TITLE

Millfield excavations 1975-1978.
Catalogue of the vertebrate animal
remains

Milfield Excavation by Dr Anthony Harding. 1975-1978

Catalogue of the vertebrate animal remains.

Milfield 1975 H7/F 34/5/20.4.75

Approximately 10g of calcined bone-43 fragments, all indeterminate.

Milfield 1975 B6/F 21/6/20.4.75

Less than 2g of calcined bone-1 fragment, indeterminate.

Milfield 1975 F5/3/5.4.75

Less than 2g of calcined bone-2 fragments, indeterminate.

Milfield 1976 B2/2/12.7.76

Sheep or goat, humerus, r, shaft only-large animal possibly modern.

Milfield 1976 B2/2/13.7.76

Approximately 5g of calcined bone-2 fragments, one indeterminate

Bos, metacarpus, shaft fragment only

Milfield 1976 B2/3/23.7.76

Less than 2g of calcined bone-one fragment, indeterminate.

Approximately 15g of calcined bone-28 fragments, 26 indeterminate

cf Bos, axis, two fragments of anterior articulation.

Milfield 1976 B2/3/17.7.76 Ditch section B

Approximately 10g of calcined bone-23 fragments, indeterminate; one fragment from a large animal is chopped and a small fragment may be antler.

Less than 5g of calcined bone-7 fragments, indeterminate; including a fragment of lumbar vertebra from a large animal.

Milfield 1976 B2/2/F100-101/13.7.76

Approximately 10g of calcined bone-11 fragments, 10 indeterminate; including a fragment of shaft of a long bone of a large animal.

cf Bos, atlas, ventral fragment of anterior articulation

M

Milfield 1976 B2/F 100/9/19.7.76

Less than 5g of calcined bone-18 fragments, indeterminate.

Milfield 1976 B2/F 100/9/21.7.76

Less than 5g of calcined bone-9 fragments, indeterminate; including a fragment of tooth enamel, probably from an ox.

Milfield 1976 B2/F 101/8/21.7.76

Approximately 5g of calcined bone-3 fragments, indeterminate; including a shaft fragment of a long bone from a large animal.

Milfield 1976 B2/F 101/8/19.7.76

Approximately 5g of calcined bone-23 fragments, indeterminate; including two tooth root fragments.

Milfield 1976 B2/F 100/21.7.76

Approximately 10g of calcined bone-22 fragments, indeterminate; one fragment possibly an ox metatarsus.

Milfield 1976 B2/F 103/10/19.7.76

Approximately 5g of calcined bone-22 fragments, 6 indeterminate.

Bos, molar, 16 fragments of enamel probably from the same tooth.

Milfield 1976 B2/F 108/6/17.7.76 Ditch section B

Less than 5g of calcined bone-7 fragments, indeterminate.

Milfield 1976 B2/F 108/3/16.7.76 Ditch section B

Less than 10g of calcined bone-13 fragments,

Bos, 2nd phalanx, proximal epiphysis fused, fragmented-probably all 13 fragments.

Milfield 1976 B2/F 111/16/21.7.76

Approximately 10g of calcined bone-36 fragments, all indeterminate.

Milfield 1976 B2/F 111/17.7.76 Ditch section B

Approximately 20g of calcined bone-79 fragments, mostly indeterminate.

cf Bos, molar, fragment of tooth enamel.

cf Bos, axis, fragment of odontoid peg.

xxxxxxx

Milfield 1976 B2/F 111/16/20.7.76 Ditch section B

Less than 5g of calcined bone-18 fragments, indeterminate; including fragment of thoracic vertebra of a medium sized animal, and some tooth root fragments.

Milfield 1976 B2/F 113/11/21.7.76

Approximately 20g of calcined bone-77 fragments, mostly indeterminate.

cf Bos, phalanx, two fragments of distal end.

cf Bos, tarsus 2+3, complete but distorted.

Milfield 1976 B2/F 113/11/19.7.76

Less than 10g of calcined bone-7 fragments, 6 indeterminate

cf Bos, metatarsus, fragment of shaft.

Milfield 1976 B2/F 114/21.7.76

Sheep or goat, radius, 1, medial fragment of proximal end, proximal epiphysis fused, calcined.

Milfield 1976 B2/F 114/12/19.7.76

Less than 10g of calcined bone-21 fragments mostly indeterminate; 3 fragments of large animal long bone shaft.

Sheep or goat, ulna, 1, proximal half minus unfused epiphysis, calcined.

Milfield 1976 B2/F 116/14/21.7.76

Less than 5g of calcined bone-2 fragments, indeterminate.

Milfield 1976 B2/F 116/14/19.7.76

Less than 2g of calcined bone-3 fragments, indeterminate.

Milfield 1976 B2/F 118/17/20.7.76

Less than 2g of calcined bone-1 fragment, indeterminate.

Milfield 1976 B2/F 162/28.7.76

Less than 2g of calcined bone-4 fragments, indeterminate.

• Milfield 1976 B3/3/14.7.76

Less than 5g of calcined bone-2 fragments, indeterminate.

Milfield 1976 B3/3/18.7.76

Approximately 10g of calcined bone-34 fragments, including one fragment of antler.

Bos, maxillary molar/s, 32 fragments of tooth enamel.

This bag contains a piece of modern pottery.

Milfield 1976 B3/F 128/21.7.76

Approximately 10g of calcined bone-47 fragments, indeterminate.

This bag contains a flint flake.

Milfield 1976 B3/F 128/26.7.76

Approximately 50g of calcined bone-129 fragments, mostly indeterminate.

Bos, 3rd phalanx, in two pieces.

cf Sheep or goat, ulna, 1, fragment of proximal articulation.

Bos, zygomatic, fragment of arch.

Large ungulate, lumbar vertebra, posterior fragment of neural arch.

Milfield 1976 B3/F 128/29.7.76

Approximately 35g of calcined bone-66 fragments, indeterminate.

Large ungulate, cervical vertebra, fragment of anterior zygapophysis.

This bag includes two fragments of pottery.

Milfield 1976 B3/F 105/14.7.76

Less than 5g of calcined bone-4 fragments, indeterminate.

Milfield 1976 B3/F 119/21.7.76

Less than 5g of calcined bone-9 fragments, indeterminate.

Milfield 1976 B3/F 122/23.7.76

Less than 5g of calcined bone-2 fragments, indeterminate.

Milfield 1976 B3/F 123/14/20.7.76

less than 2g of calcined bone-1 fragment, an unfused anterior vertebral epiphysis-indeterminate.

Milfield 1976 C1-C2/2/15.7.76

Large animal, tooth, root fragment only.

Milfield 1976 C2/3/19.7.76

Medium or large animal, indeterminate fragment.

Milfield 1976 C3/2/12.7.76

Small ungulate, scapula, L, antero-proximal fragment.

Rabbit, scapula, L, distal half of bone.

Milfield 1976 C3/2/11.7.76

Rabbit, femur, L, complete.

Milfield 1976 C3/3/23.7.76

Less than 15 g of calcined bone-15 fragments, mostly indeterminate.

Bos, molar, 6 fragments of enamel-probably from the same tooth.

Milfield 1976 C3/3/19.7.76

Approximately 10g of calcined bone-13 fragments, indeterminate.

Milfield 1976 C3/3/21.7.76

Approximately 5g of calcined bone-11 fragments, mostly indeterminate.

cf Bos, radius, fragment of proximal articulation, epiphysis fused.

Milfield 1976 C3/3/18.7.76

Less than 2g of calcined bone-1 fragment, medium animal long bone fragment.

Milfield 1976 C3/F 20/27.7.76

Approximately 25g of calcined bone-24 fragments, indeterminate.

Milfield 1976 C3/F 20/28.7.76

Less than 10g of calcined bone-8 fragments, indeterminate.

Milfield 1976 C3/F 22/28.7.76

Less than 2 g of calcined bone-3 fragments, indeterminate.

Milfield 1976 C3/F 22/28.7.76

Less than 5g of calcined bone-1 fragment, indeterminate.

Milfield 1976 D3/2/13.7.76

cf Sheep or goat, tibia, R, shaft only both ends broken off.

Sheep, basi-occipital, complete and unfused.

Rabbit, axis, superficially damaged.

Milfield 1977 CUT 6/3/F 18/11.9.77

Rabbit, partial skeleton, tibiae, innominate, astragalus, calcaneum, sacrum, 4 metapodials, lumbar vertebra.

Milfield 1978 Finds No51/F 27/21.9.78

Rabbit, tibia, L, complete

Rabbit, scapula, L, complete.

Rabbit, rib, proximal 3/4

Rabbit, lumbar vertebra.

Milfield 1978 Finds No57/F 121/23.9.78

Approximately 5g of calcined bone-4 fragments, indeterminate.

Milfield 1978 F 74/E quadrant/21/25.9.78

Less than 5g of calcined bone-1 piece fragmented, indeterminate.

Milfield 1978 F 74/Sample 65/3.10.78

Less than 20g of calcined bone-20 fragments, indeterminate, including one piece of skull.

Milfield 1978 Trench A/F 2/13/78-128/20.9.78

Less than 2g of calcined bone-1 fragment, indeterminate.
