heritage Lottery Fund, to help source funding to secure sustainable futures for parks and gardens at risk.

**BATTLEFIELDS**

As with registered parks and gardens, the Register of Historic Battlefields brings no additional statutory controls to registered battlefields, but the National Planning Policy Framework makes it clear that registered battlefields are of equal significance to scheduled monuments, buildings listed grade I and II*, registered parks and gardens and protected wreck sites. Therefore, the positive conservation and management of registered battlefields is a core element of current heritage legislation.

Historic England continues to work with owners to develop management plans for registered battlefields and, in appropriate cases, contribute towards the cost of management plans. We work to develop positive landscape strategies with owners and partners such as Defra through Environmental Stewardship schemes. In some circumstances, we may encourage the conversion from arable to pasture of especially sensitive locations to protect battlefield archaeology from the effects of ploughing and as part of a wider drive to prevent unauthorised or damaging metal detecting.

Historic England also continues to encourage greater access to battlefields and the improvement of their amenity value and visitors’ understanding of the impact these dramatic historic events had on our development as a nation.

Local authorities can also invite comments from the Battlefields Trust on planning applications affecting the setting of registered battlefield sites.

**WRECK SITES**

At the strategic level, the major sources of risk to protected wreck sites have been identified. In terms of high priority sites, practical requirements have also been implemented through conservation management plans and appropriate intervention.

Risks to protected historic wreck sites can often be reduced through education, provision of marker buoys, or planning policies that take full account of their national importance. However, some sites require significant resources to stabilise their condition or to carry out detailed archaeological assessments of their conservation requirements. Although Historic England has statutory power to allocate funds to promote the preservation and maintenance of protected wreck sites, its financial resources can solve only a small proportion of the problems.

In spite of the inherent difficulties with caring for this type of site, careful management must be maintained if we are to avoid the loss of wreck sites. It is therefore close cooperation between the owners of protected wreck sites (where known), authorised divers and all organisations charged with care for the marine and coastal environment, that will make the real difference to their long term survival.

Practical advice on the management of historic wreck sites, whether at the coast edge or under water, is available from [Historic England](https://www.historicengland.org.uk).

**CONSERVATION AREAS**

The reasons conservation areas become at risk are difficult to address as they can cover large areas of land; they include streets, spaces, archaeology and trees as well as buildings and structures and therefore involve many different owners and approaches to management. Looking after conservation areas is a responsibility shared by those of us who live, work or do business in them as well as those of us whose job it is to manage them or make decisions about their future.

Local authorities complete the Conservation Areas Survey, providing us with an understanding of what is particularly affecting the character and appearance of conservation areas, what is working well or what is putting them at risk. Strong planning policies, guidance and a clear management strategy for individual conservation areas, backed up by effective enforcement, are all critical in managing change in these areas. Local authorities across the country continue to see their resources reduced, and this is making their task more difficult to deliver. Armed with the information provided by conservation area surveys, we, local authorities and other partners will have the evidence to direct resources much more accurately towards those conservation areas at greatest risk.

There are opportunities for members of the local community to get involved with protecting and enhancing their conservation area, either individually or through groups. Some local groups have helped to prepare character appraisals and management plans for conservation areas whilst others have carried out their own assessments to identify management issues.
Key statistics

BUILDINGS AND STRUCTURES
- Nationally, 3.9% of grade I and II* listed buildings (excluding places of worship) are on the Register. In the East Midlands the percentage is 6.9% (115 listed secular buildings).
- 6 building or structure entries have been removed from the 2014 East Midlands Register because their futures have been secured, and 5 have been added.
- 53.4% of buildings or structures (86) on the East Midlands baseline 1999 Register have been removed because their futures have been secured, compared with the national figure of 60.8%.

PLACES OF WORSHIP
- Nationally, 6.3% of listed places of worship are on the Register. In the East Midlands, 6.0% (109) are on the Register.
- 14 places of worship have been removed from the East Midlands Register following repair work, and 19 have been added.

ARCHAEOLOGY
- 2,701 (13.6%) of England's 19,850 scheduled monuments are on the Register. 120 (7.8%) of the 1,539 scheduled monuments in the East Midlands are on the Register.
- 10 archaeology entries have been removed from the 2014 East Midlands Register for positive reasons, and 2 have been added.
- 30.4% of archaeology entries (38) on the East Midlands baseline 2009 Register have been removed for positive reasons, compared with the national figure of 38.6%.
- Nationally, damage from arable cultivation is the greatest cause of risk affecting 39% of archaeological entries on the Register. In the East Midlands the proportion is 79%.

PARKS AND GARDENS
- 94 (5.8%) of England's 1,633 registered parks and gardens are on the Register. Of the 139 registered parks and gardens in the East Midlands, 6 (4.3%) are on the Register, the same as last year.

BATTLEFIELDS
- Of the 46 registered battlefields in England, 6 (13.0%) are on the Register. None of the 6 registered battlefields in the East Midlands are on the Register.

WRECK SITES
- Of the 49 protected wreck sites around England's coast, 4 (8.2%) are on the Register. There are no protected wreck sites off the coast of the East Midlands.

CONSERVATION AREAS
- 8,298 of England's 9,853 conservation areas have been surveyed by local authorities and 505 (6.1%) are on the Register. Of the 1,088 conservation areas in the East Midlands, 940 have been surveyed and 68 (7.2%) are on the Register.
- 8 conservation areas have been added to the 2015 East Midlands Register.

HISTORIC ENGLAND FUNDING
- £952,000 in grant was spent on 30 entries on the East Midlands Register during 2014/15.

Risk assessments of heritage assets are based on the nature of the site. Buildings and structures include listed buildings (excluding listed places of worship) and structural scheduled monuments; archaeology assessments cover earthworks and buried archaeology.
Publications and guidance

Historic England has produced the following publications relating to heritage at risk, including:

Assessment of Heritage at Risk from Environmental Threat: Key Message (2013)

Caring for Places of Worship 2010 (2010) – a report on the condition of England’s listed places of worship and the needs of the congregations

Counting our Heritage: a Heritage at Risk Survey for High Peak Staffordshire Moorlands by Community Volunteers (2013)

Heritage at Risk: Conservation Areas (2009)

The Monuments at Risk initiative 2003-08 (2010)

Saving London: 20 Years of Heritage at Risk in the Capital (2010)

HERITAGE AT RISK ON THE WEB

To find out more about the Heritage at Risk programme visit http://www.HistoricEngland.org.uk/risk where you will find an interactive database providing detailed information on all heritage sites at risk nationally. Details of all nationally designated historic places in England are available in one place on the National Heritage List for England online database: http://list.HistoricEngland.org.uk.

Further information about the different classes of designated heritage assets, including listed buildings, scheduled monuments, registered parks and gardens, registered battlefields and protected wreck sites can be viewed at the same address: http://list.HistoricEngland.org.uk.

CONSERVATION POLICIES AND GUIDANCE

The following publications are among the numerous guidance documents available on our website: http://www.historicengland.org.uk/publications

Caring for Historic Graveyard and Cemetery Monuments (2011)

Caring for Our Shipwreck Heritage: Guidelines on the First Aid Treatment and Conservation Management of Finds Recovered from Designated Wreck Sites Resulting from Licensed Investigations (2012)

Caring for Places of Worship (2010) – a practical booklet for everyone involved in caring for England’s listed places of worship

Constructive Conservation in Practice (2008)

The Conservation, Repair and Management of War Memorials (2014)

Creativity and Care: New Works in English Cathedrals (2009)
The Disposal of Historic Buildings: Guidance Note for Government Departments and Non Departmental Public Bodies (2010)

Farming the Historic Landscape: Caring for Archaeological Sites on Arable Land (2004)
Farming the Historic Landscape: Caring for Archaeological Sites in Grassland (2004)

Guidance notes and application forms for grants to local authorities:
• Grants to Local Authorities to Underwrite Urgent Works Notices (1998)
• Acquisition Grants to Local Authorities to Underwrite Repairs Notices (1998)
• Repair Grants for Heritage at Risk (2015)

Heritage Crime Risk: Quick Assessment Tool (2013)

New Uses for Former Places of Worship (2010)

New Work in Historic Places of Worship (2012)

Options for the Disposal of Redundant Churches and Other Places of Worship (2010)

Pillars of the Community: the transfer of local authority heritage assets (2014)

Practical Building Conservation – revised ten-part series: Glass & Glazing; Metals, Mortars, Renders & Plasters; Stone; Timber; Building Environment; Concrete; Conservation Basics; Earth, Brick & Terracotta; Roofing (2012–2014)

Shared Interest: Celebrating Investment in the Historic Environment (2006)

Theft of Metal from Church Buildings (2011)

Understanding Place: Conservation Area Designation, Appraisal and Management (2011)

Valuing Places: Good Practice in Conservation Areas (2011)
Key to the entries

This Register includes the following risk assessment types:
- Building or structure (grade I and II* listed buildings and structural scheduled monuments)
- Place of worship (grade I, II* and II listed buildings)
- Archaeology (scheduled monuments – earthworks and buried archaeology)
- Park and garden (Registered parks and gardens)
- Conservation area (Conservation areas)

ORDER

Entries are grouped and ordered alphabetically, first by County (dark grey bands) or Unitary Authority (light grey bands), and then by Local Planning Authority (National Park/Unitary Authority/District or Borough).

A blank band denotes the end of a county and the beginning of a unitary authority.

Sites that straddle more than one local planning authority are included under the lead authority.

Note: since January 2013 the East Midlands team has absorbed responsibility for heritage at risk in North Lincolnshire (UA) and North East Lincolnshire (UA) alongside other planning advisory work. Entries are included on the Yorkshire Register in order to maintain consistency of statistical trends.

Within each planning authority, entries are grouped by risk assessment type in the following order:
- Buildings or structures
- Places of worship
- Archaeology
- Parks and gardens
- Conservation areas

Within each risk assessment type, entries are ordered alphabetically by parish, locality and street/site name (except for conservation areas which are ordered by site name only).

DESIGNATION

The principal designation is noted for each entry and includes:
- Listed Building (LB) grade I or II*
- Listed Place of Worship grade I, II* or II
- Scheduled Monument (SM)
- Registered Park and Garden (RPG) grade I, II* or II
- Conservation Area (CA)

Other designations that apply to the designated site, including location within a World Heritage Site (WHS), are also noted.

If an entry is dual designated (both listed and scheduled), ‘and’ rather than a comma is used (eg ‘Scheduled Monument and Listed Building grade I’). If a scheduled monument entry is dual designated with a number of listed buildings, each is separated by a semicolon.

The National Heritage List Entry Number is included for all entries (except conservation areas). If a site is dual designated, all relevant List Entry Numbers are noted.

CONDITION

For buildings (including places of worship), condition is graded as: ‘very bad’, ‘poor’, ‘fair’ and ‘good’.

For sites that cover areas (scheduled monuments (archaeology assessments) and parks and gardens) one overall condition category is recorded. The category may relate only to the part of the site or monument that is at risk and not the whole site:
- extensive significant problems
- generally unsatisfactory with major localised problems
- generally satisfactory but with significant localised problems
- generally satisfactory but with minor localised problems
- optimal
- unknown (noted for a number of scheduled monuments that are below-ground and where their condition cannot be established).

For conservation areas, condition is categorised as: ‘very bad’, ‘poor’, ‘fair’ and ‘optimal’.

If a site has suffered from heritage crime it is noted in the summary. Heritage crime is defined as any offence which harms the heritage asset or its setting and includes arson, graffiti, lead theft and vandalism.

OCCUPANCY/USE

For buildings (excluding places of worship) that can be occupied or have a use, the main vulnerability is vacancy or under-use. Occupancy (or use) is noted as follows:
- vacant
- part occupied
- occupied
- unknown
- not applicable
**VULNERABILITY**
Principal vulnerability is noted for archaeology assessments and may relate only to the part of the site that is at risk, and include:

- animal burrowing
- arable ploughing
- coastal erosion
- collapse
- deterioration – in need of management
- scrub/tree growth
- visitor erosion

For parks and gardens and conservation areas, vulnerability is noted as high, medium or low.

**PRIORITY CATEGORY**
Priority for action is assessed on a scale of A to F, where 'A' is the highest priority for a site which is deteriorating rapidly with no solution to secure its future, and 'F' is the lowest priority.

For buildings and structures and places of worship the following priority categories are used as an indication of trend and as a means of prioritising action:

A Immediate risk of further rapid deterioration or loss of fabric; no solution agreed
B Immediate risk of further rapid deterioration or loss of fabric; solution agreed but not yet implemented
C Slow decay; no solution agreed
D Slow decay; solution agreed but not yet implemented
E Under repair or in fair to good repair, but no user identified; or under threat of vacancy with no obvious new user (applicable only to buildings capable of beneficial use)
F Repair scheme in progress and (where applicable) end use or user identified; or functionally redundant buildings with new use agreed but not yet implemented.

2014 priority categories are given in brackets, otherwise 'New entry' is noted.

‘New entry – re-assessed’ indicates an existing site on the Register that has been re-assessed using a different risk assessment methodology and is included on this year’s Register under the new assessment type.

**TREND**
Trend for archaeology entries and parks and gardens may relate only to the part of the site that is at risk and is categorised as:

- declining
- stable
- improving
- unknown

For conservation areas trend is categorised as:

- deteriorating
- deteriorating significantly
- no significant change
- improving
- improving significantly
- unknown

**OWNERSHIP**
A principal ownership category is given for each entry, and if sites are in divided ownership, a ‘multiple’ ownership category is noted.

**CONTACT**
This is the member of the Historic England local team who acts as a first point of contact for the case, and to whom enquiries should be addressed.

For conservation areas, the contact is the conservation/planning officer at the relevant local planning authority (indicated by ‘LPA’).

We are not in any sense agents for the owners of the sites included, but we will endeavour to put people in touch with them where appropriate.

**ABBREVIATIONS**
- CA Conservation Area
- HE Historic England
- HLF Heritage Lottery Fund

**Priority Categories**

A Immediate risk of further rapid deterioration or loss of fabric; no solution agreed.

B Immediate risk of further rapid deterioration or loss of fabric; solution agreed but not yet implemented.

C Slow decay; no solution agreed.

D Slow decay; solution agreed but not yet implemented.

E Under repair or in fair to good repair, but no user identified; or under threat of vacancy with no obvious new user (applicable only to buildings capable of beneficial use).

F Repair scheme in progress and (where applicable) end use or user identified; or functionally redundant buildings with new use agreed but not yet implemented.

**NOTE**

Last year’s priority category is shown in brackets (otherwise, New Entry is noted).

**Abbreviations**

- CA Conservation Area
- LB Listed Building
- LPA Local Planning Authority
- NP National Park
- RPG Registered Park and Garden

**SITE NAME:** South Wingfield Station Building, Holm Lane, South Wingfield  
**DESIGNATION:** Listed Building grade II*, CA, WHS  
**CONDITION:** Very bad  
**OCCUPANCY:** Part occupied/part in use  
**PRIORITY CATEGORY:** A (New entry)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1045917  

Built in 1839-40 to the designs of Francis Thompson, a pioneering engineer of the railway era, for the North Midland Railway. The line is considered to be one of the best preserved examples of the early phase of railway development in England. The station is one of the earliest railway stations in England, and therefore the world. It is the sole survivor of Thompson’s stations between Derby and Leeds. The building is in very poor condition generally. Historic England is supporting the Local Authority in seeking a positive solution.

---

**SITE NAME:** Remains of Horsley Castle, Horsley  
**DESIGNATION:** Scheduled Monument, CA  
**CONDITION:** Poor  
**OCCUPANCY:** N/A  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1009293  

A military royal castle from C12-C14, which overlooks the strategically important Derwent valley. The base of the small Norman keep partially survives. The area was quarried extensively in C19. Substantial masonry still remains, and walls are up to five metres high in places. The remains are in woodland under heavy scrub/ivy cover. There is some loss of stonework to base of keep and vegetation is extensive and intrusive.

**SITE NAME:** North Mill, Bridge Foot, Belper  
**DESIGNATION:** Listed Building grade I, CA, WHS  
**CONDITION:** Poor  
**OCCUPANCY:** Part occupied/part in use  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Commercial company  
**LIST ENTRY NUMBER:** 1186846  

Mill, 1803-4. Important example of early ‘fireproof’ construction. Used for offices and part leased for museum use. Amber Valley Borough Council and Historic England are deeply concerned about the condition of the roof. Discussions with the owner secured some temporary repairs and the introduction of mechanical ventilation. Temporary repairs are failing. Wholesale re-roofing is required. Regular monitoring by Amber Valley Borough Council and Historic England is ongoing.

---

**SITE NAME:** Road archway and footbridge (including offices), Bridge Foot, Belper  
**DESIGNATION:** Listed Building grade II*, CA, WHS  
**CONDITION:** Fair  
**OCCUPANCY:** N/A  
**PRIORITY CATEGORY:** E (E)  
**OWNER TYPE:** Commercial company  
**LIST ENTRY NUMBER:** 1087395  

Footbridge linking former mills. Late C18-early C19. The archway served a defensive role, with gun embrasures protecting the former Counting House in West Mill. There is some concern regarding the threat of damage by traffic, however there has been no damage for some years, suggesting signage installed by Derbyshire County Council has been successful. The roof has been turnerised and patched and requires complete renewal in the medium term.

Contact: Amanda White 01572 737021

**SITE NAME:** Horseshoe Weir, Bridge Foot, Belper  
**DESIGNATION:** Listed Building grade II*, CA, WHS  
**CONDITION:** Fair  
**OCCUPANCY:** N/A  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Commercial company  
**LIST ENTRY NUMBER:** 1335702  

Massive gritstone weir and sluices, associated with adjacent Mill complex (North Mill listed grade I) 1796-7. Weir to west side of bridge has suffered partial collapse. There is some self-seeded woody growth within the bank walls to the north and also to south banks to the section of the river to the east of the road bridge. Growth to the north is displacing masonry.

Contact: Amanda White 01572 737021
South Wingfield Manor Farmhouse, South Wingfield

- **SITE NAME:** South Wingfield Manor Farmhouse, South Wingfield
- **DESIGNATION:** Listed Building grade I and Scheduled Monument, CA
- **CONDITION:** Poor
- **OCCUPANCY:** Unknown
- **PRIORITY CATEGORY:** C (C)
- **OWNER TYPE:** Private
- **LIST ENTRY NUMBER:** 1109156 and 1014829

Farmhouse east of the inner gateway of South Wingfield Manor, mid-C18, with stone slate and pantile roofs. Some slipped stone slates leaving holes in the roof and the possibility of water ingress. There is also vegetation growth on parts of the property.

Contact: Ben Robinson 01604 735460

Church of the Holy Trinity, Derby Road, Belper

- **SITE NAME:** Church of the Holy Trinity, Derby Road, Belper
- **DESIGNATION:** Listed Place of Worship grade II, CA, WHS
- **CONDITION:** Poor
- **PRIORITY CATEGORY:** C (C)
- **OWNER TYPE:** Religious organisation
- **LIST ENTRY NUMBER:** 1087346

Church, dating from 1848 by architect H Moffatt. Church room and vestry added in 1910. Rainwater goods have localised defects and require repair. There are a number of isolated defects at joints of downpipes. The disposal of water at ground level is currently inadequate. Water discharge via a downpipe to a drain on the later extension is ineffective. The church has also been the subject of heritage crime.

Contact: Jon Breckon 01604 735449

BOLSOVER

Four watch houses (conduit houses), Old Bolsover

- **SITE NAME:** Four watch houses (conduit houses), Old Bolsover
- **DESIGNATION:** Scheduled Monument and Listed Buildings - 4 grade III*, CA
- **CONDITION:** Poor
- **OCCUPANCY:** N/A
- **PRIORITY CATEGORY:** A (A)
- **OWNER TYPE:** Local authority
- **LIST ENTRY NUMBER:** 1007045 and 1054750; 1108981; 1108954; 1372046

Four C17 conduit houses in four separate ownerships and consolidated as roofless ruins. Located on Castle Lane, High Street and (two) New Station Road. Repairs have been carried out in the past on two houses, but there are on-going problems with antisocial behaviour and vegetation growth (including Japanese Knotweed). Historic England has awarded a grant for the repair of two houses and a second grant is to be offered for the others once ownership matters have been resolved. Work should commence in late summer 2015.

Engine house, chimney and headstocks to the former Pleasley Colliery, Chesterfield Road, Pleasley

- **SITE NAME:** Engine house, chimney and headstocks to the former Pleasley Colliery, Chesterfield Road, Pleasley
- **DESIGNATION:** Scheduled Monument and Listed Building grade II
- **CONDITION:** Fair
- **OCCUPANCY:** N/A
- **PRIORITY CATEGORY:** C (F)
- **OWNER TYPE:** Government or agency
- **LIST ENTRY NUMBER:** 1015641 and 1045855

Disused colliery buildings, late C19 with headstocks and winding engines. Major programme of repairs funded by East Midlands Development Agency commenced in November 2009 and were completed in 2011, although further substantial works are required. Winner of an Historic England Heritage Angels Award in 2011.

Contact: Ben Robinson 01604 735460

**PRIORITY CATEGORIES**

A Immediate risk of further rapid deterioration or loss of fabric; no solution agreed.
B Immediate risk of further rapid deterioration or loss of fabric; solution agreed but not yet implemented.
C Slow decay; no solution agreed.
D Slow decay; solution agreed but not yet implemented.
E Under repair or in fair to good repair, but no user identified; or under threat of vacancy with no obvious new user (applicable only to buildings capable of beneficial use).
F Repair scheme in progress and (where applicable) end use or user identified; or functionally redundant buildings with new use agreed but not yet implemented.

**NOTE**

Last year’s priority category is shown in brackets (otherwise, New Entry is noted).

**Church of St Mary, High Street, Old Bolsover**

**SITE NAME:** Church of St Mary, High Street, Old Bolsover  
**LIST ENTRY NUMBER:** 1054045  
**OWNER TYPE:** Religious organisation  
**PRIORITY CATEGORY:** D (C)  
**CONDITION:** Very bad  
**DESIGNATION:** Listed Place of Worship grade II*, CA  
**NOTE:** A large parish church of late C13 with C14, C17 and C20 contributions. St Mary’s was devastated by fires in the 1890s and the 1960s and has more recently suffered significant subsidence as a result of past mining activities. Tower underpinning of c1990 has deteriorated, the chamber is damp and tower and spire masonry requires significant re-pointing and localised repair. A repair project has been developed with a Heritage Lottery Fund grant. It is hoped, funding permitting, that repairs - to include concrete treatment and localised masonry stitching - should start by late summer 2015.  
**CONTACT:** Kim Wyatt (LPA) 01246 242288

**ChesTeffeRld**

**Brampton Manor Barn, Old Hall Road**

**SITE NAME:** Brampton Manor Barn, Old Hall Road  
**LIST ENTRY NUMBER:** 1004600 and 1031926  
**OWNER TYPE:** Private  
**PRIORITY CATEGORY:** C (C)  
**CONDITION:** Poor  
**OCCUPANCY:** Part occupied/part in use  
**DESIGNATION:** Scheduled Monument and Listed Building grade II  
**NOTE:** Medieval barn. Massive cruck trusses under stone / slate roof. Multiple slate failures allowing water to penetrate and significant cracking (historic) to gable elevation. Lower section of rear wall damp no doubt due to adjacent land at a higher level and C20 render / pebbledash application. Historic England is discussing the condition and use of the building with the tenant and owner.  
**CONTACT:** Amanda White 01572 737021

**Gazebo at Brampton Manor, Old Hall Road, Brampton**

**SITE NAME:** Gazebo at Brampton Manor, Old Hall Road, Brampton  
**LIST ENTRY NUMBER:** 1088267  
**OWNER TYPE:** Commercial company  
**PRIORITY CATEGORY:** C (New entry)  
**CONDITION:** Poor  
**OCCUPANCY:** Part occupied/part in use  
**DESIGNATION:** Listed Building grade II*  
**NOTE:** Gazebo. Early C18 with stone slated ‘fish scale’ roof. The ground floor is used for storage. The upper floor has suffered significant graffiti and some of the ceiling boarding is missing or otherwise defective. Slatting appears to be in fair order but the building is infested with ivy. There appears to be no rainwater goods (by design). The roof is at risk of mechanical damage by adjacent tree growth and the building is at risk of being totally shrouded in ivy if not managed or removed.  
**CONTACT:** Amanda White 01572 737021

**Walton Works, Walton Fields Road, Brampton**

**SITE NAME:** Walton Works, Walton Fields Road, Brampton  
**LIST ENTRY NUMBER:** 1391084  
**OWNER TYPE:** Private  
**PRIORITY CATEGORY:** C (C)  
**CONDITION:** Fair  
**OCCUPANCY:** Vacant/not in use  
**DESIGNATION:** Listed Building grade II*  
**NOTE:** Former cotton wick mill, late C18 and later; significant for its early and novel fireproof construction. Mainly three storeys with two and four storey elements. The building is vacant and for sale following closure of the manufacturing business and clearance of the modern buildings from the site. Proposals for conversion of the mill within a mixed use scheme have been submitted to Chesterfield Borough Council.

Church of St Peter, The Green, Edensor

Site Name: Church of St Peter, The Green, Edensor
Designation: Listed Place of Worship grade I, RPG grade I, CA
Condition: Poor
Priority Category: C (C)
Owner Type: Religious organisation
List Entry Number: 1088158

Church, with fabric from C12 and C15. Rebuilt in 1867 by GG Scott. The condition of the church is generally good with the exception of the north nave wall. This is showing significant efflorescence, probably due to water ingress over a sustained period of time. Defective rainwater goods are thought to be the cause. Guttering to the north aisle has recently been renewed and the stonework is beginning to dry out.

Contact: Jon Breckon 01604 735449

Church of St Mary, Rakes Lane, Tissington and Lea Hall

Site Name: Church of St Mary, Rakes Lane, Tissington and Lea Hall
Designation: Listed Place of Worship grade II*, CA
Condition: Poor
Priority Category: C (C)
Owner Type: Religious organisation
List Entry Number: 1109271

Medieval C12 church with rebuilding in 1854, constructed of coursed limestone with gritstone dressings and slate roofs. Fabric appears to be in good condition generally and the church is well maintained. However, there is localised damp staining including to the tympanum over the south door and the nave roof requires re-slabing in the near future.

**DESIGNATION:** Listed Place of Worship grade II  
**CONDITION:** Poor  
**PRIORITY CATEGORY:** B (A)  
**OWNER TYPE:** Religious organisation  
**LIST ENTRY NUMBER:** 1259182

A large church of Romanesque Revival style dating from 1860. The building, by Henry Currey, was funded by the seventh Duke of Devonshire. Repairs to the south aisle and north slope of the nave have recently been completed following a fundraising campaign. The church was awarded a grant from the Listed Places of Worship Roof Fund in March, and re-roofing of the chancel, organ chamber and north east vestry roof is planned this year. The interior suffers from significant condensation.

### Church of St Edmund, Back Street, Castleton

**SITE NAME:** Church of St Edmund, Back Street, Castleton  
**DESIGNATION:** Listed Place of Worship grade II*, CA  
**CONDITION:** Poor  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Religious organisation  
**LIST ENTRY NUMBER:** 1087866

Parish church of C12 origin with later fabric. The nave roof structure is exposed and has modern infill panels. Rainwater disposal is problematic; there are large damp patches internally and significant condensation sometimes occurs. The nave roof was re-covered with Historic England and Heritage Lottery Fund Repair Grant funding in c1996. Remedial work was also funded in 2010. A Heritage Lottery Fund grant for further investigative work was declined in 2013. Historic England continues to liaise with the Parochial Church Council to find a positive solution.

Contact: Jon Breckon 01604 735449

### Church of the Holy Trinity, Grindsbrook Main Street, Edale

**SITE NAME:** Church of the Holy Trinity, Grindsbrook Main Street, Edale  
**DESIGNATION:** Listed Place of Worship grade II, CA  
**CONDITION:** Poor  
**PRIORITY CATEGORY:** C (New entry)  
**OWNER TYPE:** Religious organisation  
**LIST ENTRY NUMBER:** 1334535

Parish church built in 1885-6 by W Dawes, with the tower completed in 1890. It is constructed of coursed squared and rock-faced gritstone with gritstone dressings and tiled roofs. Generally well maintained church and grounds but there are clear failures in the south nave roof coverings and rainwater disposal goods. A repair project is being developed with a Heritage Lottery Fund grant (awarded 2014).

### Church of St John the Evangelist, Eckington

- **Site Name:** Church of St John the Evangelist, Eckington
- **Designation:** Listed Place of Worship grade II, CA
- **Condition:** Poor
- **Priority Category:** C (C)
- **Owner Type:** Religious organisation
- **List Entry Number:** 1054778

Church dating from 1838-40. The chancel is used for worship and the remainder of the building for community uses. There are slipped slates, blocked gutters and gulleys, grass and moss to north roofs, woody growths in tower masonry, self-seeded saplings and some ivy growth at wall bases and significant ivy growth up the east face of the tower. There are many significant open joints in masonry, particularly to the tower, tower parapets and aisle eaves masonry. The west wall of the north aisle has suffered movement. A grant from the Listed Places of Worship Roof Fund was awarded in March 2015.

## SOUTH DERBYSHIRE

### Coalbrookdale footbridge, (on former Egginton Estate), Egginton

- **SITE NAME:** Coalbrookdale footbridge, (on former Egginton Estate), Egginton
- **DESIGNATION:** Listed Building grade II*
- **CONDITION:** Very bad
- **OCCUPANCY:** N/A
- **PRIORITY CATEGORY:** A (A)
- **OWNER TYPE:** Private
- **LIST ENTRY NUMBER:** 1140125

Contact: Jon Breckon 01604 735449

Footbridge, 1812. Cast-iron curved bridge. Bears the inscription ‘Coalbrookdale 1812’. Structurally unsound. Sections of the ironwork are missing or corroded. The upstream flood arches have partially collapsed. The brick abutment walls are in need of consolidation and repair and the sluice gate appears to be non-functional. Initial discussions held with the landowner about options and funding.

### Elvaston Castle, Borrowash Road, Elvaston

- **SITE NAME:** Elvaston Castle, Borrowash Road, Elvaston
- **DESIGNATION:** Listed Building grade II*, RPG grade II*
- **CONDITION:** Fair
- **OCCUPANCY:** Part occupied/part in use
- **PRIORITY CATEGORY:** C (C)
- **OWNER TYPE:** Local authority
- **LIST ENTRY NUMBER:** 1334604

Contact: Jon Breckon 01604 735449

Country house, 1633, altered C18 and early C19, has formal gardens to the south, south east, pleasure grounds to the north and north east, and a range of courtyards and outbuildings to the west. Gardens were laid out 1830-1851 by William Barron. Permanent repairs to garden structures, survey report and strategic options report all complete with grant from Historic England. A 10 year vision and Plan for Elvaston has been produced. Roof repairs have been carried out and funding is being sought for a major repair and refurbishment project.

### Shardlow Hall, London Road, Shardlow and Great Wilne

- **SITE NAME:** Shardlow Hall, London Road, Shardlow and Great Wilne
- **DESIGNATION:** Listed Building grade II*, CA
- **CONDITION:** Fair
- **OCCUPANCY:** Part occupied/part in use
- **PRIORITY CATEGORY:** C (C)
- **OWNER TYPE:** Private
- **LIST ENTRY NUMBER:** 1088368

Contact: Jon Breckon 01604 735449

Small country house built in 1684. Some remodelling was undertaken in 1726 by Francis Smith of Warwick, and again in 1768 by Joseph Pickford when Palladian flanking wings were added. Was in use as a Preparatory school in the early C20 and used as offices of the Ministry of Agriculture, Fisheries and Food from 1946 to 1986. The hall is now surrounded by poor quality C20 buildings. Roofs are in need of repair.

### Four bottle kilns at TG Greens Pottery, John Street, Church Gresley, Swadlincote

- **SITE NAME:** Four bottle kilns at TG Greens Pottery, John Street, Church Gresley, Swadlincote
- **DESIGNATION:** Listed Building grade II*
- **CONDITION:** Very bad
- **OCCUPANCY:** Vacant/not in use
- **PRIORITY CATEGORY:** A (A)
- **OWNER TYPE:** Private
- **LIST ENTRY NUMBER:** 1280950

Contact: Ben Robinson 01604 735460

Four C19 pottery kilns and surrounding building complex. Buildings are vacant and have suffered from theft and damage to roof resulting in severe water ingress. Roof trusses are suffering from decay due to wetness and the truss ends are particularly at risk. If decay is allowed to continue there is a risk of collapse. Historic England has discussed proposals for consolidation and urgent repair with the owner and Local Planning Authority.

### Swarkestone Bridge, Stanton by Bridge / Swarkestone

- **SITE NAME:** Swarkestone Bridge, Stanton by Bridge / Swarkestone
- **DESIGNATION:** Scheduled Monument and Listed Building grade I, part in CA
- **CONDITION:** Fair
- **OCCUPANCY:** N/A
- **PRIORITY CATEGORY:** F (F)

## Remains of Swarkestone Old Hall, Derby Road, Swarkestone

- **Designation:** Listed Building grade II*, RPG
- **Condition:** Poor
- **Occupancy:** N/A
- **Priority Category:** D (D)
- **Owner Type:** Private
- **List Entry Number:** 1280604

Remains of Swarkestone Old Hall and complex of walls relating to the gardens of the Old Hall, C16. All buildings are in a state of decay with dislodged bricks and stone work particularly prevalent to the tops of walls and in openings. Owner working with Natural England through Environmental Stewardship Scheme to address these issues. Cows now replaced by sheep thereby reducing attrition to walls.

**Contact:** Ben Robinson 01604 735460

## Walton Hall, attached stables and garden wall, Main Street, Weston upon Trent

- **Designation:** Listed Building grade II*, CA
- **Condition:** Fair
- **Occupancy:** Part occupied/part in use
- **Priority Category:** C (C)
- **Owner Type:** Private
- **List Entry Number:** 1159300

Small early C18 country house in red brick with stone detailing, a delightful symmetrical box. The house is generally in good condition, some repairs needed to window joinery. The stables have structural cracks to brickwork, are generally in a poor state of repair and have no use. Grade II outbuildings are in a poor condition.

**Contact:** Rosemary Thompson 01604 735460

## Weston Hall, Main Street, Weston upon Trent

- **Designation:** Listed Building grade II
- **Condition:** Fair
- **Occupancy:** Part occupied/part in use
- **Priority Category:** C (C)
- **Owner Type:** Commercial company
- **List Entry Number:** 1088352

A large and ambitious country house c1625-30, which was only partly built. Reputedly used as a barracks for soldiers when Civil War fighting broke out in Weston in 1644. The upper floors are vacant, and in need of repair, with decay in floor structures. Permission for various works to upgrade the kitchen and bar facilities was granted in 2011. Whilst the business on the lower floors is doing well the upper floors remain unused.

**Contact:** Jon Breckon 01604 735449

## Church of St George and St Mary, Church Street, Church Gresley

- **Designation:** Listed Place of Worship grade II*
- **Condition:** Poor
- **Priority Category:** C (D)
- **Owner Type:** Religious organisation
- **List Entry Number:** 1204963

Largely C14 church, incorporating part of a C12 monastic church. The tower is C15 and the rest is C18 and C19. The church lies to the north of a former colliery site and there is a history of structural movement, including to the stair turret. A Heritage Lottery Fund grant was awarded in March 2013 to develop a repair project. Grant aided work included tree management, localised drainage and turret repairs completed in 2015. The condition of the nave/chancel slate roof appears to be in poor condition and it is for this reason that St George’s remains on the Register.

**Contact:** Amanda White 01572 737021

## All Saints Church, Dalbury, Dalbury Lees

- **Designation:** Listed Place of Worship grade II*
- **Condition:** Poor
- **Priority Category:** D (C)
- **Owner Type:** Religious organisation
- **List Entry Number:** 1334550

Parish church dating from C13 with minor C18 alterations. Restored in 1844 and north aisle added. The stonework and a history of structural movement, including to the top of walls and in openings. Owner working with Natural England through Environmental Stewardship Scheme to address these issues. Cows now replaced by sheep thereby reducing attrition to walls.

Building on the site of Leicester Castle built by Robert Le Bossu c1168. The present brick facade dates to c1695. Converted to courts in 1856, now redundant. Slighted in the Civil War. The John O’Gaunt cellar is in urgent need of repair. Ingress of water placing the fabric at risk. A conservation plan for the whole Court has been prepared, and the City Council is looking at options to bring about the repair and re-use of the buildings.

Former HSBC bank, 1872-74 by Joseph Goddard in the French Gothic Revival style. Large banking hall with elaborate timber roof and fine stained glass. Consents are in place for internal and external alterations, including a new two storey extension. The main banking hall has yet to be refurbished but is used as a temple. The upper floors remain vacant and the basement is in the process of being converted. The roofs have been repaired and the building is now wind and water tight.

Former bank 1900-1902, by the Leicester architect S Perkin Pick, in the Baroque Revival style. Later additions in monumental ashlars stone and fine internal fittings to commercial banking hall design. The upper floors are in residential use, but the main banking hall is empty. New uses agreed, consents in place and repair works have been completed, though alterations to facilitate the new uses is still needed.

Founded c1107 as a collegiate chapel attached to Leicester Castle. Fabric dates from early C13 and C14, with later C15 and C18 alterations, and 1853-4 restoration by Sir George Gilbert Scott. A Heritage Lottery Fund grant was awarded in 2011 for a detailed assessment of the spire which was known to be in poor condition. The condition of masonry was such that urgent dismantling was necessary. This commenced in late 2013 and was completed in summer 2014. Discussions have commenced regarding proposals for a new spire and improved facilities.

Synagogue and schoolrooms by A Wakerley, 1897-8 and 1901 with C20 fire escape. Tower dome roof coverings were defective and the fire escape has suffered considerable movement. Subsoil is clay and there is a large tree close by. A Heritage Lottery Repair grant was awarded in March 2012 for investigations and urgent repairs to the fire escape, tower and domed roof. Tower and roof repairs were completed in summer 2014. The structural repair of the fire escape has been postponed in anticipation of a larger scheme to improve access to the synagogue generally.

Built in 1823-7 by William Parsons; the chancel was added by Sir Arthur Blomfield in 1879. Now in use as a Serbian Orthodox place of worship in the centre of Leicester. Work to roof coverings and timber repairs, rainwater goods and drainage was funded in two phases via Heritage Lottery Fund Repair Grants, completed in 2014. Some work to stonework and gutters to the chancel is still needed. The church fabric remains at risk from water penetration caused by the blockages of the high level rainwater disposal system, due to the proximity of churchyard trees which are not being adequately managed.

Church, 1872-79 by GE Street in a Gothic style. A fan scaffold has been erected over the west (main) door to protect occupants from falling fragments. The tower stair appears to have moved and its roof covering is in poor condition. Slated roofs appear to be in poor condition generally; there is some slate slippage and water ingress at abutments. Roof coverings are at an age whereby re-covering is thought likely. Drains are thought to be defective. An application has been made to the Heritage Lottery Fund for a repair grant.

The Priory of St Mary was founded in 1134 by Robert, Earl of Leicester, and was later taken over by the Augustinian order in 1174. Visible remains date to C13, C14 and C15. Parts of the outbuildings have been restored as two cottages. The Parlour/Prior’s lodgings are propped and has a temporary roof. A schedule of repairs has been prepared. Discussions are in progress concerning a long term sustainable use.

The Church of St Mary and St John is believed to be of Norman foundation and has contributions from C12, 13 and 15. The chancel was rebuilt and the church comprehensively restored in 1877/8. The building is generally in good / fair order and is clearly well maintained. Heritage Lottery Funded tower masonry repairs will complete during summer 2015. High level access provided an opportunity to view the tower roof more closely; it is in poor condition and in need of replacement.

Victorian parish church. The chancel has an historic crack through the north wall and stained glass has been removed from the westernmost window as a precautionary measure. The crack has been monitored for a number of years and movement observed during this time has been limited. Further investigation is required. Crack stitching and localised repair is certainly necessary. Historic England has encouraged an application to the Heritage Lottery Fund for development work and repair.

A remnant Arcadian landscape c1730, complete with triumphal arch and temple (both buildings at risk), designed by Ambrose Phillips, a member of the Society of Dilettanti. Now seriously degraded and setting under threat from major local planning proposal, urban expansion and associated infrastructure. Historic England engaged in ongoing discussion to find a sustainable future for site.

**Owner Type:** Commercial company  
**List Entry Number:** 1361383

Complex of brick stables and kennels built 1856 to accommodate the 7th Earl of Stamford's 47 horses. Vaguely Jacobean style. Largely ruined before 1988. Now derelict and in very bad condition. Future uses constrained by location near to mineral workings. Consolidation works completed but some areas have deteriorated further. Structural failure is visible at the junction of main tower and courtyard ranges.

### Church of St John the Evangelist, Church Lane, Sutton Cheney

**Designation:** Listed Place of Worship grade II*, CA  
**Condition:** Poor  
**Priority Category:** A (A)  
**Owner Type:** Religious organisation  
**List Entry Number:** 1074247

St John's is a large church mostly dating to 1860, replacing an earlier building. The church comprises a three-stage embattled west tower with short stair turret to the south and small extension to the north; nave with heavy buttressed and coped gabled south porch; east and west transepts and relatively narrow but tall chancel. There are some significant masonry defects including failed copings and open joints and the rainwater goods are in a very poor condition.

**North West Leicestershire**

Buildings, structures, machinery and buried remains of former Snibston Colliery, now part of the Snibston Discovery Museum. Colliery and adjoining railway built 1832-4 by the engineers George and Robert Stephenson. Leicestershire County Council has completed a major scheme of repairs under Scheduled Monument Consent. Further repairs are necessary and the future of the colliery is under consideration as part of Leicestershire County Council's review of the entire Snibston Museum site.

Contact: Ben Robinson 01604 735460

Former railway station, opened in 1849 and closed in 1964, it was subsequently converted to offices. Tracks ran both sides of the building. The building is in a Greek Classical style and may be by the little known architect Robert Chaplin who designed the nearby hotel and the now demolished spa baths in the same style. It has suffered from heritage crime and is vacant. The scheme for conversion, approved in 2012, has yet to be implemented.

Contact: Ben Robinson 01604 735460

A church of possibly C14 origin, occupying elevated position west of a former moated manor house. A Heritage Lottery Fund grant was awarded in December 2010. Grant-aided work included rebuilding the spire top, tower masonry repairs and rainwater disposal improvements and local repairs to south aisle roof coverings. Work was completed in early 2013 however below-ground drainage is defective and this requires investigation and attention. A Listed Places of Worship grant was awarded early in 2015 for drainage improvements and associated repairs.

Contact: Amanda White 01572 737021

Parish church, late C13, with nave, aisles, chancel, south porch and tower. In 2008 the nave, north and south aisle roofs were repaired and associated rainwater goods were renewed with historic fabric and Heritage Lottery Fund grant aid. High level tower masonry repairs were also completed. Fabric is generally in good order. However, there is vegetation in some gutters and the north-east buttress to the north aisle and adjacent masonry is saturated. There is considerable algae and moss growth. The church was awarded a grant from the Listed Places of Worship Roof Fund in March 2015.

**VULNERABILITY:** High  
**CONTACT:** Chris Holliday (LPA) 01205 314337

### EAST LINDSEY

**SITE NAME:** Church Close (The Old Parsonage), High Street, Coningsby  
**DESIGNATION:** Listed Building grade I  
**CONDITION:** Poor  
**OCCUPANCY:** Part occupied/part in use  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1215282  

Former rectory, now house, C14 and C15 with later additions and alterations. Rare domestic example of a C14 cruck framed hall, with high status carvings. Only the C19 wing is occupied. Water ingress from roof, decaying timberwork, and cracks in brickwork. A condition survey and development appraisal was carried out in 2014, funded by Historic England.

**SITE NAME:** Friskney Methodist Chapel, Chapel Lane, Friskney  
**DESIGNATION:** Listed Building grade II*  
**CONDITION:** Fair  
**OCCUPANCY:** Part occupied/part in use  
**PRIORITY CATEGORY:** E (E)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1267369  

Typical Fenland chapel of 1839, with later alterations. No longer used for worship. A feasibility study has been carried out, and it is in new ownership. However, the building has deteriorated significantly since 2014.

**SITE NAME:** Remains of Roman wall, Horncastle  
**DESIGNATION:** Scheduled Monument and Listed Buildings - 5 grade I, 2 LBs, CA  
**CONDITION:** Poor  
**OCCUPANCY:** N/A  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Other not for profit group  
**LIST ENTRY NUMBER:** 1005034 and 1063769; 1251668; 1262504; 1262720; 1262704  

Roman curtain wall, late C3 to mid C4, which survives as both standing masonry and as buried remains in various ownerships. One visible section has been incorporated into Horncastle Library. The condition of each section of the monument varies, but uncontrolled vegetation growth and weathering threatens the exposed sections. The ownership and management responsibilities of certain sections are not yet fully resolved.

**SITE NAME:** St Margaret’s Church, Church Lane, Keddington  
**DESIGNATION:** Listed Building grade II*  
**CONDITION:** Fair  
**OCCUPANCY:** Vacant/not in use  
**PRIORITY CATEGORY:** F (F)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1359987  

Former church, early C12 to C14. Restored 1862. External repairs required, fair condition overall. Local Planning Authority has granted consent for conversion to residential use. Re-roofed and some repairs undertaken. Still vacant.
**SITE NAME:** The Sycamores, Westgate, Louth  
**DESIGNATION:** Listed Building grade II*, CA  
**CONDITION:** Poor  
**OCCUPANCY:** Part occupied/part in use  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1063180  
**Contact:** Ben Robinson 01604 735460

House, early C19, in Elizabethan style. Some repairs recently carried out, further repairs still necessary and overall condition is deteriorating. Temporary roof coverings have been replaced.

**SITE NAME:** Church of All Saints, Church Lane, Maltby Le Marsh  
**DESIGNATION:** Listed Building grade II*  
**CONDITION:** Fair  
**OCCUPANCY:** Vacant/not in use  
**PRIORITY CATEGORY:** D (D)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1146990  
**Contact:** Jon Breckon 01604 735449

Former parish church, late C13 to early C14, tower rebuilt in 1700, chancel altered 1788. The building has been sold and Planning Permission has been granted for change of use to an artist's studio. Some repairs have been carried out.

**SITE NAME:** Revesby Abbey and stable yard, Main Road, Revesby  
**DESIGNATION:** Listed Building grade I, RPG grade II, CA  
**CONDITION:** Very bad  
**OCCUPANCY:** Vacant/not in use  
**PRIORITY CATEGORY:** A (F)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1288157  
**Contact:** Ben Robinson 01604 735460

Country house and stable block, 1845. Approached from the south by a 1 km drive, set in a medieval deer park, landscaped in late C18. House, gardens and stable privately owned. Current owner has made progress with repairs to the stable block, but the main house is still at serious risk.

**SITE NAME:** Wall to the South of Holy Trinity Church, Tattershall  
**DESIGNATION:** Scheduled Monument, 6 LBs, CA  
**CONDITION:** Poor  
**OCCUPANCY:** N/A  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Religious organisation  
**LIST ENTRY NUMBER:** 1018394  
**Contact:** Penny Evans 01604 735415

The upstanding remains of the wall to the south of the Church of the Holy Trinity are believed to be part of the former Tattershall College. Of C15 or C16 origin, and brick built. Previous extensive Ivy growth has been checked and controlled, but vegetative growth remains intrusive. Large sections of the wall are open-jointed, and wall heads are exposed in areas. There has been historic settlement. Burrowing animals are disturbing the ground close to footings. A Historic England grant has been offered for a condition assessment and related investigations.

**SITE NAME:** The Tower on the Moor, Horncastle Road, Woodhall Spa  
**DESIGNATION:** Scheduled Monument and Listed Building grade II*  
**CONDITION:** Poor  
**OCCUPANCY:** N/A  
**PRIORITY CATEGORY:** D (C)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1017216 and 1359921  
**Contact:** Penny Evans 01604 735415

Brick tower, C15. Former hunting lodge. An octagonal stair tower and buried remains survive. Structurally stable, but brickwork requires consolidation. The new owner has removed high level vegetation and cleared scrub from the ground level remains. A condition survey has been undertaken. An application for a Historic England repair grant has been received.

A large parish church. The nave rises with high clerestory windows above north and south aisles. Early work dates from C14 with an early C15 west tower. Fine internal ceiling to chancel and angels affixed to corbel brackets in nave. The tower has had recent repairs; the roofs to the main church are leaking and require renewal. With funding from the Heritage Lottery Fund Repair Grant for Places of Worship scheme and WREN, work on the nave roof is on site in 2015. Further phases are needed to repair the aisle and porch roofs. Stonework is also in bad condition.

Contact: Penny Evans 01604 735415

A parish church extensively rebuilt in the C19 by WA Nicholson, re-using some late C13 fragments. Built in a Gothic style with ornate pierced parapets and pinnacles, the church consists of a west tower, nave, short chancel, north aisle and south porch. Much of the chancel is contemporary with the 1839 reconstruction. The underlying timber structure of the nave roof is in poor condition with evidence of decay due to condensation in the internal void. A Heritage Lottery Fund Repair Grant for Places of Worship was offered in March 2013 for roof repairs and work is nearing completion in 2015.

Contact: Penny Evans 01604 735415

This parish church dates from the C14; C15 tower constructed of squared green sandstone with limestone bands, chancel and aisles were rebuilt by SS Teulon in 1866 using mixed stone rubble. Clerestory stonework is eroding and render lumps are falling onto south aisle roof. East nave wall is holed; stone fall has damaged the chancel roof slating. Gutters and downpipes are in very bad condition and are not discharging water away from the building. South nave rainwater is eroding south aisle buttress stonework.

Contact: Penny Evans 01604 735415

The present church is a rebuilding by James Fowler of 1879, of Spilsby sandstone with Ancaster Limestone dressings. The spire and belfry turret stonework has been seriously eroded by migrating magnesian sulphate salts; apparently the result of a chemical reaction between the magnesian limestone content in the bedding mortar of the turret interior brickwork and the brickwork under damp conditions. The spire was considered unsafe and dismantled in 2014. The turret stonework is in very poor condition. Ground drainage is not functioning and the rainwater disposal system is inadequate.

Contact: Penny Evans 01604 735415

A church has stood on this site since 1562; the present church was rebuilt in 1787 and measures 26ft by 17ft, comprising chancel and nave. This church is suffering from dampness due to problems with roofing, walling render, underground drainage, and condensation. A grant from the Heritage Lottery Fund has been offered and repair work will be carried out in 2015.

| CONTACT:                | Penny Evans 01604 735460                 | Ben Robinson 01604 735460                      | Ben Robinson 01604 735460                     |

The church is Lincoln's oldest, with a C11 tower, C13 nave, chancel, north aisle and C18 south aisle. The church is situated in the centre of Lincoln and its site is bounded by the railway line to the south, a major road to the north and road junction to the west. In the restoration of 1975 the churchyard was closed and landscaped into part of the paved public realm. The building is suffering from water ingress, poor rainwater disposal and difficult access for high level maintenance. A repair grant was offered by the Heritage Lottery Fund and work is on site in 2015.

Contact: Penny Evans 01604 735415

One of England's finest cathedrals and an iconic Lincolnshire landmark. Established in 1072, with works C12, C13, C14 and C15. Ongoing programmes of repair are addressing the progressive decay of historic fabric. The overall condition of high level masonry and some roofs remain of particular concern due to the large repairs deficit identified in the Cathedrals Fabric Survey. Historic England funded repairs to the southwest and northwest turrets in 2014.

Contact: Ben Robinson 01604 735460

PRIORITY CATEGORIES

A Immediate risk of further rapid deterioration or loss of fabric; no solution agreed.
B Immediate risk of further rapid deterioration or loss of fabric; solution agreed but not yet implemented.
C Slow decay; no solution agreed.
D Slow decay; solution agreed but not yet implemented.
E Under repair or in far to good repair; no user identified; or under threat of vacancy with no obvious new user (applicable only to buildings capable of beneficial use).
F Repair scheme in progress and (where applicable) end use or user identified; or functionally redundant buildings with new use agreed but not yet implemented.
G Slow decay; no solution agreed. (Where applicable) end use or user identified; or functionally redundant buildings with new use agreed but not yet implemented.
H Slow decay; solution agreed. (Where applicable) end use or user identified; or functionally redundant buildings with new use agreed but not yet implemented.
I Immediate risk of further rapid deterioration or loss of fabric; solution agreed but not yet implemented.

Early C14 castle with C17 farmhouse and later outbuildings. Stone has fallen from a vault in the northeast tower and extensive water penetration is likely. The south west tower is eroding badly on the north side where it is exposed to the elements. Detached towers have been surveyed and some vegetation has been cut back in anticipation of a full repair programme. The new owner consulted Historic England and the Local Planning Authority on pre-application proposals and now has permission and consents for repairs and development. Repair and alteration works are now taking place.

Contact: Ben Robinson 01604 735460

|------------|--------------------------------------|---------------|---------------------------------|------------|----------|------------------|------------------|-------------------|--------|-----------------|---------|------------------|----------------|

Largely C17 and earlier, with C18 and C19 alterations. Severe structural problems to oldest wing, dendro-dated to C15. An Urgent Works Notice, underwritten by Historic England, has been served and implemented previously. Further repairs are now required. Proposals for renovation and new enabling development have been received by the Local Planning Authority. Negotiations with the owner regarding the scope and detail of the proposals are ongoing.

Grade I listed medieval church. The chancel, organ chamber/vestry, nave and north aisle have all been re-roofed with Historic England and Heritage Lottery Fund grant aid. Repairs to the south aisle and south porch roofs have been previously undertaken and repairs to the tower roof and associated timber work have recently been completed. Further repairs are needed including work to the pew platform and chancel.

Contact: Penny Evans 01604 735415

Grade I listed church dating from the C13 with nave, clerestory, chancel, arcaded north and south aisles and a tower with pinnacles surmounted with a crocketed spire. The significant painted ceiling to the chancel was designed and implemented by Pugin in 1841 and was restored in 2008. Water ingress via roof coverings had caused extensive damage and urgent recovering was necessary. A Repair Grant for Places of Worship was offered and the first phase of roof repairs was completed in summer 2014. The second phase of roofing work grant-aided by the Heritage Lottery Fund started on site in 2015.

### South Holland

**Site Name:** Crowland Manor, 5, East Street, Crowland  
Former Manor, 1690, with mid-C18 additions possibly by William Sands the younger of Spalding. Limestone ashlar north front and red brick south front with ashlar dressings. Some works undertaken internally but external repair work appears incomplete. Missing stone slates from part of the roof has led to water ingress. Brickwork bulging, but structural condition uncertain.

**Site Name:** Ruined nave and west front of Crowland Abbey, Crowland  
Crowland Abbey was founded in the early C8, commemorating the site of St Guthlac’s hermitage. It was re-founded as a Benedictine Abbey in the mid-C10. The north aisle is used as the parish church, and repairs to the church roof have recently been completed. However, the ruined nave, with its important west front, is deteriorating. Falling masonry has caused safety concerns. Conservation work funded by a grant from Historic England started on site in 2015.

**Priority Categories**

A Immediate risk of further rapid deterioration or loss of fabric; no solution agreed.
B Immediate risk of further rapid deterioration or loss of fabric; solution agreed but not yet implemented.

CONDITION: Fair
OCCUPANCY: Vacant/not in use
PRIORITY CATEGORY: E
OWNER TYPE: Charity (heritage)
LIST ENTRY NUMBER: 1064530

Octagonal brick tower windmill, 1779. Unique in Lincolnshire and the oldest surviving tower mill in the county. Ceased to work in the 1930s and emergency repairs carried out in 1992. Urgent repairs to make the building weathertight and secure were completed in 2011 with Historic England grant aid and support from other sources. Sneaths Mill Trust are seeking funding for further work and are considering options for a viable use for the site.

Church of Holy Trinity, Hillgate, Gedney Hill

SITE NAME: Church of Holy Trinity, Hillgate, Gedney Hill
DESIGNATION: Listed Place of Worship grade II*
CONDITION: Poor
PRIORITY CATEGORY: C (C)
OWNER TYPE: Religious organisation
LIST ENTRY NUMBER: 1146771

Parish church dating from the late C14 and mid C15, restored by James Fowler of Louth in the 1870s. The church is unusual for Lincolnshire for its internal timber frame and fine timber nave arcades. There are deeply eroded sections of pointing to the tower, decay to structural timbers to the tower roof and water ingress via the tower roof covering.

Contact: Jon Breckon 01604 735449

Chapel of St James, Roman Road, Moulton

SITE NAME: Chapel of St James, Roman Road, Moulton
DESIGNATION: Listed Place of Worship grade II*
CONDITION: Very bad
PRIORITY CATEGORY: B (A)
OWNER TYPE: Religious organisation
LIST ENTRY NUMBER: 1359293

This tiny and unusual church designed by William Sands of Spalding in 1722 was originally an octagonal single cell building. Red brick with a moulded cornice and giant order brick pilasters of very high quality, with limestone ashlar capitals and bases, an octagonal slate covered roof and an open bell turret or cupola. The condition of the roofs is poor, causing damage to the interior plasterwork. External brickwork also needs careful conservation. A Heritage Lottery Fund Repair Grant for Places of Worship was offered in 2014.

Contact: Penny Evans 01604 735415

Broad Street Methodist Church and attached Sunday School, Broad Street, Spalding

SITE NAME: Broad Street Methodist Church and attached Sunday School, Broad Street, Spalding
DESIGNATION: Listed Place of Worship grade II, CA
CONDITION: Poor
PRIORITY CATEGORY: F (F)
OWNER TYPE: Religious organisation
LIST ENTRY NUMBER: 1067614

Methodist church, built by F Boreham in 1887. The attached Sunday School serves as a church hall and provides services to the wider community. Red brick construction with ashlar dressings and decorative banding. The extensive slate roofs had been considerably tingled indicating widespread nail fatigue. Re-roofing of the church was completed in 2014 following a Repair Grant for Places of Worship and plans for re-roofing the Sunday School are well advanced.

**Greyfriars Gate, Stamford**

Part late C14 or early C15, restored with substantial additions late C19. The lodges and chamber are no longer used. Some evidence of historic structural movement is visible. The chamber over the arch and south lodge suffered water ingress and the north lodge roof decayed beyond repair. Roofs have now been replaced and the building is secure. However, there is not yet a firm plan to re-use the building.

**Designation:** Scheduled Monument, part in CA  
**Condition:** Fair

**Seats, balustrades and terraces to east of Stoke Rochford Hall, Stoke Rochford**

Seats, balustrades and terraces to the east of Stoke Rochford Hall. 1841-45, by William Burn. The low level solid panelled and open terrace walls are in very poor condition. Rusting iron cramps, and possibly poor original detailing, are damaging masonry. Damage is progressive and accelerating. Some balusters have been lost. Historic England is in discussion with the management company and is keen to consider grant aiding development work and an initial phase of repairs.

**Designation:** Listed Building grade I, RPG grade II*

**Parish Church of St Vincent, Church Lane, Caythorpe**

Parish church with work dating from the C13, C14, C16, C17 and C18 and an 1860 addition and restoration by Sir GG Scott. A well maintained church which is unusual in that it has a central arcade to the nave. Repairs to the spire stonework and south transept roof were completed in 2013/14. There are leaks to the nave that have not been cured following repeated patch repairing. A grant under the Heritage Lottery Fund Places of Worship scheme for a second phase of repairs has been offered for works in 2015/16.

**Designation:** Listed Place of Worship grade I, CA  
**Condition:** Poor  
**Priority Category:** B (B)  
**Owner Type:** Religious organisation  
**List Entry Number:** 1317320  

Contact: Penny Evans 01604 735415

**Church of St Michael and All Angels, Main Street, Edendham**

Parish church with C8, C12, C13, C15 and early C16 fabric, plus C19 work. The chancel and south aisle roof coverings have been renewed and parapet stone work secured in 2014-15, funded by a Heritage Lottery Fund Repair Grant for Places of Worship. The nave roof is leaking and the significant monuments in the chancel require conservation having been damaged by damp conditions over many years. The porch barrel-vaulted plaster ceiling is damaged from water ingress although the porch roof slating has now been renewed. The below ground drainage is defective and has yet to be renewed.

**Designation:** Listed Place of Worship grade I

---

**A mid C19 prospective park and gardens with contemporary Jacobean/Baroque garden buildings, walled kitchen garden and house. Split management of landscape and conversion of house and gardens to institutional use, deterioration of built features (buildings at risk) and decline of wider parkland due to arable agriculture. Historic England grants have been awarded to repair garden buildings and structures.**

© Historic England
| SITE NAME | Gate lodge to Brocklesby Park, early C19. Decay of stonework and details. Roof repairs and associated works to make the building wind and water tight have been carried out. Some structural work is still needed to the tower masonry and repair/reinstatement of windows. A simple lime render has been applied internally, though other works are not due until 2016. Permissions have been obtained to restore the building to residential use. |

| SITE NAME | The Pelham Mausoleum, 1787-1792, by Wyatt; based on the Temple of Sibyl at Tivoli. Deteriorating stonework and evidence of water ingress. Loss of detail at high level. Rainwater goods were repaired. Stonework still needs to be repaired, though Historic England grant-aided a trial area of repair. Management proposals for parkland structures are being considered as part of a Higher Level Stewardship scheme, which commenced in 2014. Condition survey obtained, weed growth controlled. |

- **Designation:** Listed Building grade I
- **Condition:** Very bad
- **Occupancy:** N/A
- **Priority Category:** A (A)
- **Owner Type:** Private
- **List Entry Number:** 1165868

**Gate and gate piers, circa 1720. Attributed to Francis or William Smith of Warwick. Relocated from the demolished St Peter at Arches Church in Lincoln and once led to Nettleham Hall. Badly corroded ironwork, displaced stonework. Some Victorian railings have been stolen from the side walls. Damaged stonework.**

Contact: Ben Robinson 01604 735460

### Site 3: Torksey Castle, Trent Side, Torksey
- **Site Name:** Torksey Castle, Trent Side, Torksey
- **Designation:** Scheduled Monument and Listed Building grade I
- **Condition:** Poor
- **Occupancy:** N/A
- **Priority Category:** C (C)
- **Owner Type:** Other not for profit group
- **List Entry Number:** 1005056 and 1064079

**Remains of country house of 1560 slighted in the Civil War (west wall and part of south wall remain). Major structural repairs were carried out in 1991 and a watching brief was maintained. The main structure appears stable but repairs to exposed brickwork required. Fabric and buried remains under threat from vegetation growth. A condition survey has been carried out and options for repairs, access and interpretation have been investigated.**

Contact: Ben Robinson 01604 735460

### Site 4: Torksey Viaduct over River Trent, Trent Side, Torksey
- **Site Name:** Torksey Viaduct over River Trent, Trent Side, Torksey
- **Designation:** Listed Building grade II*
- **Condition:** Fair
- **Occupancy:** N/A
- **Priority Category:** D (C)
- **Owner Type:** Private
- **List Entry Number:** 1359456

**Tubular iron girder railway bridge and viaduct, 1849. Designed by John Fowler. The main span was strengthened in 1897. Disused since the closure of the line in 1959. The timber fenders remain in poor condition and there are signs of corrosion and staining. Phase 1 of a scheme of repair and repainting has been completed and Phase 2 is due to start in summer 2015. The viaduct will then support a timber walkway for public use.**

Contact: Rosemary Thompson 01604 735460

### Site 5: Church of All Saints, Lincoln Road, Holton cum Beckering
- **Site Name:** Church of All Saints, Lincoln Road, Holton cum Beckering
- **Designation:** Listed Place of Worship grade I
- **Condition:** Poor
- **Priority Category:** A (A)
- **Owner Type:** Religious organisation
- **List Entry Number:** 1064035

**Rural parish church. C13 origin and contributions of C14 and C15. Later C19 restorations by GG Scott. Rainwater goods in poor state, they are rusty, broken and have missing components. South slope of nave roof is tingle, with some slipped slates. Some urgent repairs have been undertaken.**

Contact: Rosemary Thompson 01604 735460

**Victorian church of 1848-50 by SS Teulon.** Widespread roof defects to all slated roofs, with nave requiring re-roofing. The west elevation has widespread open joints. Some missing eaves stones to north of nave. Evidence of water ingress internally. Some gutters to the nave south slope have become detached. An application to the Heritage Lottery Fund for grant assistance is being considered.

**Two cell C14 church, restored C18 and C19.** Nave, chancel and west bellcote. Random rubble ironstone with gauged brick window arches, roofs are diminished random slate. Timber window frames, cast iron casements and plain leaded glazing. Numerous issues including ivy growth, blocked and slipped downpipes, localised defects and cracks and broken glass. Roofs appear to be in good order but bellcote at risk of immediate loss.

**Dating from the C14, the church had a major restoration by Bodley & Garner 1876-7.** This would appear to be the date of the nave and chancel roof structures. The church lies on the edge of the village and is surrounded by a churchyard, part of which contains 64 airmen’s graves maintained by the Commonwealth War Graves Commission. All roofs are nearing the end of their life and the aisle roofs are leaking at the abutments.

**A parish church dating to C11.** Inadequate rusty rainwater goods and a poor drainage system have led to decay of historic fabric, evident in open joints, and frost-damaged stonework at hopper locations. Evidence of rising damp through loss of detail to C12 inner south porch doorway. The slate roofs are being maintained but some slopes are heavily ‘tingled’ indicating that extensive nail fatigue may be present and that roofs may require re-roofing.

**A parish church of lofty proportions which includes the transects and crossing of an early collegiate church, dating from the C11.** The nave and chancel are C12. There was a major restoration by JL Pearson in 1850-67 when the chancel vaulting was reconstructed. Several grant-aided roofing projects have recently been completed but the nave roof is yet to be re-covered. The church is damp having suffered water ingress through defective roof coverings and underground drainage for many years.

**NOTE**

- Last year’s priority category is shown in brackets (otherwise, New Entry is noted).
- Repair scheme in progress and (where applicable) end use or user identified; or functionally redundant buildings with new use agreed but not yet implemented.
- Slow decay; solution agreed but not yet implemented.
- Under repair or in fair to good repair, but no user identified; or under threat of vacancy with no obvious new user (applicable only to buildings capable of beneficial use).
- Immediate risk of further rapid deterioration or loss of fabric; solution agreed but not yet implemented.
- Immediate risk of further rapid deterioration or loss of fabric; solution agreed.
- Slow decay; no solution agreed.

## NORTHAMPTONSHIRE

### DAVENTRY

#### Dower House, Fawsley Park, Fawsley

- **SITE NAME:** Dower House, Fawsley Park, Fawsley
- **DESIGNATION:** Scheduled Monument, LB grade II*, RPG grade II*
- **CONDITION:** Poor
- **OCCUPANCY:** N/A
- **PRIORITY CATEGORY:** C (C)
- **OWNER TYPE:** Private
- **LIST ENTRY NUMBER:** 1003890

Former hunting lodge with watchtower of early C16, and extended soon afterwards to form a small H-plan Dower House. Of ironstone ashlar and brick, and identified by Pevsner as the earliest brick-built structure in Northamptonshire. There has been localised collapse of stonework to the north elevation and there are ongoing structural concerns elsewhere. The Fawsley Estate has been working with Historic England and Natural England to prepare a comprehensive scheme of historic landscape restoration. Some stabilisation of the ruins is being undertaken.

#### Canal enclosure walls to north, Bridge Street, Lower Weedon, Weedon Bec

- **SITE NAME:** Canal enclosure walls to north, Bridge Street, Lower Weedon, Weedon Bec
- **DESIGNATION:** Listed Building grade II*
- **CONDITION:** Poor
- **OCCUPANCY:** N/A
- **PRIORITY CATEGORY:** B (B)
- **OWNER TYPE:** Private
- **LIST ENTRY NUMBER:** 1076513

Canal walls, early C19. Site underused for many years and in poor condition. Outline scheme for reuse of site agreed at Public Inquiry in 2000 but has never been implemented. The Weedon Depot complex was sold in early 2013 and the site is being used for temporary storage while a long-term solution is being sought. It is anticipated that a fabric condition survey will be prepared to inform priorities for action and establish costs for repair.

Contact: Ben Robinson 01604 735460

Square Early C13 church in ironstone and limestone with broach stone spire; contains monuments to the Buswells. The tower was rebuilt in the restoration of 1884-85. Aisled nave, the south aisle and vestry have tall 3-light windows and plain glass. A C20 extension provides chapel, kitchen and WCs. The south aisle roof is leaking and external drainage is defective. The church is damp internally.

**SITE NAME:** Church of All Saints, Church Lane, Clipston

**DESIGNATION:** Listed Place of Worship grade I

**CONDITION:** Poor

**PRIORITY CATEGORY:** C (C)

**OWNER TYPE:** Religious organisation

**LIST ENTRY NUMBER:** 1067033

Contact: Penny Evans 01604 735415

---

Square All Saints Church is of medieval origin, rebuilt in 1849 by Hussey and restored 1874 by Butterfield. The slate roofs are in poor condition and require repair, valley gutters are defective and have reached the end of their lives. Rainwater goods are also in poor condition and require overhaul and repair. The Heritage Lottery Fund awarded a development grant toward this work in spring 2014 and a repair grant was confirmed in late May 2015.

**SITE NAME:** Church of All Saints, High Street, Braunston

**DESIGNATION:** Listed Place of Worship grade II, CA

UA Unitary Authority

WHS World Heritage Site
SITE NAME: Church of All Saints, Daventry Road, Norton
DESIGNATION: Listed Place of Worship grade I
CONDITION: Poor
PRIORITY CATEGORY: C (New entry)
OWNER TYPE: Religious organisation
LIST ENTRY NUMBER: 1076507

A large ironstone church whose tower dates from the C13; its C16 and C17 history is connected with Norton Hall which was demolished 1945. Internally a fine C18 3-storey west screen, as high as the nave, and many monuments. South aisle stained glass by Willement c 1850. The condition of high level stonework is very bad; and below ground rainwater disposal is not functional and urgently needs repair. The condition of the windows is poor with broken glass and deteriorating stonework. The interior is rather damp.
Contact: Penny Evans 01604 735415

SITE NAME: Church of St Peter and St Paul, Church Lane, Watford
DESIGNATION: Listed Place of Worship grade I
CONDITION: Poor
PRIORITY CATEGORY: C (C)
OWNER TYPE: Religious organisation
LIST ENTRY NUMBER: 1077018

Church, probably of very early C14 origin with C15 and C18 work. Restored C19. Masonry is a combination of ironstone and sandstone and there is significant weathering of masonry and mortars. A Heritage Lottery Fund grant was awarded in December 2011 for urgent tower and some drainage repairs. This work was completed by late 2013 but further drainage and low level masonry repairs are required. There is some damp internally and some areas of flooring may require specialist cleaning to remove algae.
Contact: Jon Breckon 01604 735449

SITE NAME: Church of St Mary, Woodford Halse, Woodford cum Membris
DESIGNATION: Listed Place of Worship grade II*
CONDITION: Poor
PRIORITY CATEGORY: C (New entry)
OWNER TYPE: Religious organisation
LIST ENTRY NUMBER: 1203286

Church, C13 origins, with some C15 work. Restored 1878. There is a temporary roof covering to the vestry, with similar repairs to the north aisle flashings. These have become detached and there is evidence of water ingress internally. The south porch roof has numerous slipped slates. There are localised stonework defects. Drainage at ground level appears defective in places. The church is considering an approach to the Heritage Lottery Fund for grant assistance.
Contact: Jon Breckon 01604 735449

Country house, late C15/early C17. Following Public Inquiry in 2004 the Secretary of State confirmed the Compulsory Purchase Order. Historic England took possession of the site in September 2004. The first phase of repair works, to the State Apartment ranges, was completed in 2004-8. A second phase of repairs commenced in 2010 and is now completed. The building was bought by a private buyer in 2015. Public access for 50 days a year is managed by English Heritage. Further repairs and renovations are planned.

Former water-powered corn mill, adapted circa 1900 to form electricity-generating and water-pumping station for the Ashton Estate. Housed the Dragonfly Museum until 2001, since unoccupied. Historic England grant aided a survey and urgent repairs in advance of part conversion. Grant-aided investigations and building repairs suffered significant delay, in part, due to flooding. Essential machinery repairs to slow the rate of deterioration should be completed by late 2015.

Country house, 1635 and 1656, extended and altered in C18 by Henry Fitcroft and in C19 and early C20. The roof covering is in poor condition leading to water ingress and distress to the upper storeys. The front bays require structural attention. A schedule of urgent repairs has been identified but not implemented, and no long-term solution has been agreed.

Early C18 gates, gate piers and screens for the Duchess of Norfolk. The screen had steadily deteriorated since circa 1900. The Estate took preventative action in circa 1970 by removing and storing the ironwork panels. The stone piers show clear evidence of splitting and delamination caused by expansion of internal ironwork. Historic England grant aided a small development project in 2013-14. Natural England are funding repairs and these are anticipated to start during summer 2015.

Roofless ruin of rectangular stone dovecote, C16-C18. Stone nesting boxes with alighting steps inside. Partial collapse of the internal east wall nesting boxes has occurred and the wall to the north has collapsed to a few courses above ground level. There is evidence of structural instability to the south and east elevations. It is likely that livestock is contributing to the displacement of stonework. Discussions have been held with the agent about the need for repair and management.

**SITE NAME:** Church of St Peter, Berrister Place, Raunds  
**DESIGNATION:** Listed Place of Worship grade I, CA  
**CONDITION:** Very bad  
**PRIORITY CATEGORY:** A (A)  
**OWNER TYPE:** Religious organisation  
**LIST ENTRY NUMBER:** 1192206

The church is a fine example of Perpendicular architecture with a long historical association with Fotheringhay Castle and the House of York. The present church, started in the early C15, formed the western part of a much larger church and grouping of collegiate buildings which extended to the east and south of the site. The church is at risk from dampness and suffers from poor external ground drainage, deteriorating ageing coverings to all roofs and some disrepair to stonework.

Contact: Amanda White 01572 737021

Large urban church of C12-C13 and C14 with important wall paintings. Restored C19. History of movement at the west end. Localised defects including poor rainwater disposal and flashings may have contributed. Some glass has been removed and openings boarded. The north-west corner of the north aisle has settled; local underpinning is required. Monitoring suggests no significant on-going movement. A Heritage Lottery Fund grant has been awarded to develop a repair project.

**SITE NAME:** Church of St Nicholas, Main Street, Bulwick  
**DESIGNATION:** Listed Place of Worship grade I, CA  
**CONDITION:** Poor | C (C) | Religious organisation | 1191576

Mainly C13 and C14 church, restored 1870 by Slater & Carpenter. Rainwater goods are in poor condition and many leak badly, with some sections broken. Maintenance or repair is urgently needed. Some gutters are blocked with grass and vegetation. External drainage and water dispersal in general is poor, with ineffective drainage channels contributing to dampness internally. Some evidence of leaks to the nave and south aisle roofs, and the chancel ridge is also letting in water. Grant funding streams are being explored.

Contact: Jon Breckon 01604 735449

C13 to C16 church in limestone. C13 west tower has broach spire, rebuilt in C19. C19 chancel has a slated roof. Some structural settlement has occurred to the chancel south side. Nave and south aisle roof coverings have reached the end of life and are leaking extensively. There are isolated slate failures. Rainwater goods and external drainage are also in poor condition. The interior is damp and rot is starting to appear in pews. A repair project is being developed with a Heritage Lottery Fund grant.

### Kettering

**SITE NAME:** Dovecote, circa 160 metres north east of Newton Field Centre, Newton and Little Oakley  
**DESIGNATION:** Listed Building grade I, SM  
**CONDITION:** Poor  
**OCCUPANCY:** Vacant/not in use  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1192042

An exceptionally large late C16/early C17 dovecote of squared coursed limestone, closely laid in tight courses, with stone slate roof and hipped lanterns. Central coping ornamented with Tresham trefoils. Two low round-headed and chamfered doors; one retains its heavy double-rebated door. Interior has around 2000 nesting boxes in two separate lofty chambers. Masonry is generally in fair/ good order albeit there are a few isolated missing stones. Roof slates and lanterns are in poor condition. Some patch roof repairs undertaken in 2015 but re-roofing is required.

### Northampton

**SITE NAME:** 8, 8a, 9 and 9a, George Row  
**DESIGNATION:** Listed Building grade II*, CA  
**CONDITION:** Poor  
**OCCUPANCY:** Occupied/in use  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1039667

The Northampton & County Club occupies one of the town’s most important buildings; its medieval vaulted stone cellars a survivor of the Great Fire of Northampton of 1765. Extended in C18 to form Northampton’s first Infirmary. There is a fine C17 staircase and ceiling in the George Row building and almost intact C19 billiards room complete with furnishings at the rear. The Club building suffers from cumulative alterations, under-use and lack of repair especially to its rear C18 stone elevations. Condition survey and options appraisal completed with Historic England funding in 2014.

**SITE NAME:** Delapre Abbey, Northampton  
**DESIGNATION:** Listed Building grade II*, RB, CA  
**CONDITION:** Poor  
**OCCUPANCY:** Part occupied/part in use  
**PRIORITY CATEGORY:** E (B)  
**OWNER TYPE:** Local authority  
**LIST ENTRY NUMBER:** 1039791

House incorporating remains of medieval abbey, C16 and C17, within registered battlefield and public park. Areas of stone erosion to ashlar dressings, poor pointing, most window frames in need of repair and rusty rainwater goods. Several roofs were in very poor condition. Historic England grant-aided works for urgently necessary repairs to the roofs have been completed. The Heritage Lottery Fund Stage 2 works are underway to convert Delapre into a heritage attraction. This should secure repair and enhancement work to the south range as the first phase.

Farmhouse, late C17 and C18. The farmhouse suffered a serious fire in May 2010, leading to complete loss of the roof and gutting of the interior. Repair of the roof and external envelope was completed in early 2013. A £4m Heritage Lottery Fund grant was awarded in July 2013 to develop the Chester Farm site for heritage, education and commercial uses. Plans are being drawn up as part of a HLF Stage 2 grant to restore the interior of the house for use as a cafe and visitor centre.

### Heritage at Risk 2015 / East Midlands

**Nottingham, City of (UA)**

#### Site Name: Church of Holy Trinity, Church Street, Nottingham
- **Designation:** Listed Place of Worship grade II*, CA
- **Condition:** Very bad
- **Priority Category:** B (New entry)
- **Owner Type:** Religious organisation
- **List Entry Number:** 1247151

**Church**, built in 1841-2 in the Early English style, which lies at the heart of the New Lenton conservation area west of Nottingham City Centre. Nave and aisle slating is in poor condition with many past repairs. Visible water damage to high level plaster and discolouration of roof trusses appears consistent with significant timber decay. The height and inaccessibility of the roof slopes is making routine maintenance very difficult allowing minor defects to remain unrepaired until specialist equipment is arranged. A Heritage Lottery Fund grant has been offered. Repairs should commence in 2015.

Contact: Ben Robinson 01604 735460

#### Site Name: Church of St Mary, High Pavement, Nottingham
- **Designation:** Listed Place of Worship grade I, CA
- **Condition:** Poor
- **Priority Category:** B (New entry)
- **Owner Type:** Religious organisation
- **List Entry Number:** 1342118

Urban parish church, built to a grand scale. Mostly C15 with a later phase of Victorian restoration by George Gilbert Scott. There are now several areas where routine masonry repair work is becoming urgent. In addition, the large steeply pitched nave roof covering has significant defects. This, with associated rainwater disposal system repairs, urgently requires attention to prevent water ingress and decay. A Grant for Places of Worship has been offered by the Heritage Lottery Fund.

### Workop Priory gatehouse, Cheapside, Worksop

**SITE NAME:** Workop Priory gatehouse, Cheapside, Worksop  
**DESIGNATION:** Listed Building grade I, CA  
**CONDITION:** Poor  
**OCCUPANCY:** Part occupied/part in use  
**PRIORITY CATEGORY:** D (D)  
**OWNER TYPE:** Religious organisation  
**LIST ENTRY NUMBER:** 1045028

Gatehouse, early C14, with a slightly later south porch. The porch contains what is believed to be the only surviving English medieval ‘walk through’ shrine. Poor condition, with laminated stonework and advanced decay to the sculptural figures. The main first floor hall is in partial use as a dance studio. The gatehouse requires comprehensive repair, as demonstrated by a condition survey funded by grant aid from Historic England. Repairs to the shrine are to be carried out with a Repair Grant for Places of Worship, and work should commence during the summer of 2015.

**Contact:** Jon Breckon 01604 735449

### Remains of cloister wall adjoining Church of St Cuthbert and St Mary, Workop Priory, Priorswell Road, Worksop

**SITE NAME:** Remains of cloister wall adjoining Church of St Cuthbert and St Mary, Workop Priory, Priorswell Road, Worksop  
**DESIGNATION:** Listed Building grade I, CA  
**CONDITION:** Poor  
**OCCUPANCY:** N/A  
**PRIORITY CATEGORY:** D (C)  
**OWNER TYPE:** Religious organisation  
**LIST ENTRY NUMBER:** 1156758

Remains of cloister wall to Augustinian monastery, founded in C12. The surviving elements are exposed to the weather and are in poor condition. There is extensive loose and friable material, and vegetation has taken hold in exposed areas. The modern hard surface to the north is impermeable, and is accelerating the rate of decay. The structure is vulnerable to vandalism. Historic England has offered a repair grant to address fabric issues. Funding has also been secured from the Local Authority. It is hoped that repairs will commence on site during the summer of 2015.

**Contact:** Jon Breckon 01604 735449

### Church of St James, Haughton

**SITE NAME:** Church of St James, Haughton  
**DESIGNATION:** Scheduled Monument and Listed Building grade II*  
**CONDITION:** Poor  
**OCCUPANCY:** N/A  
**PRIORITY CATEGORY:** D (C)  
**OWNER TYPE:** Religious organisation  
**LIST ENTRY NUMBER:** 1006396 and 1267085

Ruined church dating to early C12, of ashlar, dressed rubble and coursed rubble. Remains include nave, chancel, and north chantry. Trees growing close to the base of the main upstanding remains. The corner of the west wall is collapsing. Vegetation growth over early herringbone fabric. A condition survey completed 2013, and Historic England grant for development investigations and repairs was offered in December 2014. It is anticipated that repair and consolidation work will commence towards the end of 2015.

**Contact:** Jon Breckon 01604 735449

### Hodsock Priory Gatehouse, Hodsock

**SITE NAME:** Hodsock Priory Gatehouse, Hodsock  
**DESIGNATION:** Listed Building grade I  
**CONDITION:** Fair  
**OCCUPANCY:** Vacant/not in use  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1187689

Early C16 gatehouse and bridge. Imposing entrance to later house with gardens. Whilst the house is occupied and used as a wedding venue, the gatehouse is unused and requires comprehensive maintenance. Historic England has encouraged the development of options for reuse of the gatehouse combined with full repair of the structure. Following the commissioning of a condition survey, essential repairs have now been carried out. It is understood that a bid to the Heritage Lottery Fund is being considered.

**Contact:** Eilis Scott 01629 653848

### Gateway and walls from Manor Farm to churchyard, Torksey Street, Rampton

**SITE NAME:** Gateway and walls from Manor Farm to churchyard, Torksey Street, Rampton  
**DESIGNATION:** Listed Building grade I  
**CONDITION:** Poor  
**OCCUPANCY:** N/A  
**PRIORITY CATEGORY:** C (C)  
**OWNER TYPE:** Private  
**LIST ENTRY NUMBER:** 1276407

Limestone gateway and brick walls, mid C16. Stonework on the south face is very eroded, particularly on decorative plaques and lintel above the gateway; repair is needed. The north face (including plaques) is less eroded, but repointing also needed. The mortar joints to the brick wall are now deeply recessed and in need of repointing. Ivy growth is extensive to walls in particular, and is displacing stone copings.

**Contact:** Jon Breckon 01604 735449

SITE NAME: Church of St Peter and St Paul, North Green, East Drayton

DESIGNATION: Listed Place of Worship grade I, CA

CONDITION: Poor

PRIORITY CATEGORY: C (C)

OWNER TYPE: Religious organisation

LIST ENTRY NUMBER: 1212946

A parish church of late C12 origins with C13 and C15 work. Restored in 1857 by the Ecclesiastical Commissioners. Heavily embattled and described by Pevsner as a 'very complete' late medieval church externally. Extensive works recently completed to nave roof and medieval timber structure under a Heritage Lottery Fund grant. South aisle requires repair but a Listed Places of Worship Roof Fund grant recently awarded should complete this work.

Contact: Jon Breckon 01604 735449

SITE NAME: Church of St Swithun, Churchgate, East Retford

DESIGNATION: Listed Place of Worship grade I, CA

CONDITION: Poor

PRIORITY CATEGORY: C (C)

OWNER TYPE: Religious organisation

LIST ENTRY NUMBER: 1370346

A grand church in the centre of East Retford. C13 origins, with major rebuilding work in the 1650s following the collapse of the central tower. The church has been suffering from many leaks. Nave and aisle roof coverings repaired with a Heritage Lottery Fund grant in 2010 and a second phase of repairs to transept roofs and tower recently completed. Further roofing and masonry repairs still urgently required to other areas although date for this to be agreed as funding allows.

Contact: Jon Breckon 01604 735449

SITE NAME: Church of St Giles, Piper Lane, Clumber and Hardwick

DESIGNATION: Listed Place of Worship grade II*, CA

CONDITION: Poor

PRIORITY CATEGORY: C (C)

OWNER TYPE: Religious organisation

LIST ENTRY NUMBER: 1370105

Simple parish church of C12/C13 origins now consisting principally of a combined nave/chancel with bellcote to the west and mono-pitch vestry to the north side of the chancel. To the south side a series of infilled arcade arches indicate presence of a previous south aisle structure now lost. Externally the church has a cementitious render coat and there is evidence of structural movement to the east end gable. Nave roof covering appears functional but slated vestry roof is in need of repair.

Contact: Jon Breckon 01604 735449

SITE NAME: Church of St Oswald, Main Street, Dunham-on-Trent

DESIGNATION: Listed Place of Worship grade I

CONDITION: Very bad

PRIORITY CATEGORY: A (A)

OWNER TYPE: Religious organisation

LIST ENTRY NUMBER: 1370101

Parish church, C15 in origin, and with the exception of the tower all rebuilt in 1862 by TC Hine. There are serious concerns about the tracery work to the very large belfry openings, and the structural integrity is severely compromised in several places. There are localised stonework defects elsewhere. The slated roofs, gutters and downpipes are all in very poor condition. Water ingress is evident in numerous places. Anticipated closure - date to be confirmed.

Contact: Jon Breckon 01604 735449

SITE NAME: Church of St Peter, Rectory Lane, Gamston

DESIGNATION: Listed Place of Worship grade I, CA

CONDITION: Poor

PRIORITY CATEGORY: C (C)

OWNER TYPE: Religious organisation

LIST ENTRY NUMBER: 1224125

C13 parish church with C14 and C15 work. Restored 1855 by Gilbert Scott. The nave roof south gutter has failed and water ingress over several years has penetrated the wall head. Internally, the south aisle and tower plaster work has been removed to facilitate drying of the fabric and the interior is in poor condition. There is a pervasive damp problem at low level. Some structural issues exist at the stair turret.

Contact: Jon Breckon 01604 735449

PRIORITY CATEGORIES

A Immediate risk of further rapid deterioration or loss of fabric; no solution agreed.

B Immediate risk of further rapid deterioration or loss of fabric; solution agreed but not yet implemented.

C Slow decay; no solution agreed.

D Slow decay; solution agreed but not yet implemented.

E Under repair or in fair to good repair, but no user identified; or under threat of vacancy with no obvious new user (applicable only to buildings capable of beneficial use).

F Repair scheme in progress and (where applicable) end use or user identified; or functionally redundant buildings with new use agreed but not yet implemented.

NOTE Last year’s priority category is shown in brackets (otherwise, New Entry is noted).

DESIGNATION: Listed Building grade II*, CA  
NOTE: Unoccupied wing of the Hotel. The Hotel (including the north range) has been dated at circa 1460 with early and late C19 and C20 alterations and additions. The north range is a two storey six bay range of timber-framed close studding with brick underbuild and nogging. Irregular fenestration with mainly late C19 casements. Some decay, collapse of the lime ash floor and limited penetration by vegetation.

Upton Hall, Main Road, Upton

SITE NAME: Upton Hall, Main Road, Upton  
REGION: Newark and Sherwood  
DISTRICT: Newark and Sherwood  
SITE ENTRY NUMBER: 1179760  
OWNER TYPE: Educational (independent)  
PRIORITY CATEGORY: D (New entry)  
CONDITION: Occupied/in use  
OCCUPANCY: Occupied/in use  
DESIGNATION: Listed Building grade II*, CA  
NOTE: Country house, 1832, by WJ Donthorn. Now used by the British Horological Institute as offices, education and a clock museum. Roof coverings are in fair condition but rainwater disposal is poor, with corresponding internal dampness. Brickwork is decayed and numerous window frames are rotten. The adjacent stables and courtyard structures contribute to the hall setting and are now in very poor condition with some sections partially collapsed and all at significant risk of loss. There are plans for repairs and funding is being sought.  

Contact: Jon Breckon 01604 735449

Church of St Margaret, Church Hill, Bilsthorpe

SITE NAME: Church of St Margaret, Church Hill, Bilsthorpe  
REGION: Newark and Sherwood  
DISTRICT: Newark and Sherwood  
SITE ENTRY NUMBER: 1045616  
OWNER TYPE: Religious organisation  
PRIORITY CATEGORY: A (A)  
CONDITION: Very bad  
OCCUPANCY: Occupied/in use  
DESIGNATION: Listed Place of Worship grade I, CA  
NOTE: Small parish church centrally located in an elevated churchyard. Tower, nave, chancel, south porch and chapel, north vestry. There is general masonry decay in several areas and deep open jointing to walling which is becoming unstable. Improvements are required to high level rainwater goods, provision for managing rainwater drainage away from the building and on-going maintenance.  

Contact: Jon Breckon 01604 735449

Church of All Saints, Chapel Lane, Coddington

SITE NAME: Church of All Saints, Chapel Lane, Coddington  
REGION: Newark and Sherwood  
DISTRICT: Newark and Sherwood  
SITE ENTRY NUMBER: 1157230  
OWNER TYPE: Religious organisation  
PRIORITY CATEGORY: F (B)  
CONDITION: Poor  
OCCUPANCY: Occupied/in use  
DESIGNATION: Listed Place of Worship grade II*, CA  
NOTE: Large church, possibly of C13 or C14 origin, with plain clay tile roof. Significant restoration in 1864-5 by GF Bodley. Extensive nail fatigue to fixing battens and slipped, broken tiles. Potential for fall of isolated tiles or the sudden failure of larger areas of tiling. Various items of maintenance work required including some high level masonry to flue stack. A Heritage Lottery Fund grant was offered in December 2012. Repairs to the roof and upper masonry completed 2015.

Built in the C14 and rebuilt in 1843 by Hine, the church and churchyard are generally well maintained despite the limited access. However, the building now has urgent need for roof repair and renewals of rainwater goods and drainage, particularly to nave and south porch roofs. Localised repair/renewals are required to high level stonework and parapets. A Listed Places of Worship Roof Fund grant was awarded in March 2015 and will address some of these problems.

Parish church, C12 to C14 work, with a restoration by Hodgson Fowler in 1876. The church is in very bad condition. Previous historic movement is evident to the stonework, and it is possible this is still ongoing. Rainwater goods are defective and choked with vegetation and detritus. There are numerous slipped and missing slates to pitched roofs and some ridge tiles are loose. Mature trees in close proximity to the north elevations have branches brushing against roof coverings.

Substantial rural church with west tower and spire, double plan nave and chancel, south porch and turret stair. Steeply pitched clay pan tiled roofs. Internally in good order and generally well maintained. Some recent repair work has been completed to the tower masonry, valley gutters and external rendering. Repairs still needed to rainwater goods and areas of poor stonework, particularly to the tower, south porch and turret.

Small church. Rebuilt in 1852 on the site of the earlier church. Built in lias walling; there is a consequent widespread stone erosion issue and the south porch has a significant structural fault resulting in a displaced gable and arch masonry. Associated accumulation of general maintenance needs and low level damp-related decay.

Methodist church dating from 1845 built in the classical style. The church is built of brick with ashlar dressings and has a plinth and coped parapet. The front has quoins and entablature with two higher sections in the parapet. The high level stonework is in poor condition with a number of open joints and erosion on the underside of the cornice. There are significant problems with the rainwater disposal, causing efflorescence of the brickwork.

### Church of St Wilfrid, Main Street, North Muskham

**SITE NAME:** Church of St Wilfrid, Main Street, North Muskham  
**DESIGNATION:** Listed Place of Worship grade I  
**CONDITION:** Very bad  
**PRIORITY CATEGORY:** A (A)  
**OWNER TYPE:** Religious organisation  
**LIST ENTRY NUMBER:** 1178997  

Grade I listed C12 church, well-proportioned and situated on high ground adjacent the river Trent. Consisting of nave, chancel and tower with north and south aisles. Recent work to add WC and servery but considerable masonry repair still needed in many areas and some stonework is becoming unstable. Guttering and downpipes are in need of refurbishment and a longstanding parapet gutter leak was noted to the tower north side. Without urgent repair there is potential for loss of historic fabric and the church is therefore at risk. Grant sources are being explored.

RUSHCLIFFE

SITE NAME: Conservatory at Flintham Hall, Flintham

DESIGNATION: Listed Building grade I, RPG grade II, CA

CONDITION: Poor

OCCUPANCY: Occupied/in use

PRIORITY CATEGORY: C (C)

OWNER TYPE: Private

LIST ENTRY NUMBER: 1272727

Contact: Ben Robinson 01604 735460

Conservatory, 1853-59, integral to house. Cast iron superstructure with high percentage of original glass, deteriorating and failing due in part to ventilation problems and water ingress leading to loss of historic fabric. Water damage to interior stonework. Repair works to the conservatory have now commenced.

SITE NAME: Church of St Giles, Fern Road, Cropwell Bishop

DESIGNATION: Listed Place of Worship grade I, CA

CONDITION: Very bad

PRIORITY CATEGORY: A (A)

OWNER TYPE: Religious organisation

LIST ENTRY NUMBER: 1264793

Contact: Ben Robinson 01604 735460

A large village church built to a grand scale. Heavily restored in the 1860s. Prominent crossing tower with crenellated parapets. Structural repairs to the north transept were completed in 2013 via a Repair Grant for Places of Worship scheme, funded by the Heritage Lottery Fund. There remain a number of rainwater management issues and dampness in low level masonry still threatens several important monuments within the church.

Contact: Ben Robinson 01604 735460

Large parish church with west tower, spire and pierced parapets. Steeply pitched clay tiled roof to nave, chancel and north and south aisles, vestry and south porch. General erosion to lias walling and localised cementitious render. Urgent stonework repair needed to include chancel east gable and areas at low level which exhibit unresolved structural faults. Historic leaded light glazing at risk of failure in several locations and corroded protection to stained glass units. Rainwater provision in need of improvement. Heritage Lottery Fund grant for urgent masonry repairs awarded June 2015.

### RUTLAND (UA)

#### Site: Old Hall ruins, Exton Park, Exton
- **Designation:** Scheduled Monument
- **Condition:** Fair
- **Occupancy:** N/A
- **Priority Category:** C (C)
- **Owner Type:** Private
- **List Entry Number:** 1005477 and 1073771

Remains of a Hall house, late C16/early C17, located in C19 pleasure grounds, c150 metres south of house, with remains of C17 terraces to south east. Vegetation growth is being managed, but the ruins are decaying steadily. Parts are well preserved, particularly the south elevation and chimneys. The west gable is vulnerable with cracks, open joints and unsupported masonry.

Contact: Ben Robinson 01604 735460

#### Site: Oakham Castle walls, Market Place, Oakham
- **Designation:** Scheduled Monument, 2 LBs, CA
- **Condition:** Poor
- **Occupancy:** N/A
- **Priority Category:** B (B)
- **Owner Type:** Local authority
- **List Entry Number:** 1010702

Remains of the curtain walls of Oakham castle, set within earthen ramparts, and thought to date to the C12 and C13. The exposed stonework, visible in various areas, is subject to decay and displacement by vegetation. In August 2014, a second phase Heritage Lottery Fund grant application was successful. The consolidation of the curtain walls and removal of vegetation will form part of the larger scheme of works to the Castle which comprise a major programme of essential restoration and development of the site as a cultural centre for Rutland, with improved visitor and community facilities.
