RUDSTON VILIA Roman R.E.W. Yorkshire.

7210458	90 grains	<u>Triticum spelta</u> L.	Wheat
7210457	1 grain	<u>Triticum spelta</u> L.	Wheat

Broken grain not included.

POXWELL 68

Report 1790

680206	POX XI (3)	10 grains	<u>Triticum spp.</u>	Wheat
680188	I (9)	1 grain	<u>Triticum sp.</u>	Wheat
		2 grains	<u>Hordeum vulgare</u> L.	Barley
		3 grains	<u>Avena spp.</u>	Oats
680213	VII (6)	2 grains	<u>Triticum spp.</u>	Wheat
		2 grains	<u>Hordeum vulgare</u> L.	Barley
680215	XI (4)	40 grains	<u>Triticum spp.</u>	Wheat
		3 grains	<u>Secale cereale</u> L.	Rye
		1 grain	<u>Avena sp.</u>	Oat

Comment:

The wheat grains did not show any distinguishing characteristics which would assist in further classification - no rachis from wheat ears were found. Broken grains were not included.

Paradise.
