Dear Mrs Keepax,

I am writing up John Wachter's 1968 excavations at Powwell Dorset, for which you have kindly identified the charcoal. Your report, concerning one sample, dated 3/10/75 has at the end "this sample was omitted from the main charcoal report", and I therefore wonder if ^{4th} a further report exists which I don't have. I have asked John but he doesn't remember any second report, and so I wonder if you can help me ⁱⁿ tracking it down if it exists,

Yours Sincerely,

Derek Frost
