RCHME AA97/4989.

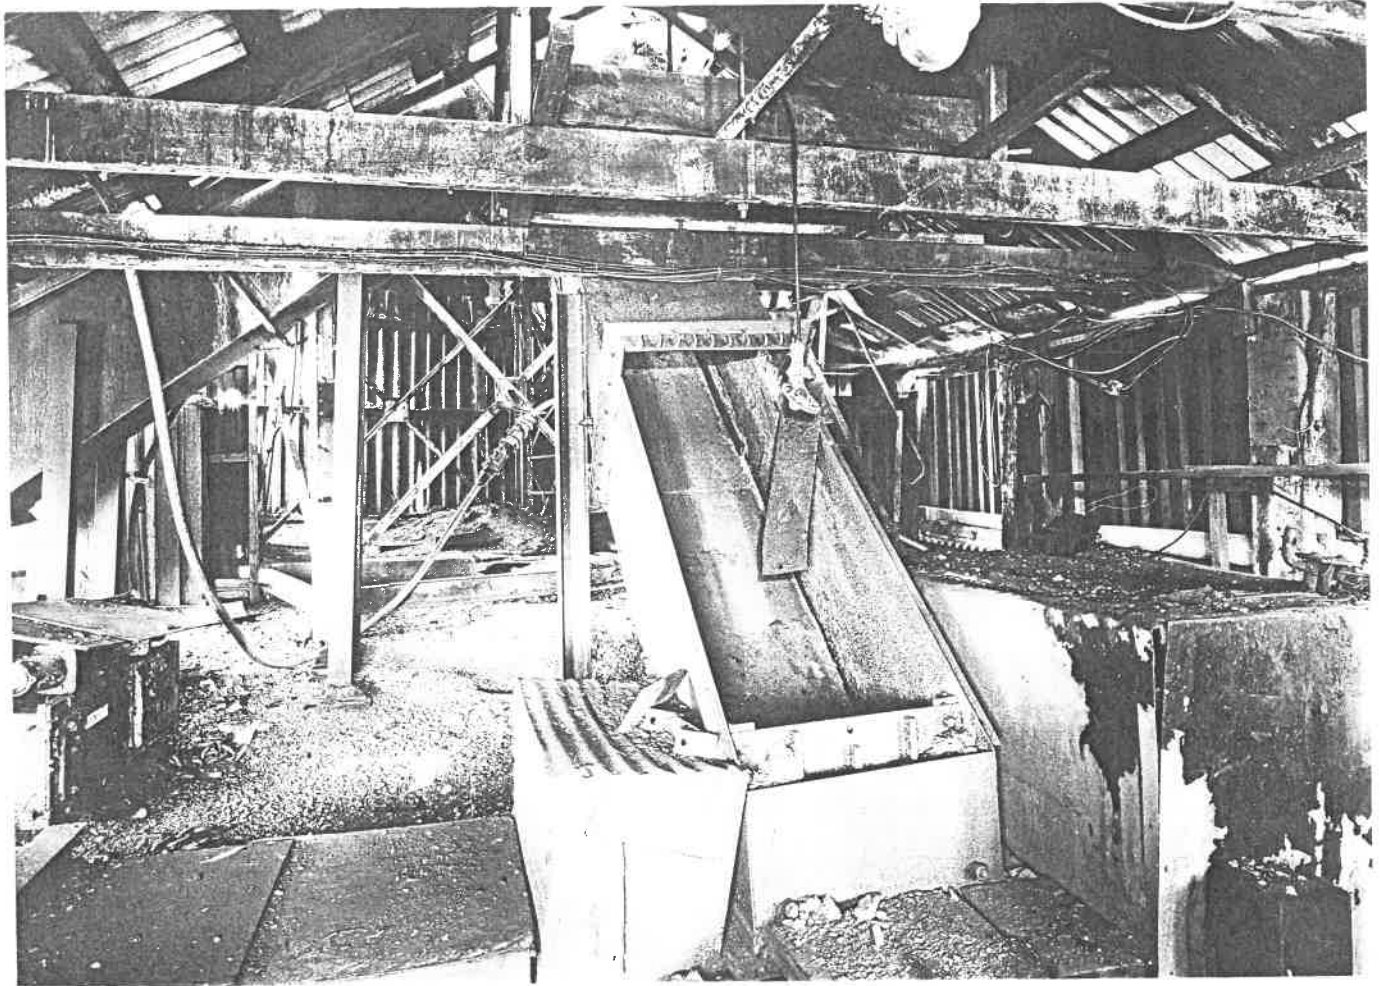

Fig 35 Caphouse Pit. Second floor of screens building.
RCHME AA97/4995.

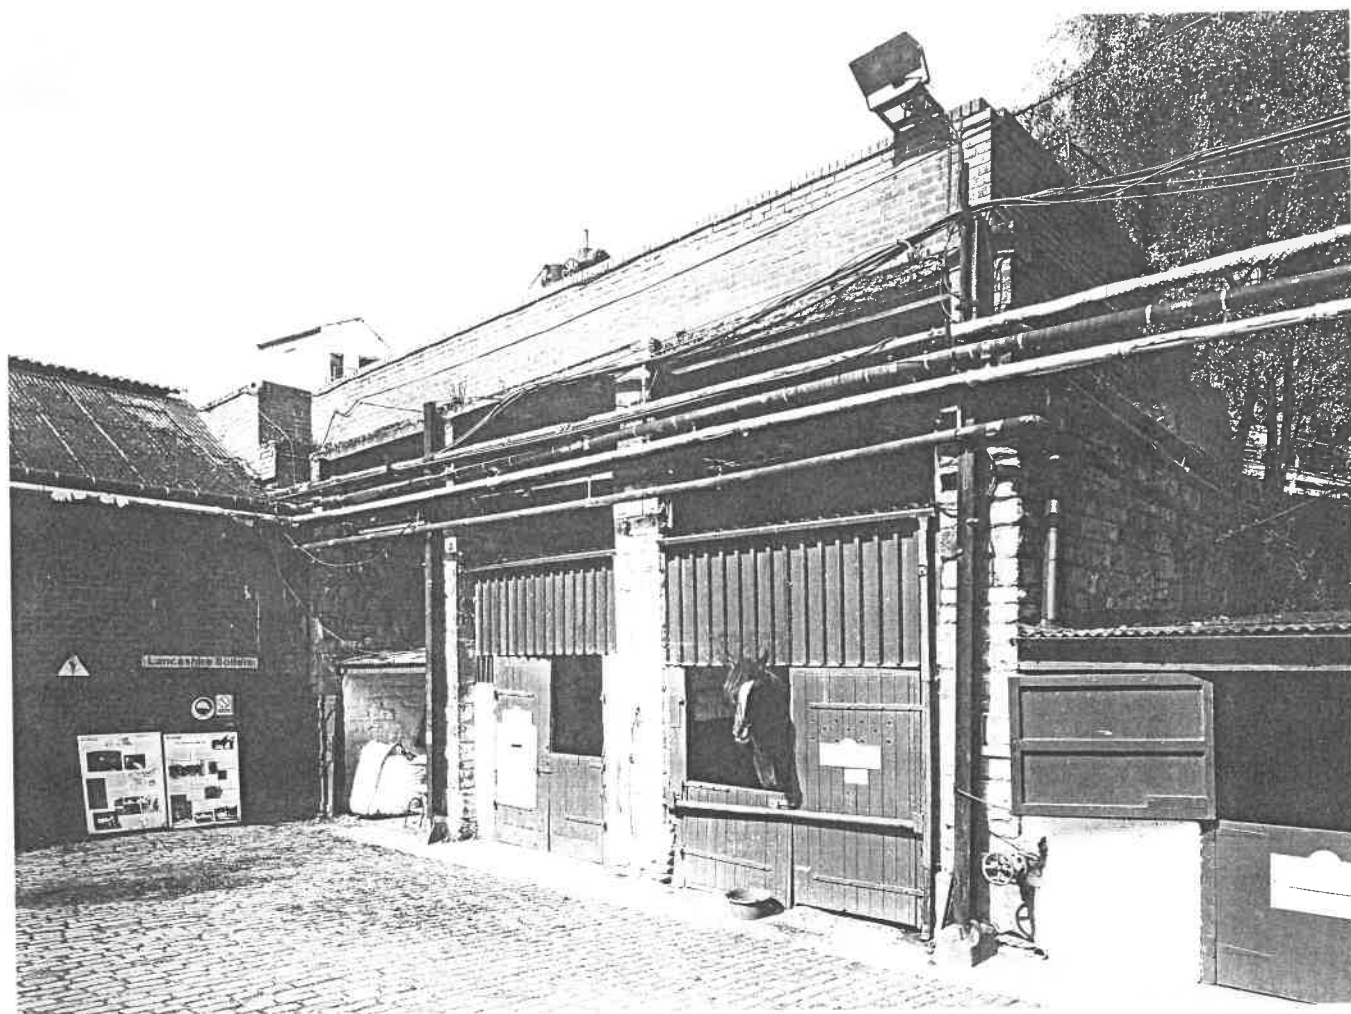

Fig 36 Caphouse Pit. Coal drops, truncated to right. Boiler house on left.
RCHME AA97/4959.

Fig 37 Caphouse Pit. Front elevation of pithead baths and administration block.
RCHME AA97/5002.

Fig 38 Caphouse Pit. Rear elevation of pithead baths and administration block with portacabins in foreground.
RCHME AA97/5006.

Fig 39. Caphouse Pit. Dirty locker room in pithead baths.
RCHME AA97/5009.

Fig 40. Caphouse Pit. Lockers in dirty locker room of pithead baths.
RCHME AA97/5012.

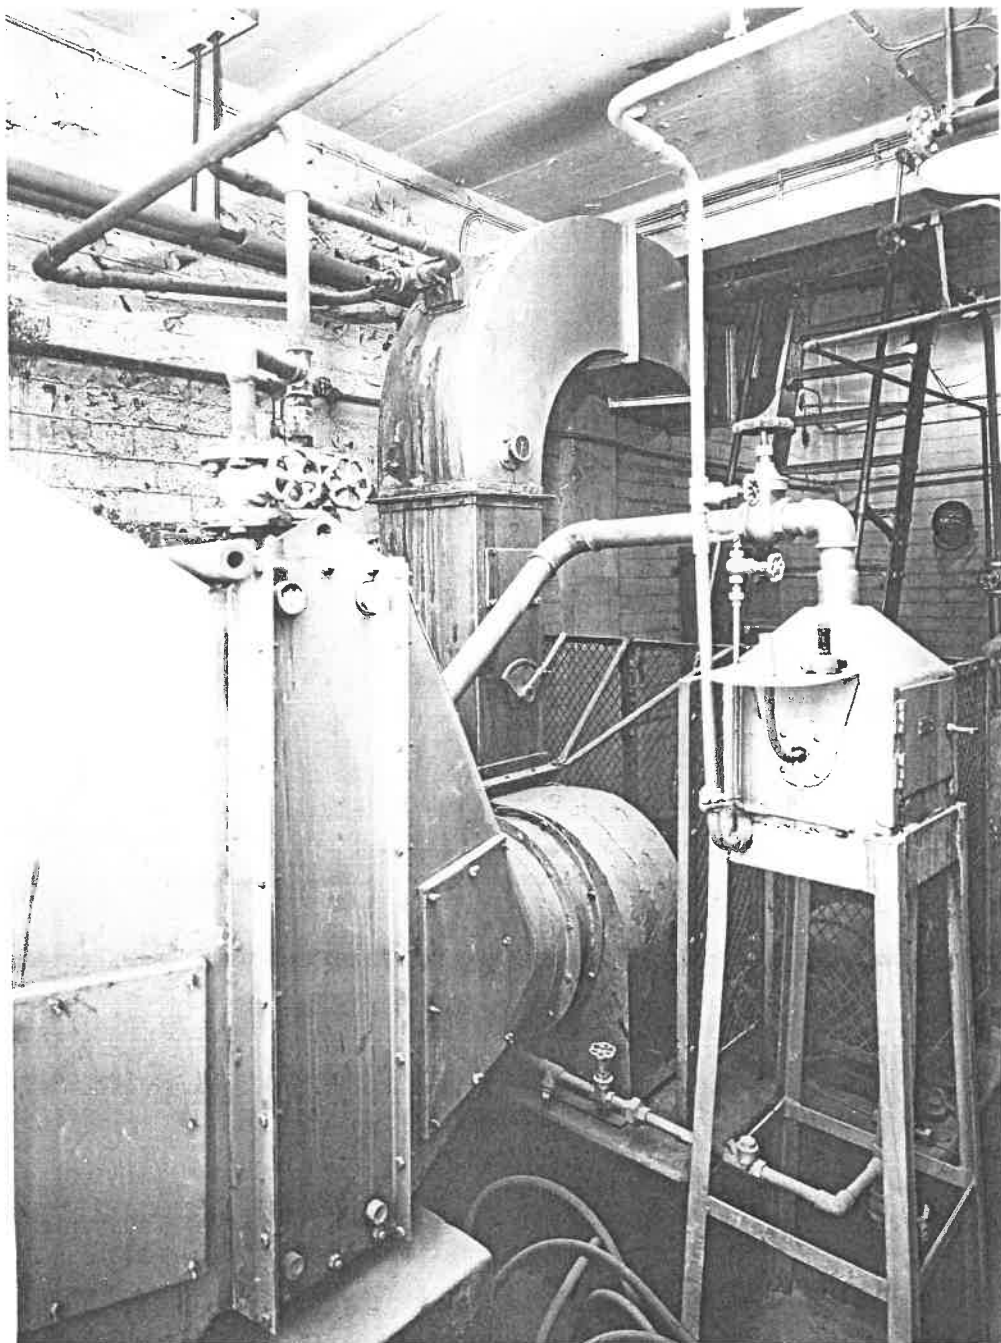

Fig 41 Caphouse Pit. Plenum plant in basement boiler room of pithead baths.
RCHME AA97/5018.

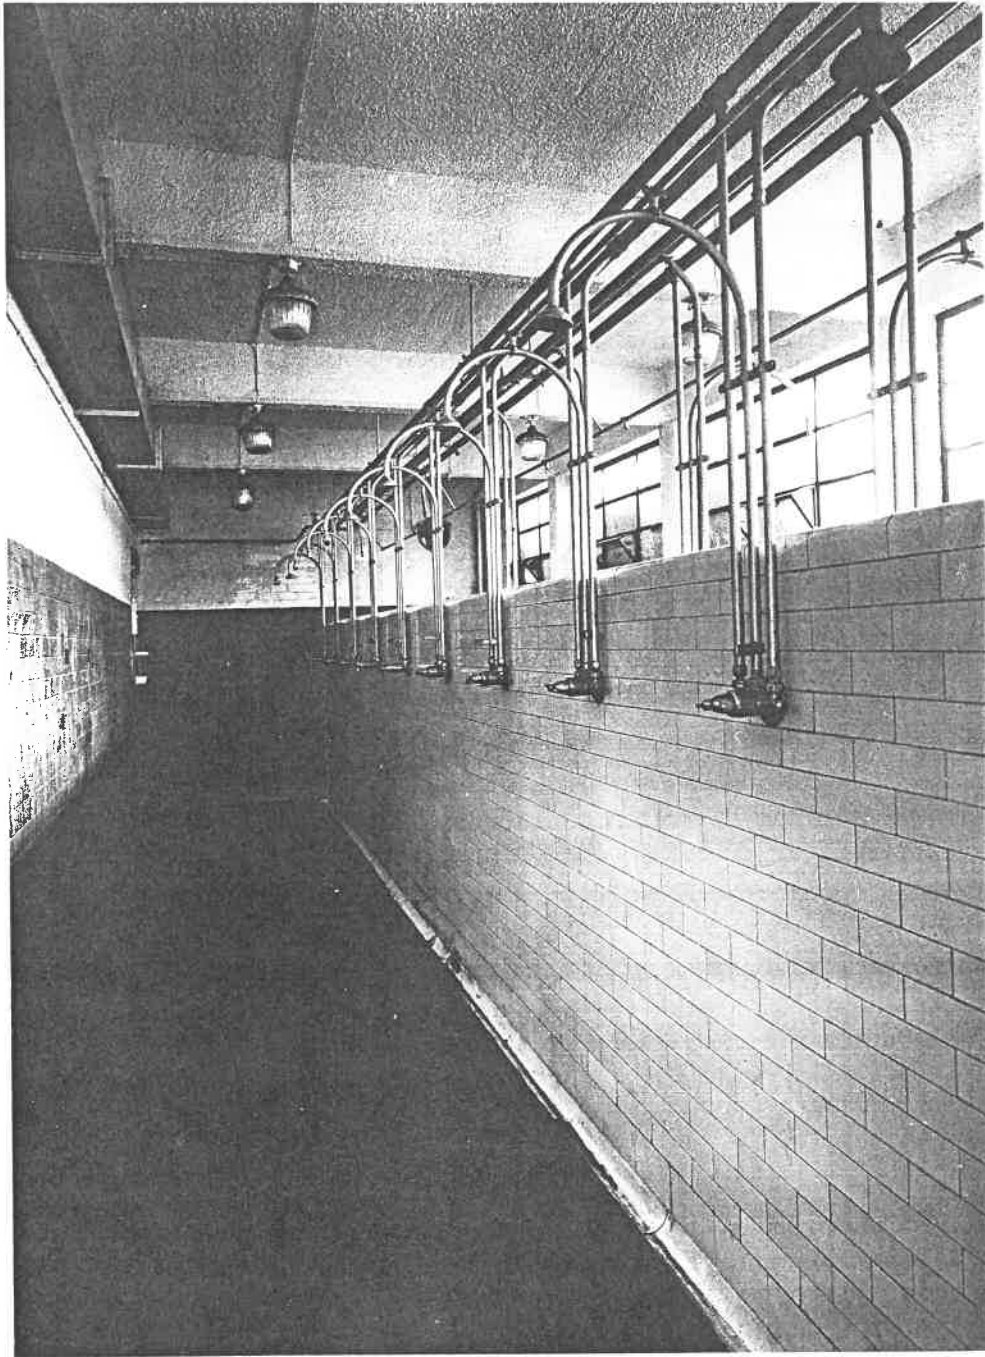

Fig 42 Caphouse Pit. Shower room in pithead baths.
RCHME AA97/5014.

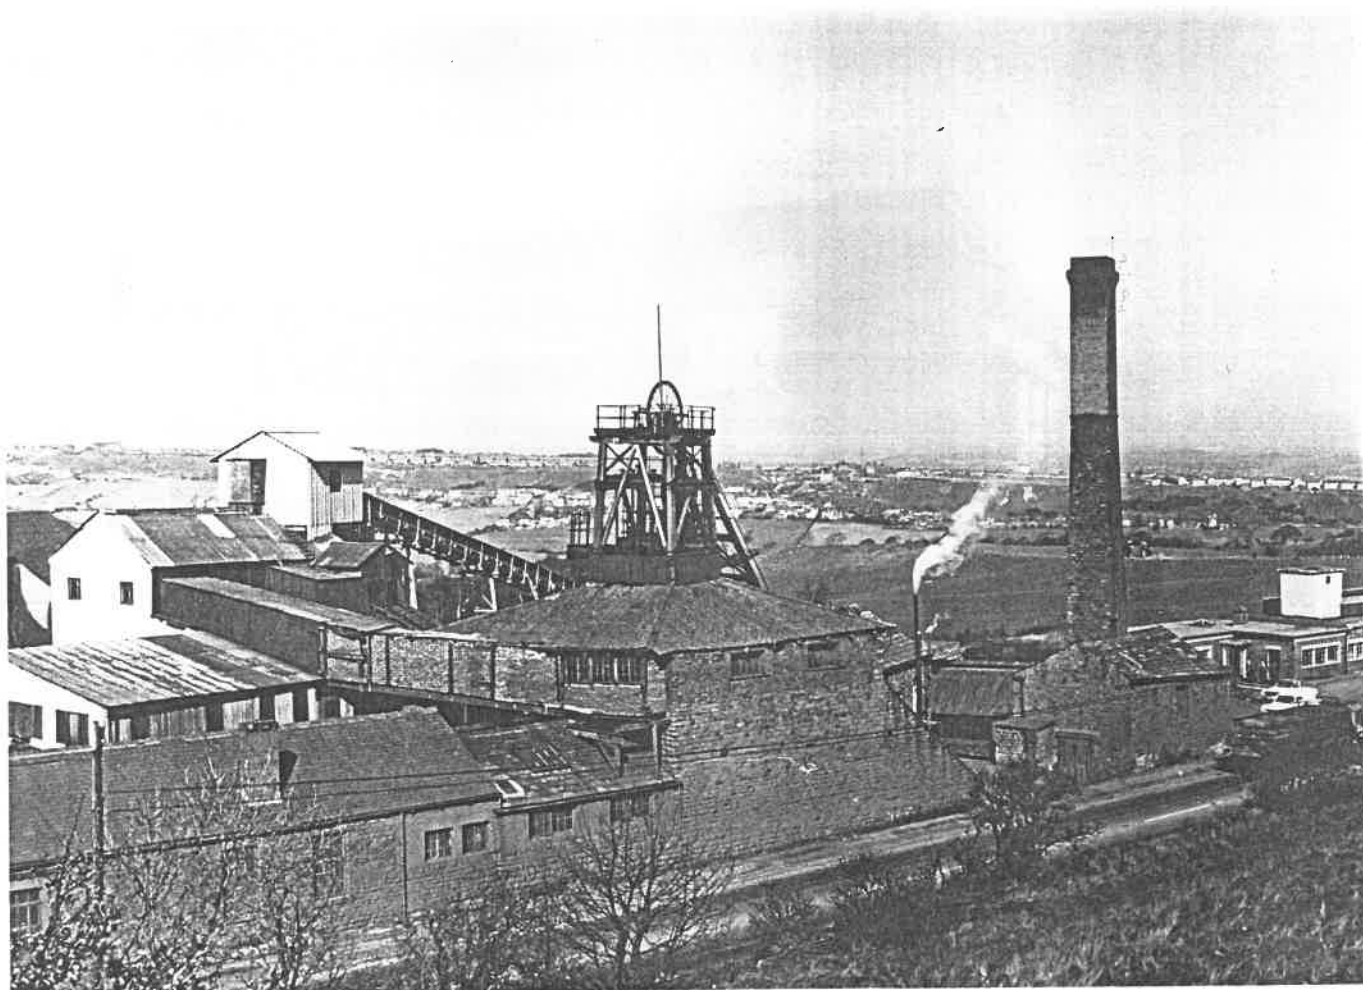

Fig 43 Caphouse Pit. General view including administration block on extreme right before it was extended.
NCMME.

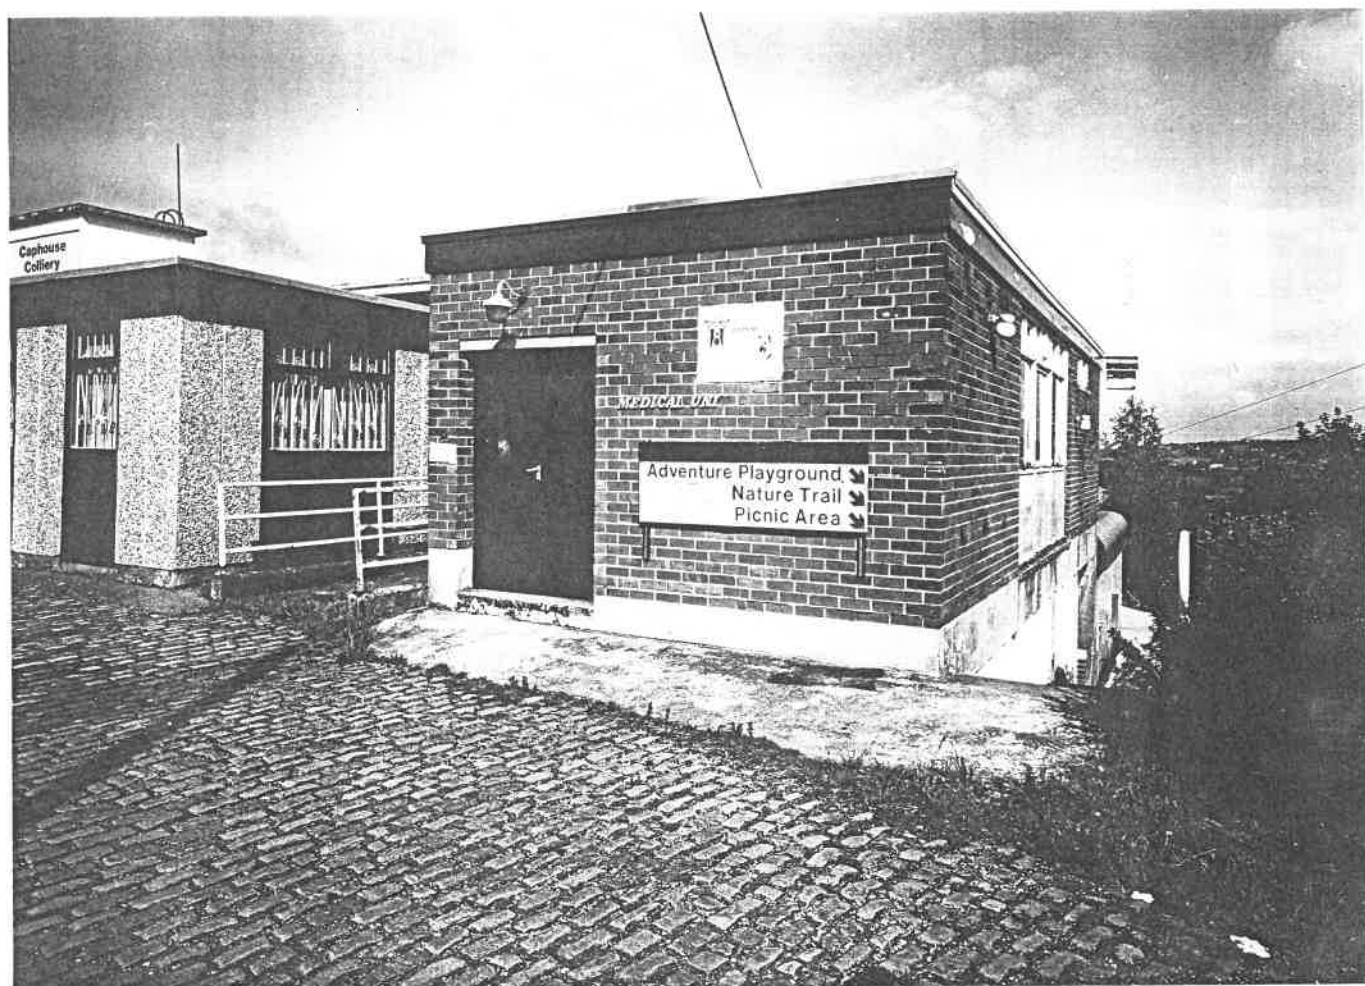

Fig 44 Caphouse Pit. Medical centre and safety office added to and built in front of pithead baths.
RCHME AA97/5003.

Fig 45 Caphouse Pit. Interior of treatment room in medical unit.
RCHME AA97/5019.

Fig 46 Caphouse Pit. Control room with conveyor from drift and exhibition building beyond.
RCHME AA97/5030.

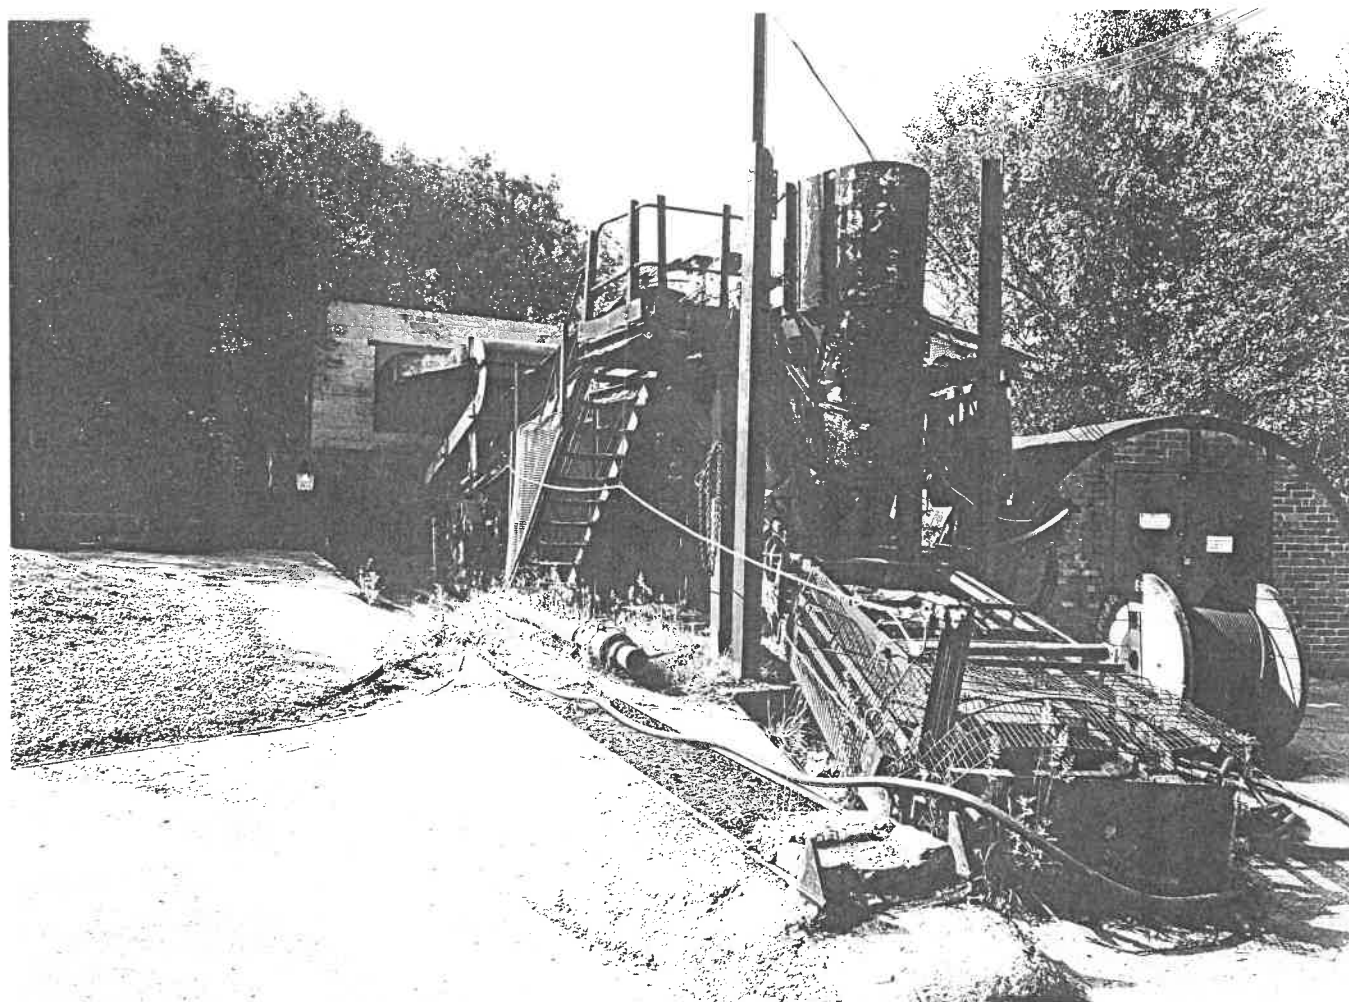

Fig 47 Caphouse Pit. Conveyor and later fan house at head of drift.
RCHME AA97/5022.

Fig 48 Caphouse Pit. Rope haulage train shed and workshop; haulage house beyond.
RCHME AA97/5020.

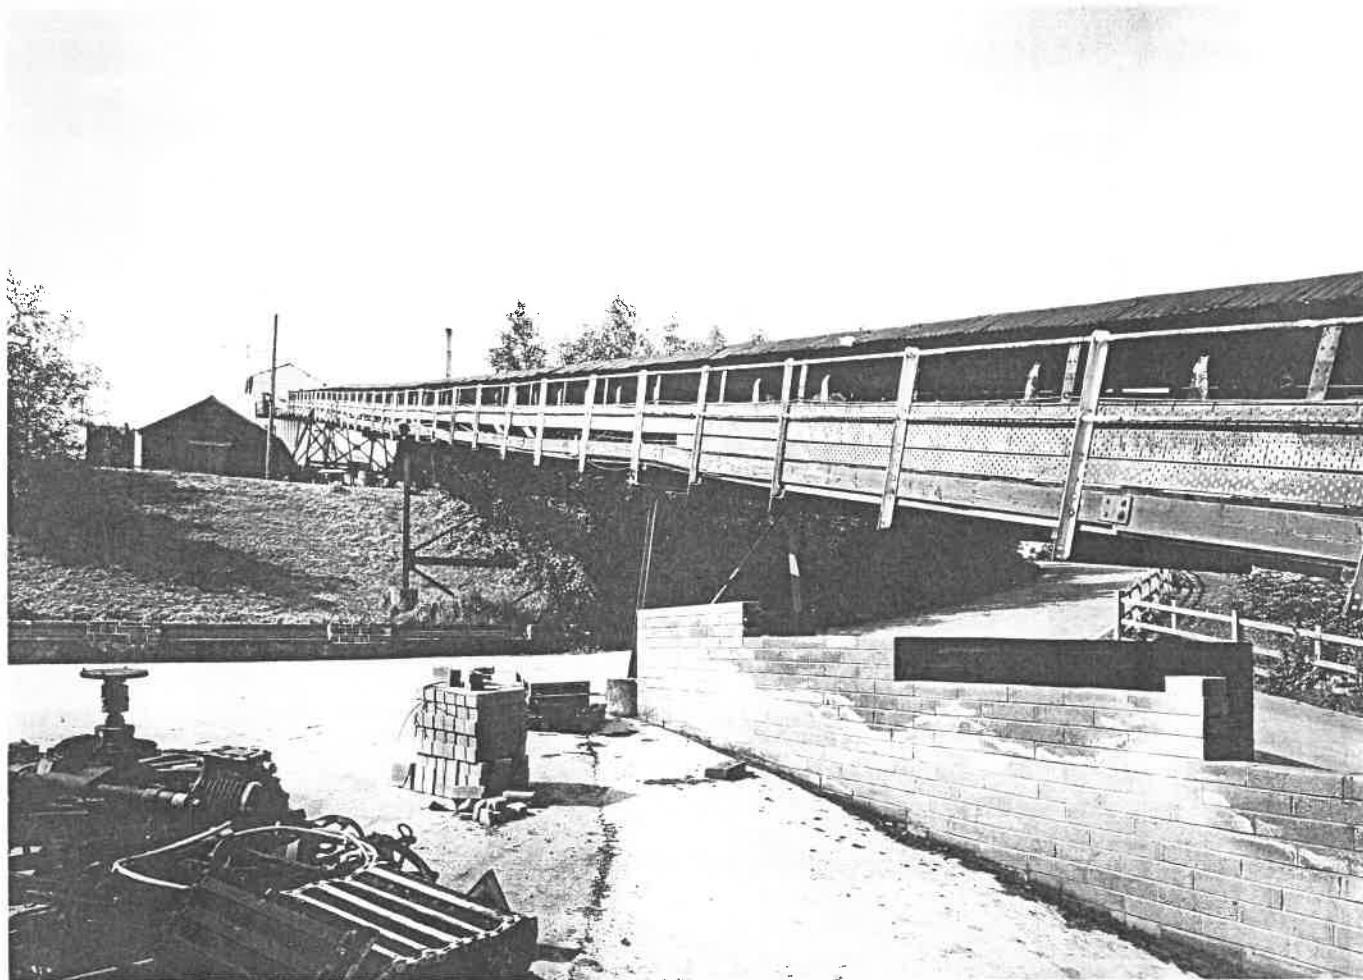

Fig 49 Caphouse Pit. Conveyor from drift rising to screens building.
RCHME AA97/5025.

Fig 50 Caphouse Pit. Explosives store and yard.
RCHME AA97/4960.

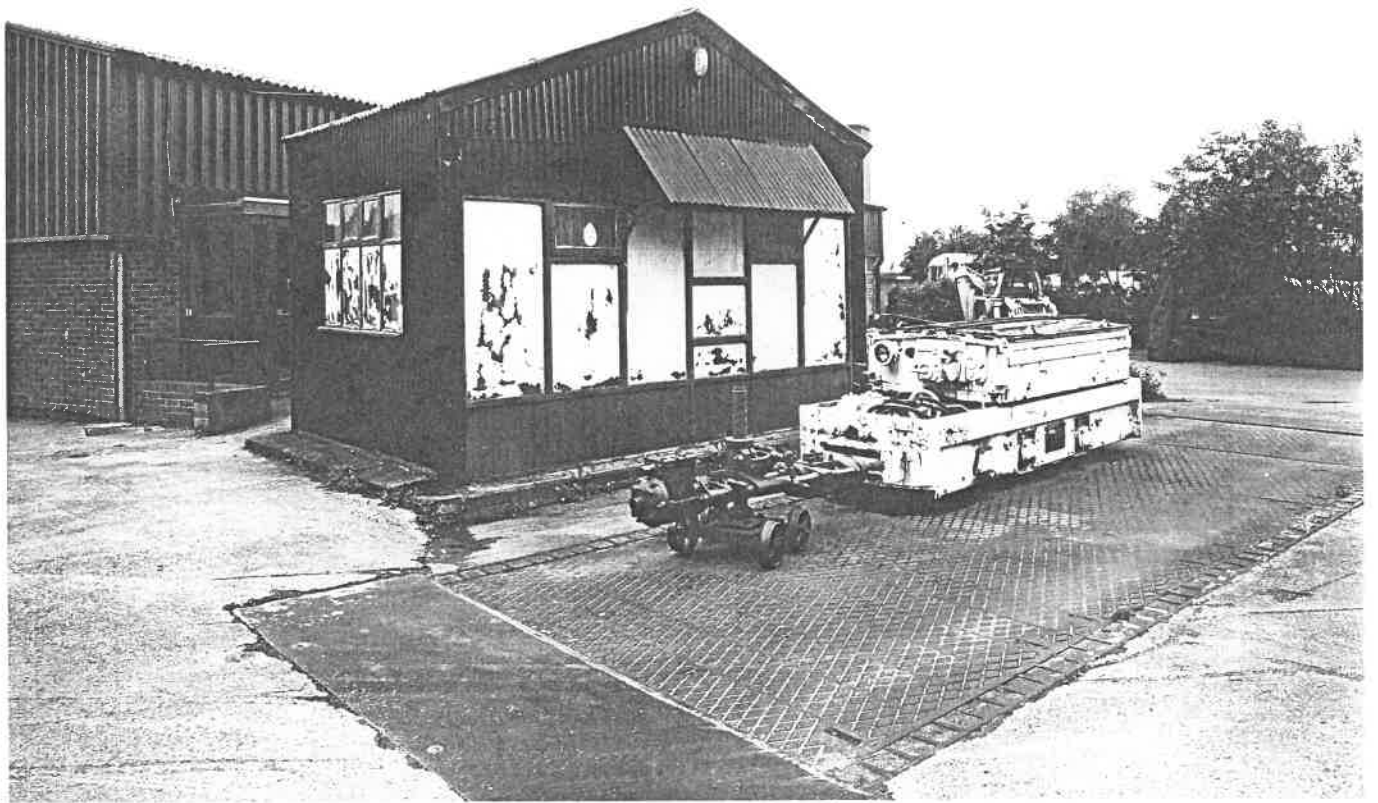

Fig 51 Caphouse Pit. Weigh office and weighbridge.
RCHME AA97/4942.

Fig 52 Caphouse Pit. Exhibition building.
RCHME AA97/5031.

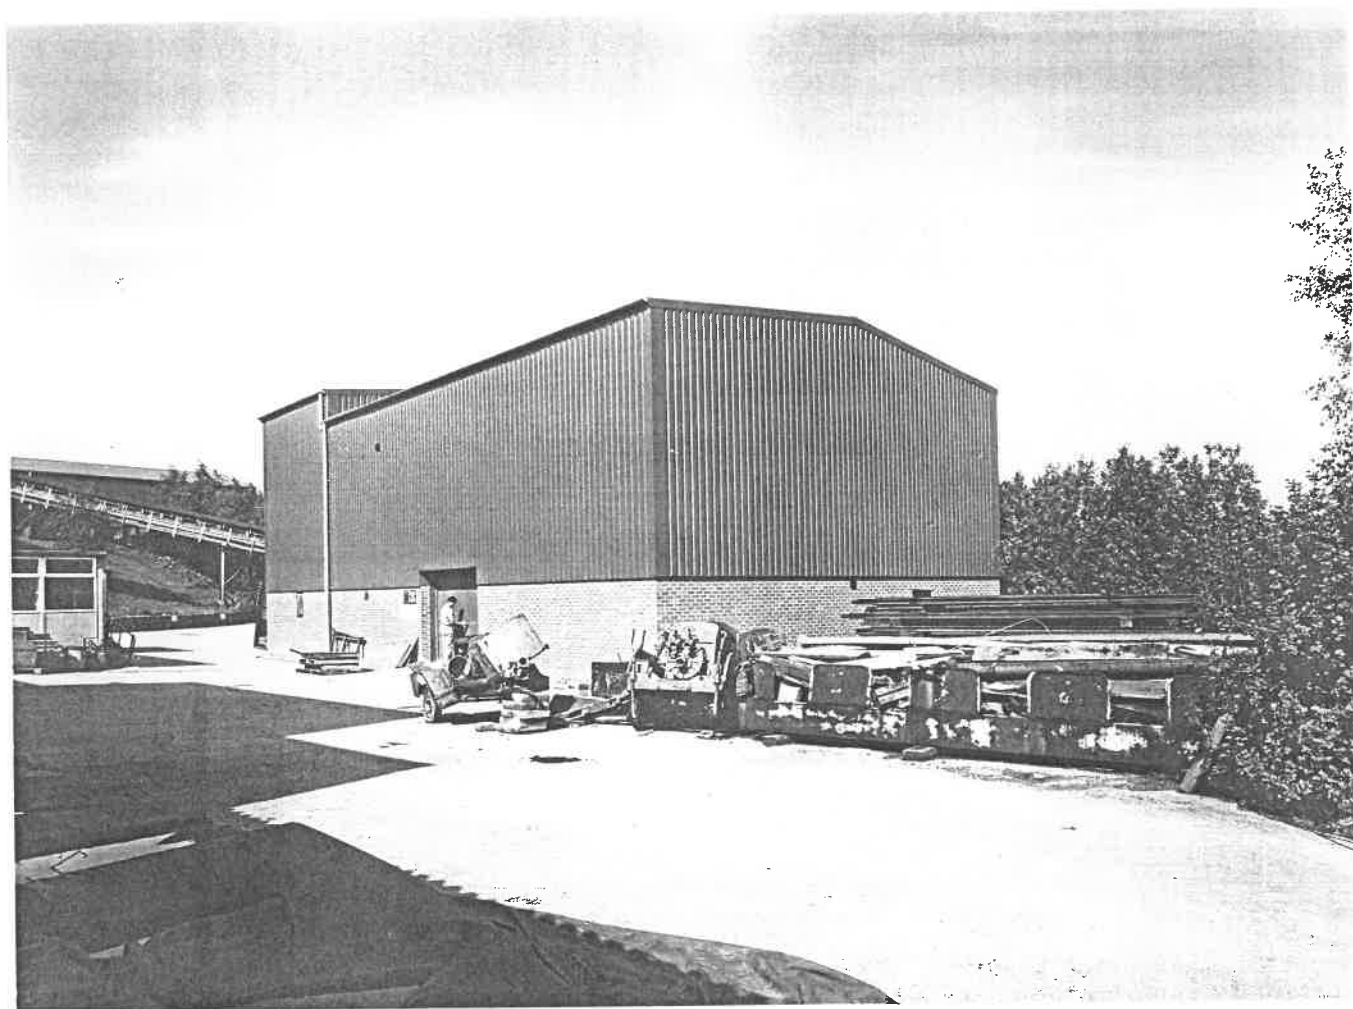

Fig 53 Caphouse Pit. British Coal Collection building.
RCHME AA97/5032.

Fig 54 Caphouse Pit. Open-arched store adjacent to British Coal Collection building.
RCHME AA97/5034.

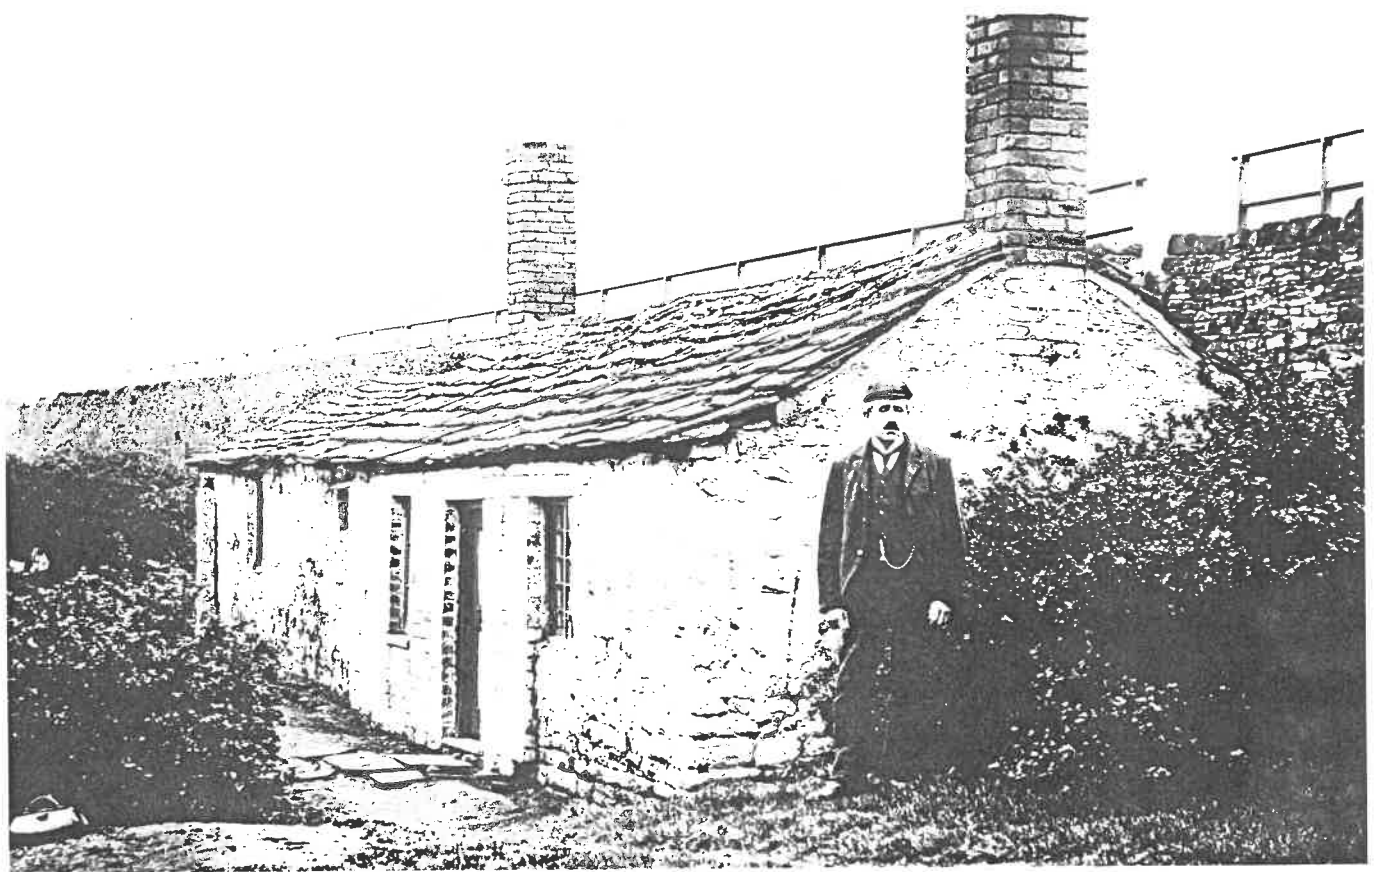

Fig 55 Caphouse Pit. Cabins, the now-demolished cottage north of the pit.
NCMME.

Caphouse Muck Stack
 Build on Steep Clay
 Trench at the Bottom
 Rolling Heaps of Clay
 Trees before it - Sloping
 1/4 the Back forming
 also Powder Magazine

Fig 56 Caphouse Pit. Drawing by Cyril Schofield of the Caphouse muck stack with the powder magazine beside the field boundary at its foot.
 NCMME.

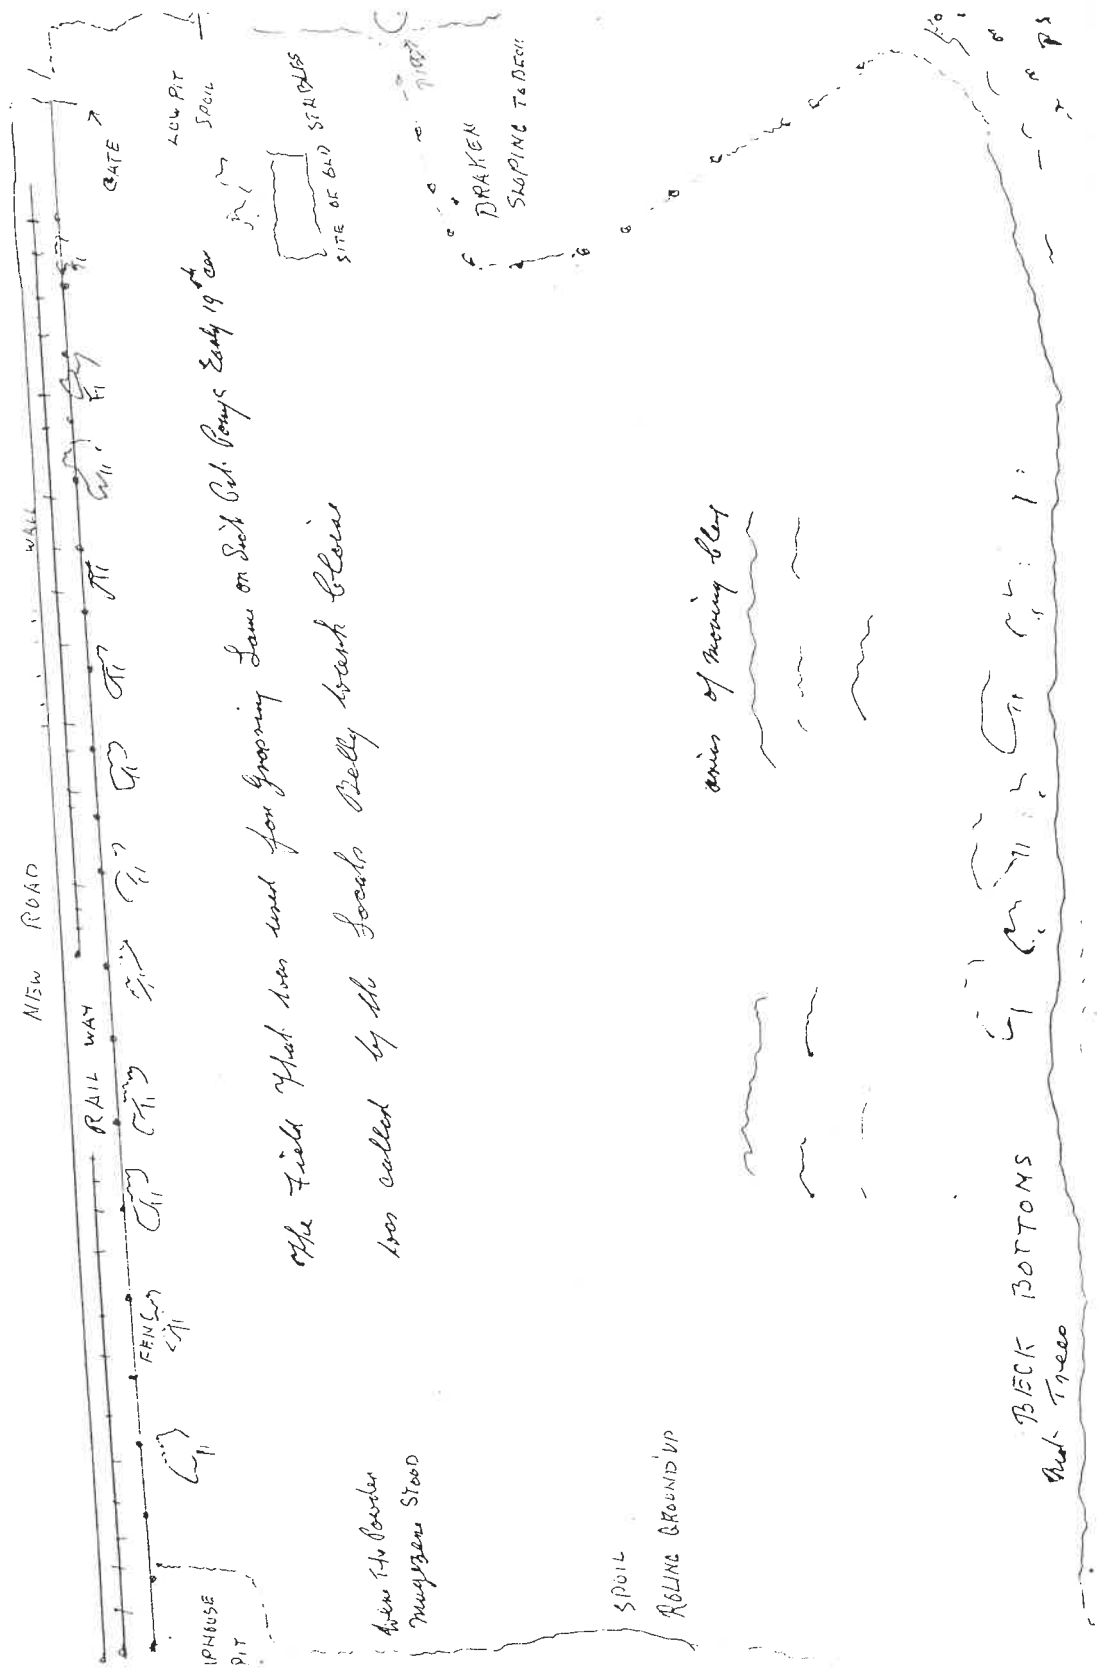

Fig 57 Caphouse Pit. Drawing by Cyril Schofield of the field between Caphouse and Hope (Low) Pits once used for putting lame and sick ponies on. The site of the former powder magazine is noted.
NCMME.

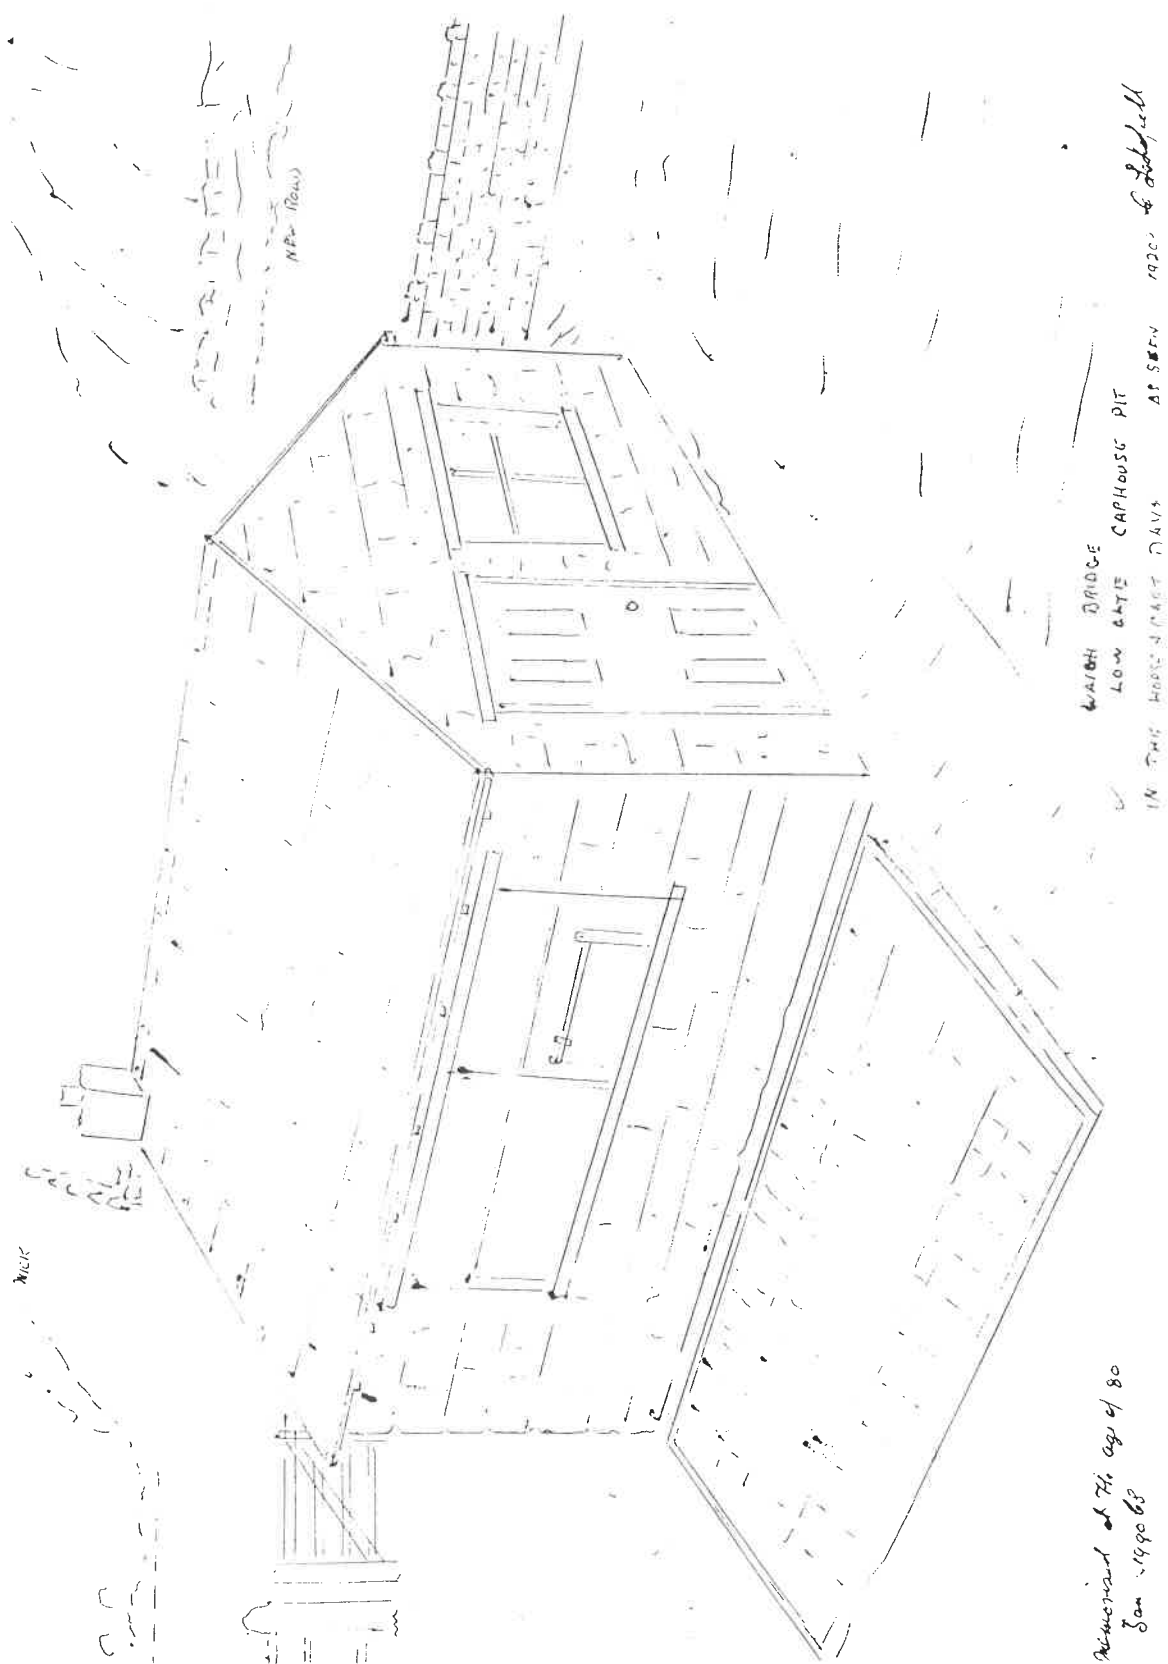

Fig 58 Caphouse Pit. Drawing by Cyril Schofield of the weigh house and weighbridge formerly at the entrance north of where the pithead baths were built.
NCMME.

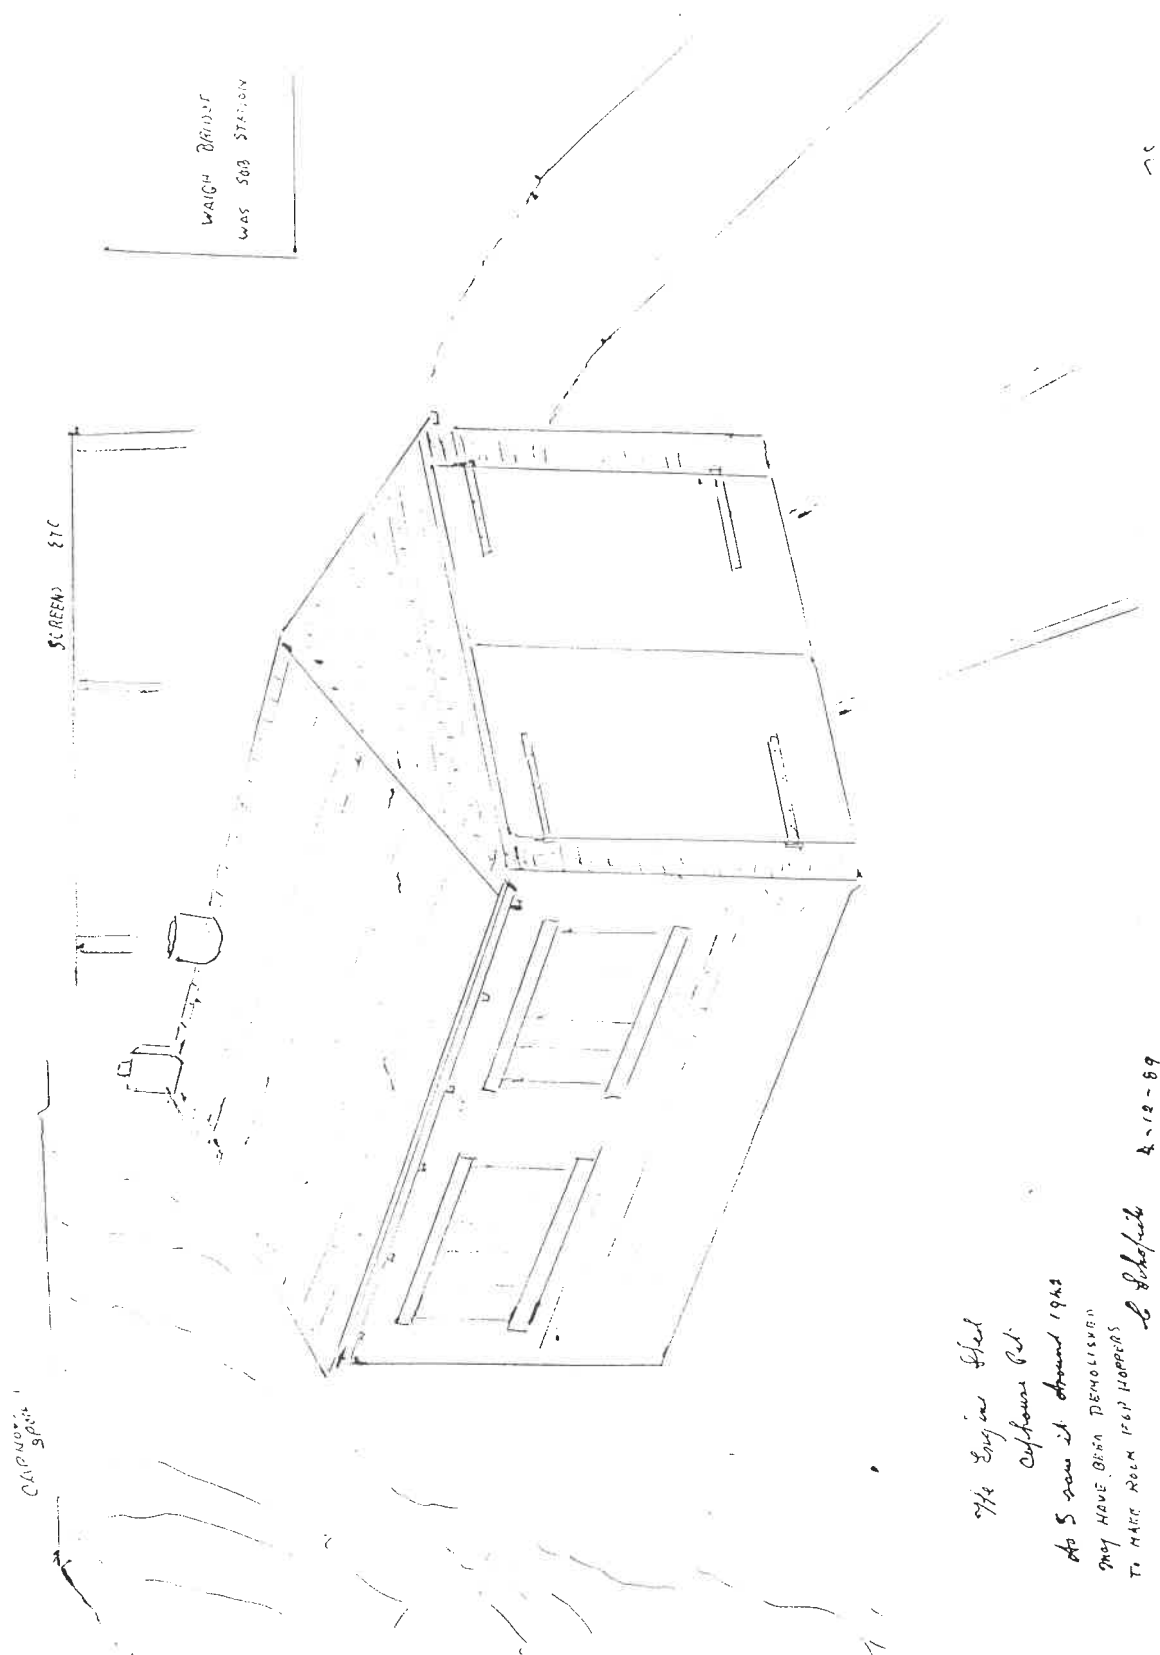

Fig 59 Caphouse Pit. Drawing by Cyril Schofield of the engine shed south west of the screens building.
NCMME.

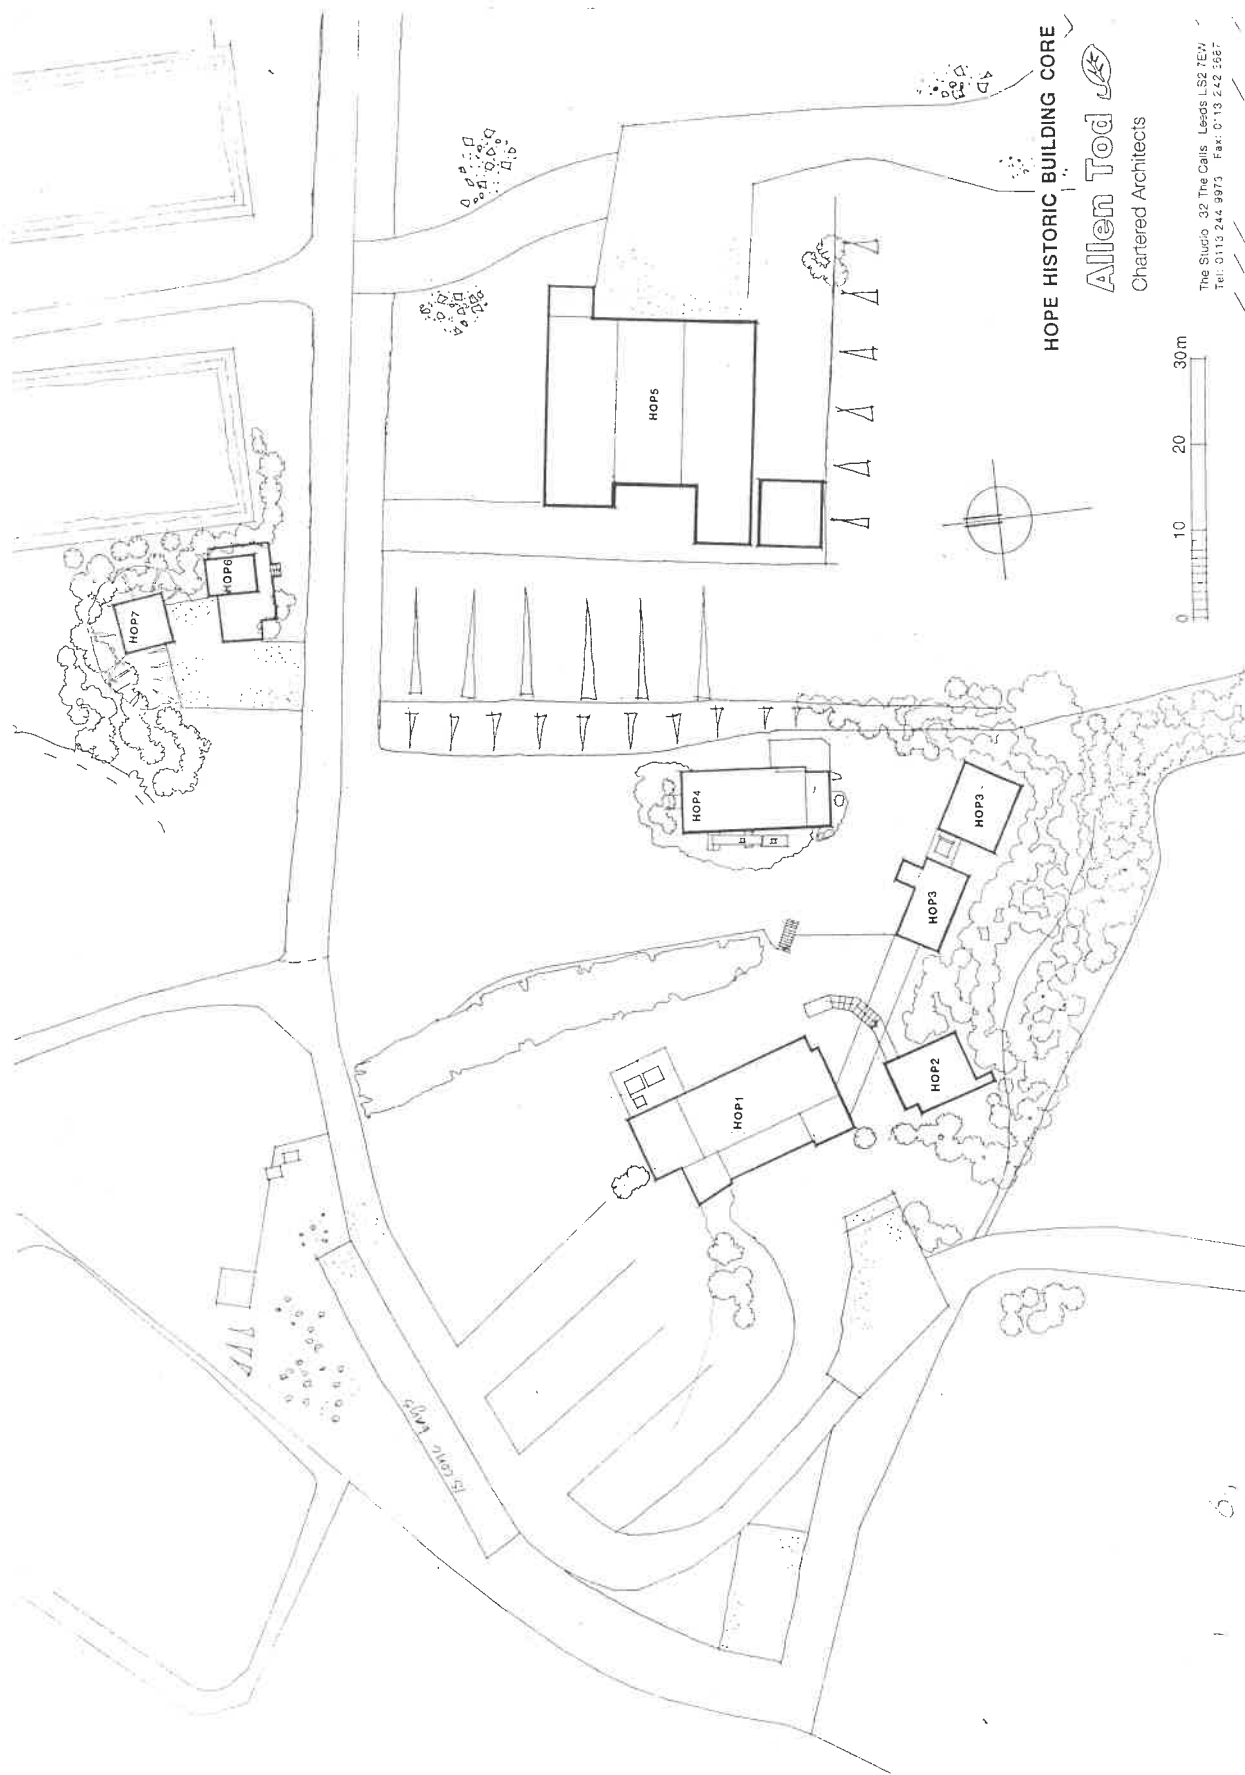

Fig 60 Block Plan of Hope Pit and Inman Shaft.
Allen Tod Architecture Limited.

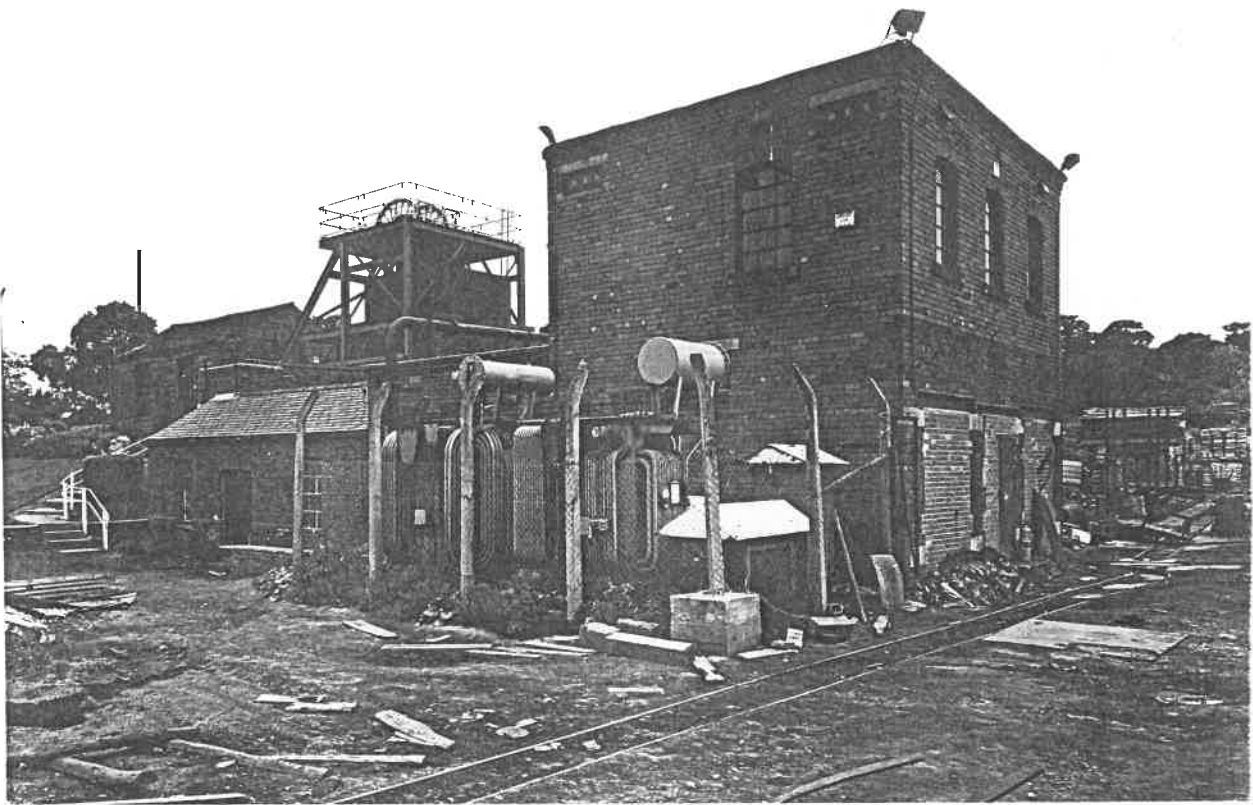

Fig 61 Hope Pit. Fan house and electricity substation, etc., with heapstead and steel headframe, and electric winding engine house, beyond.
RCHME BB93/8166.

Fig 62 Hope Pit. Stockyard with track leading to doorway to mine shaft. Electricity substation, etc., on left, heapstead and steel headframe beyond.
RCHME BB93/8170.

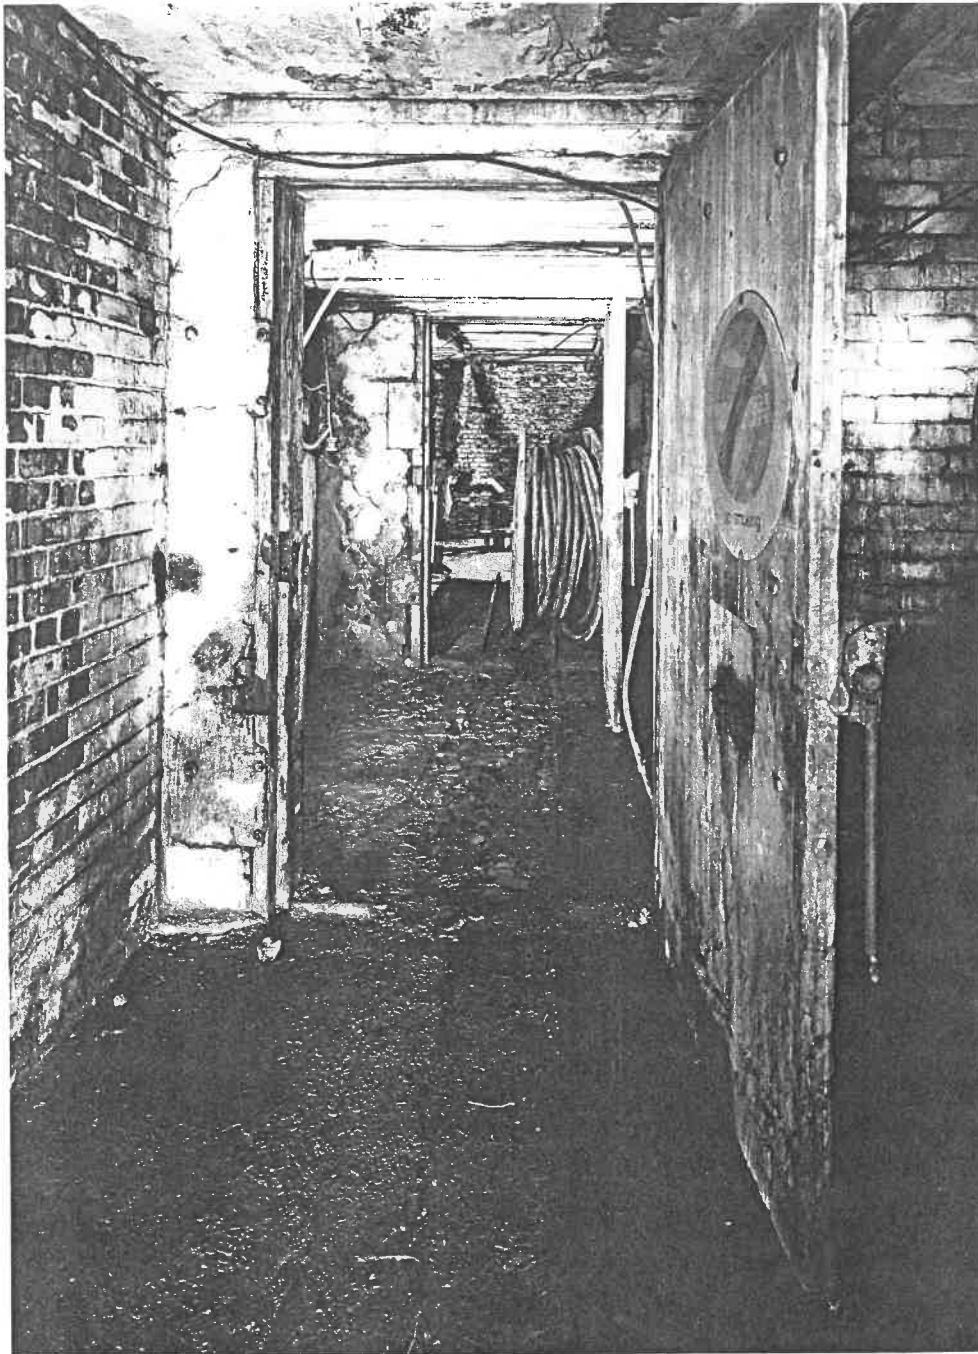

Fig 63 Hope Pit. Air lock and passage leading to head of shaft.
RCHME AA97/5040.

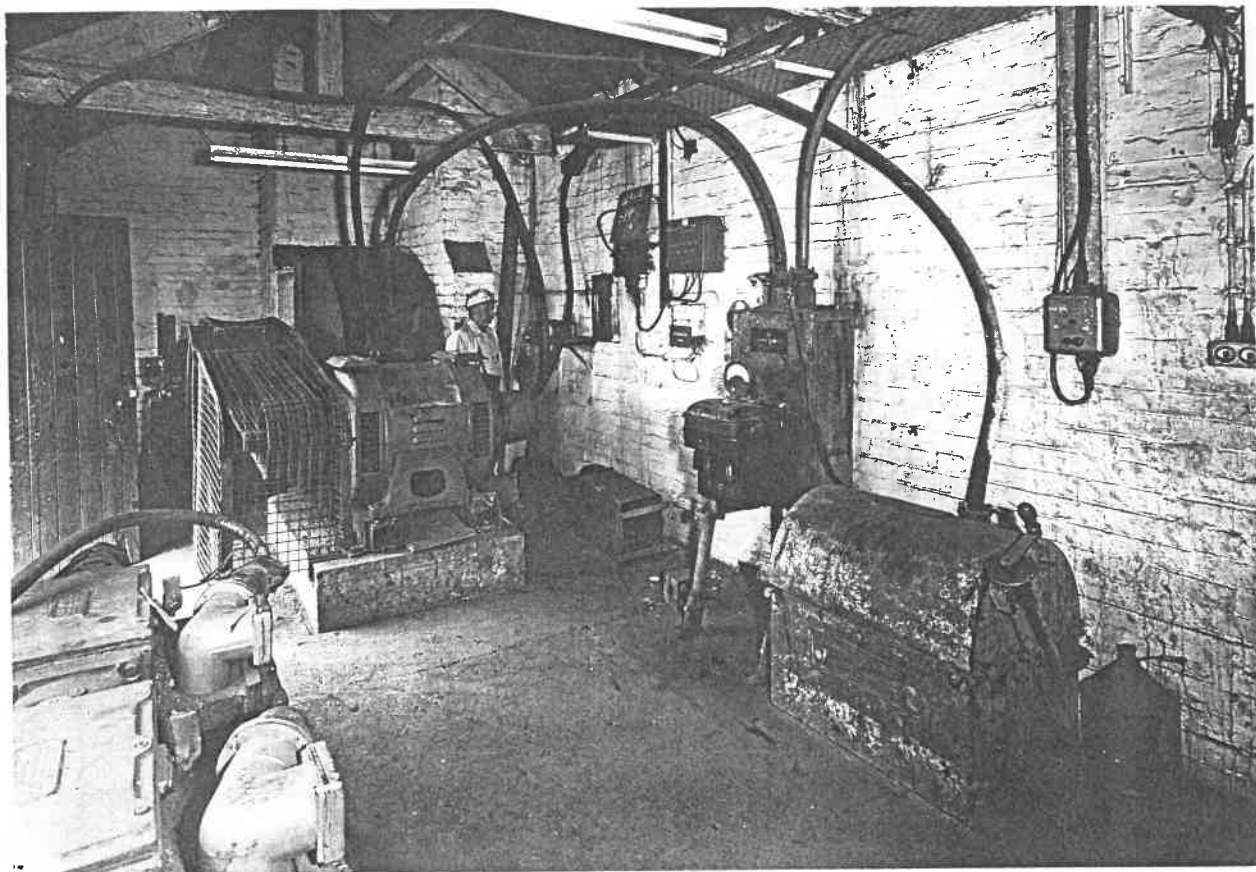

Fig 64 Hope Pit. Interior of fan house in 1981.
RCHME BB93/8176.

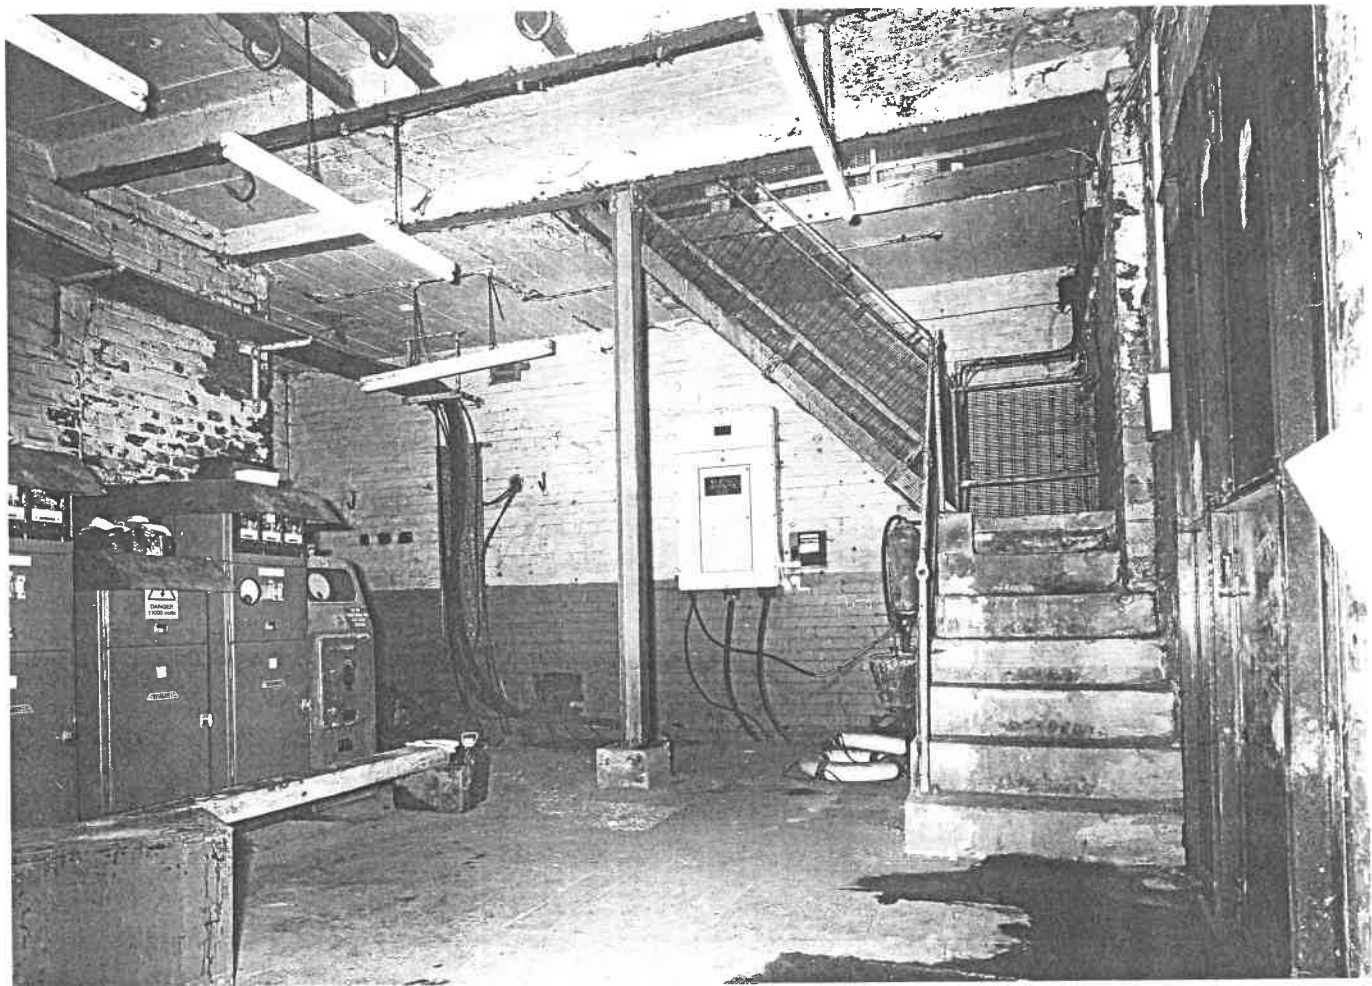

Fig 65 Hope Pit. Ground-floor room inside electricity substation.
RCHME AA97/5042.

Fig 66 Hope Pit. Electric winding engine house, heapstead and steel headframe.
RCHME BB93/8164.

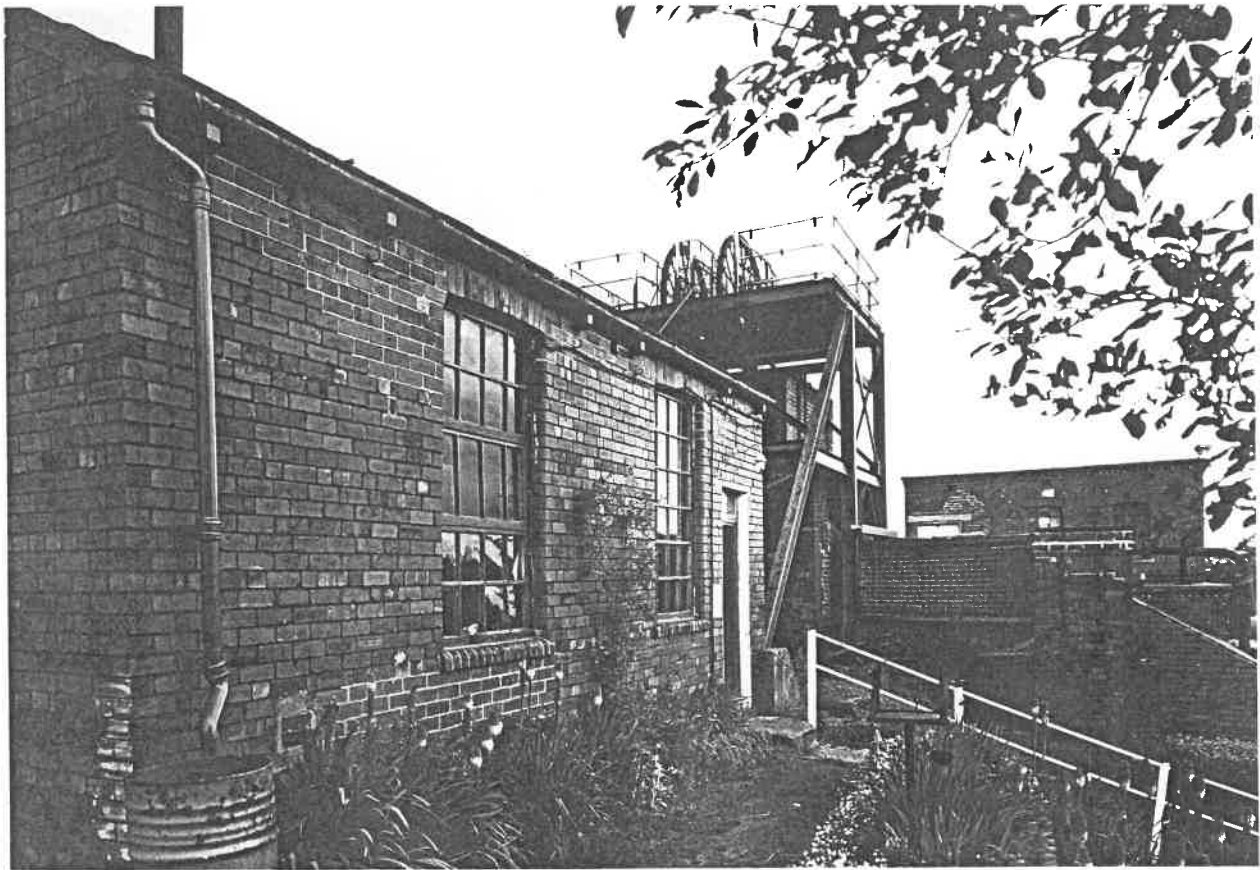

Fig 67 Hope Pit. Electric winding engine house with heapstead with contemporary fan drift and later steel headframe beyond, and upper storey of electricity substation in the distance.
RCHME BB93/8165.

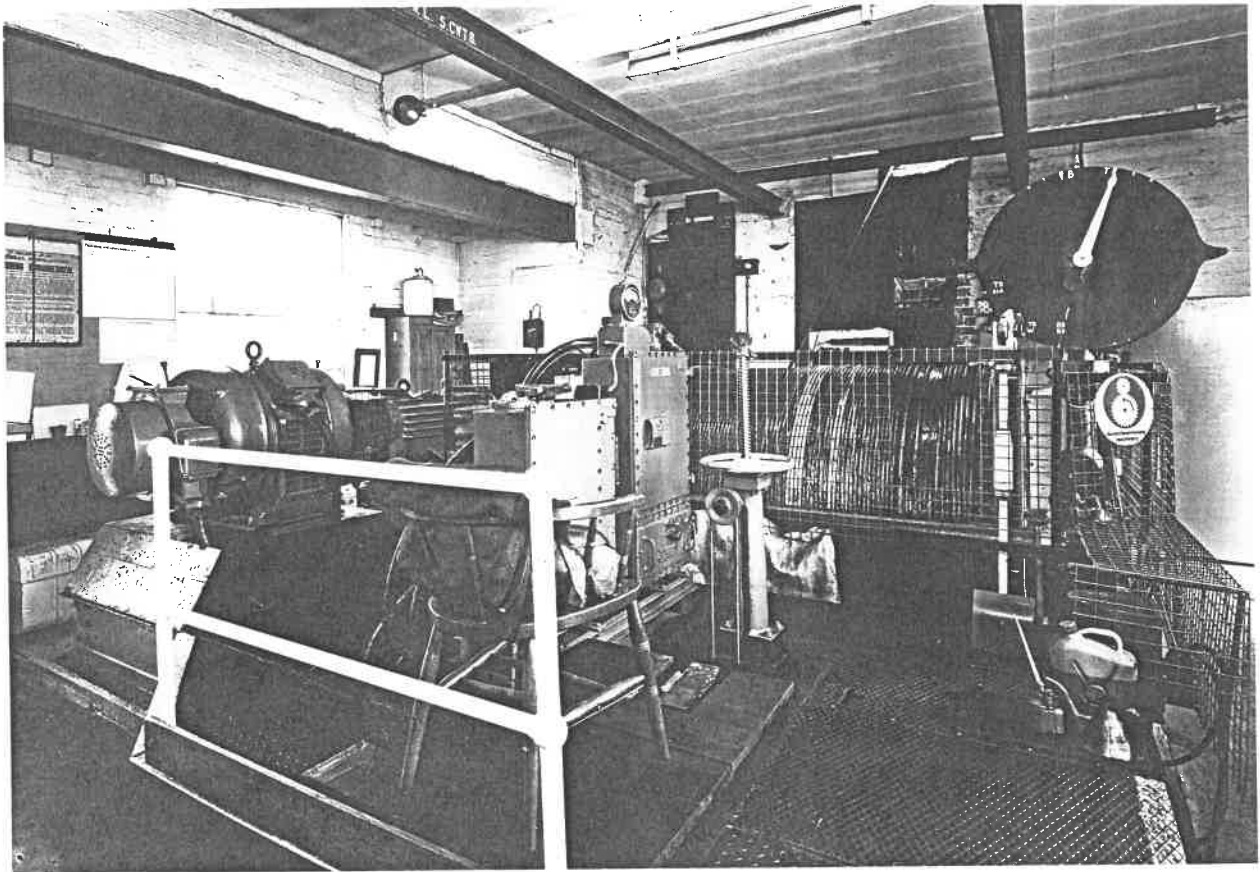

Fig 68 Hope Pit. Interior of electric winding engine house.
RCHME BB93/8177.

Fig 69 Hope Pit. New fan house, fan drift and Tornado Air Reversal Fan.
RCHME AA97/5045.

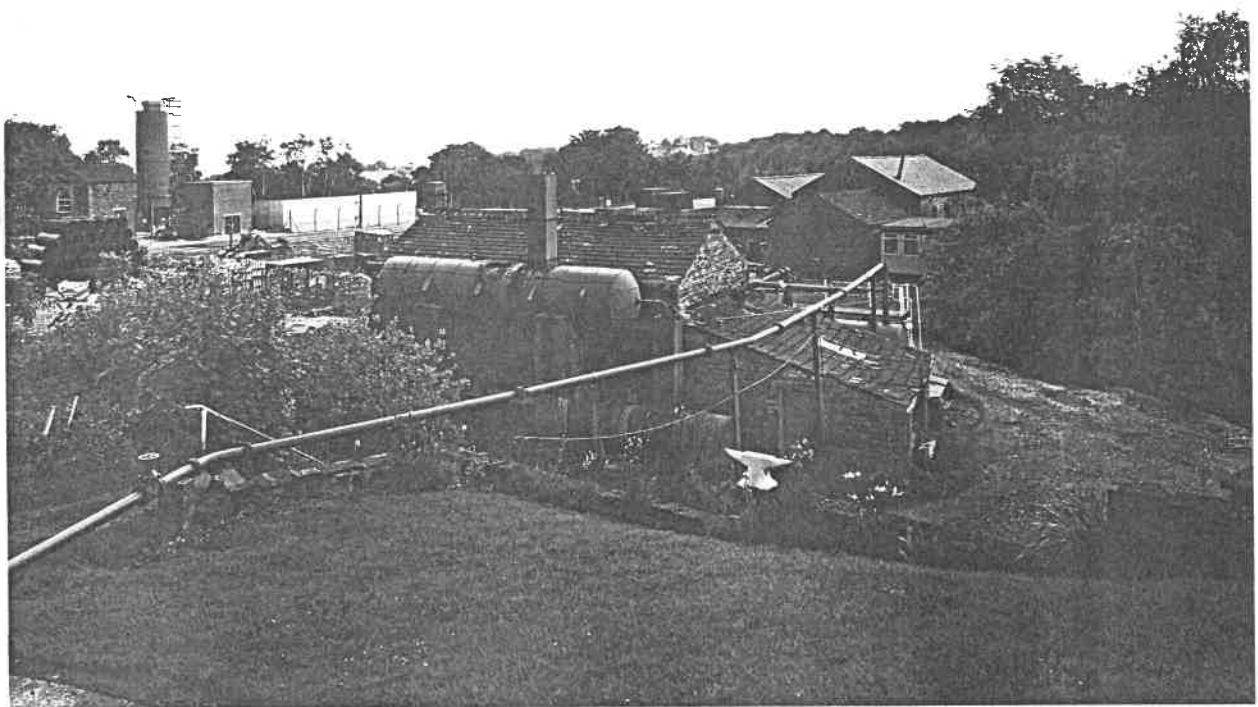

Fig 70 Hope Pit and Inman Shaft. General view looking across from garden of electric winding engine house.
RCHME BB93/8172.

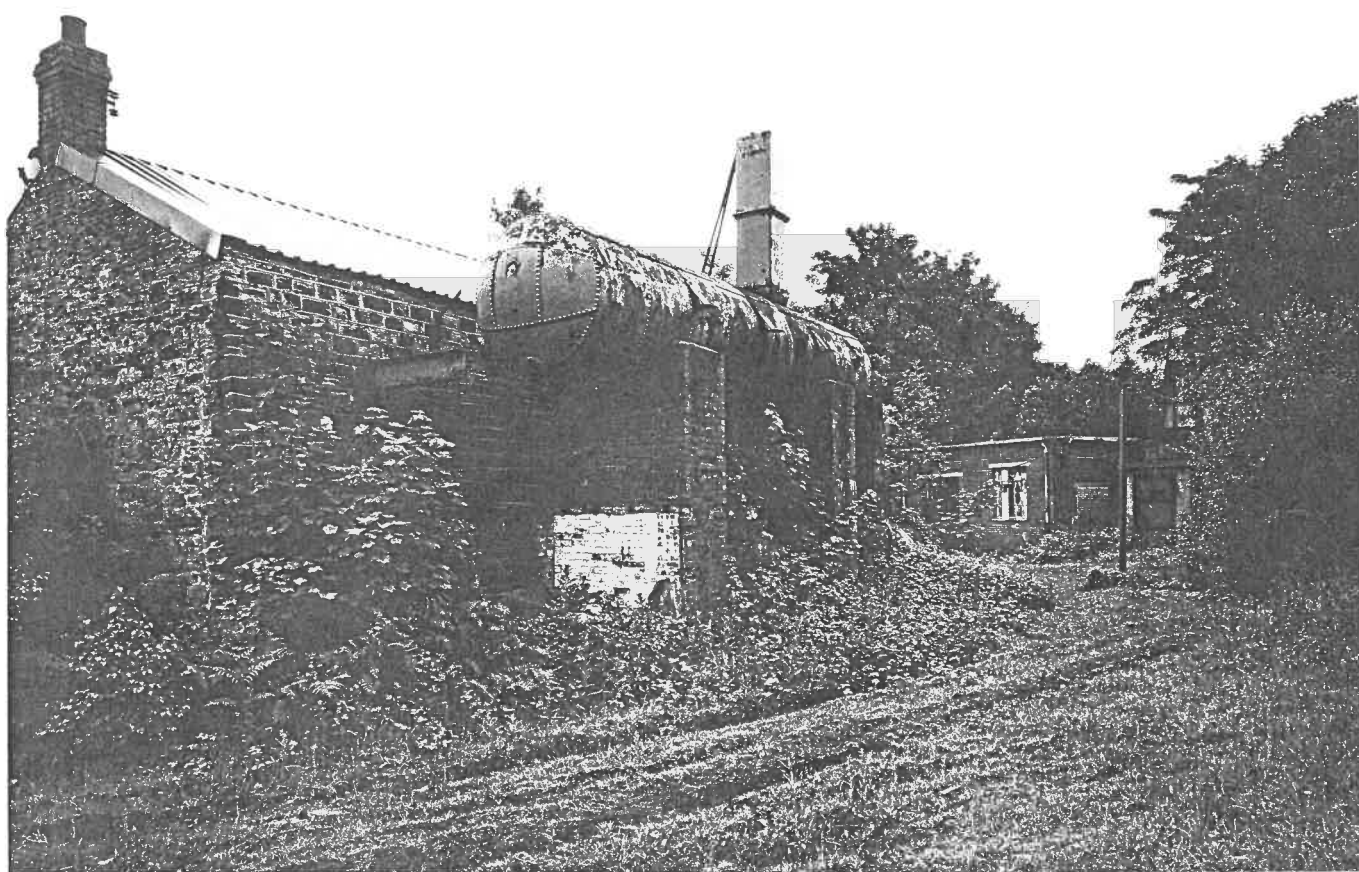

Fig 71 Hope Pit. Compressor house with new fan house beyond.
RCHME AA97/5047.

Fig 72 Hope Pit. Interior of compressor house, looking south.
RCHME AA97/5049.

Fig 73 Hope Pit. Garages.
RCHME AA97/5052.

Fig 74 Hope Pit. Interior of garages.
RCHME AA97/5054.

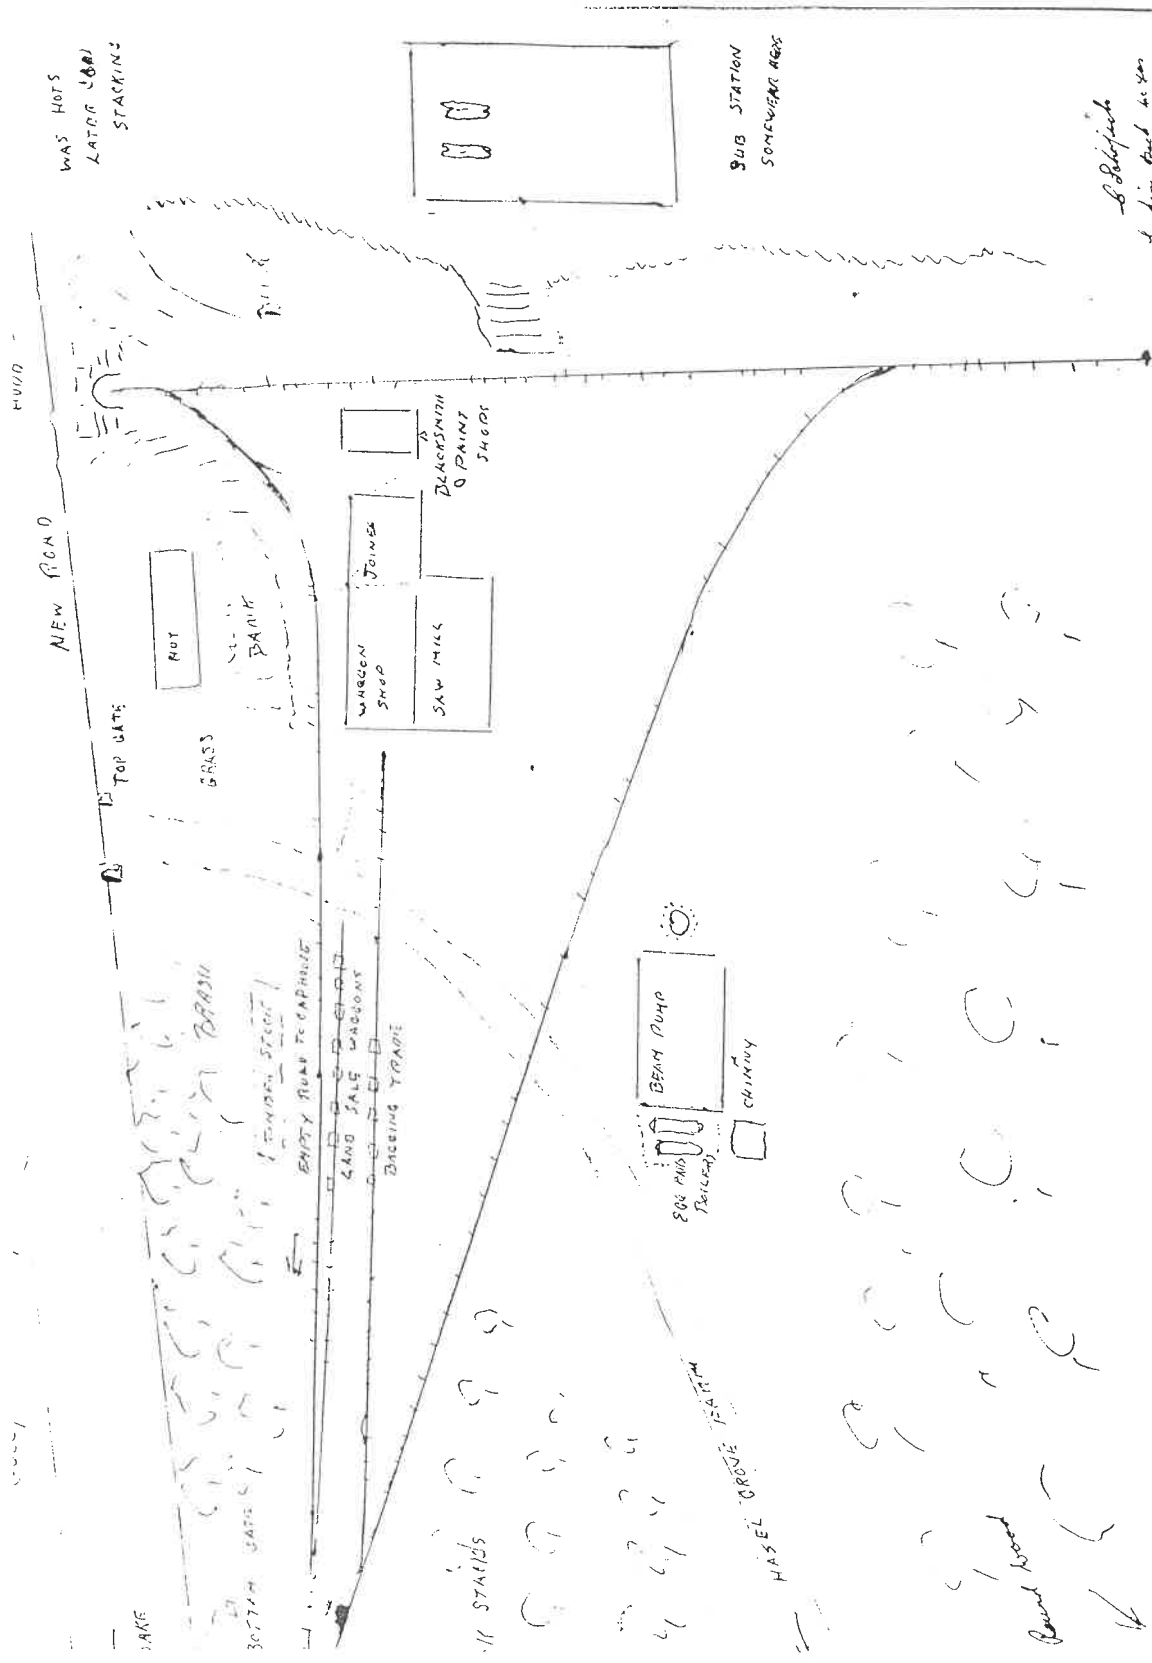

Fig 75 Drawing by Cyril Schofield of the Inman Shaft and the colliery railway lines and buildings east of Hope Pit.
NCMME.

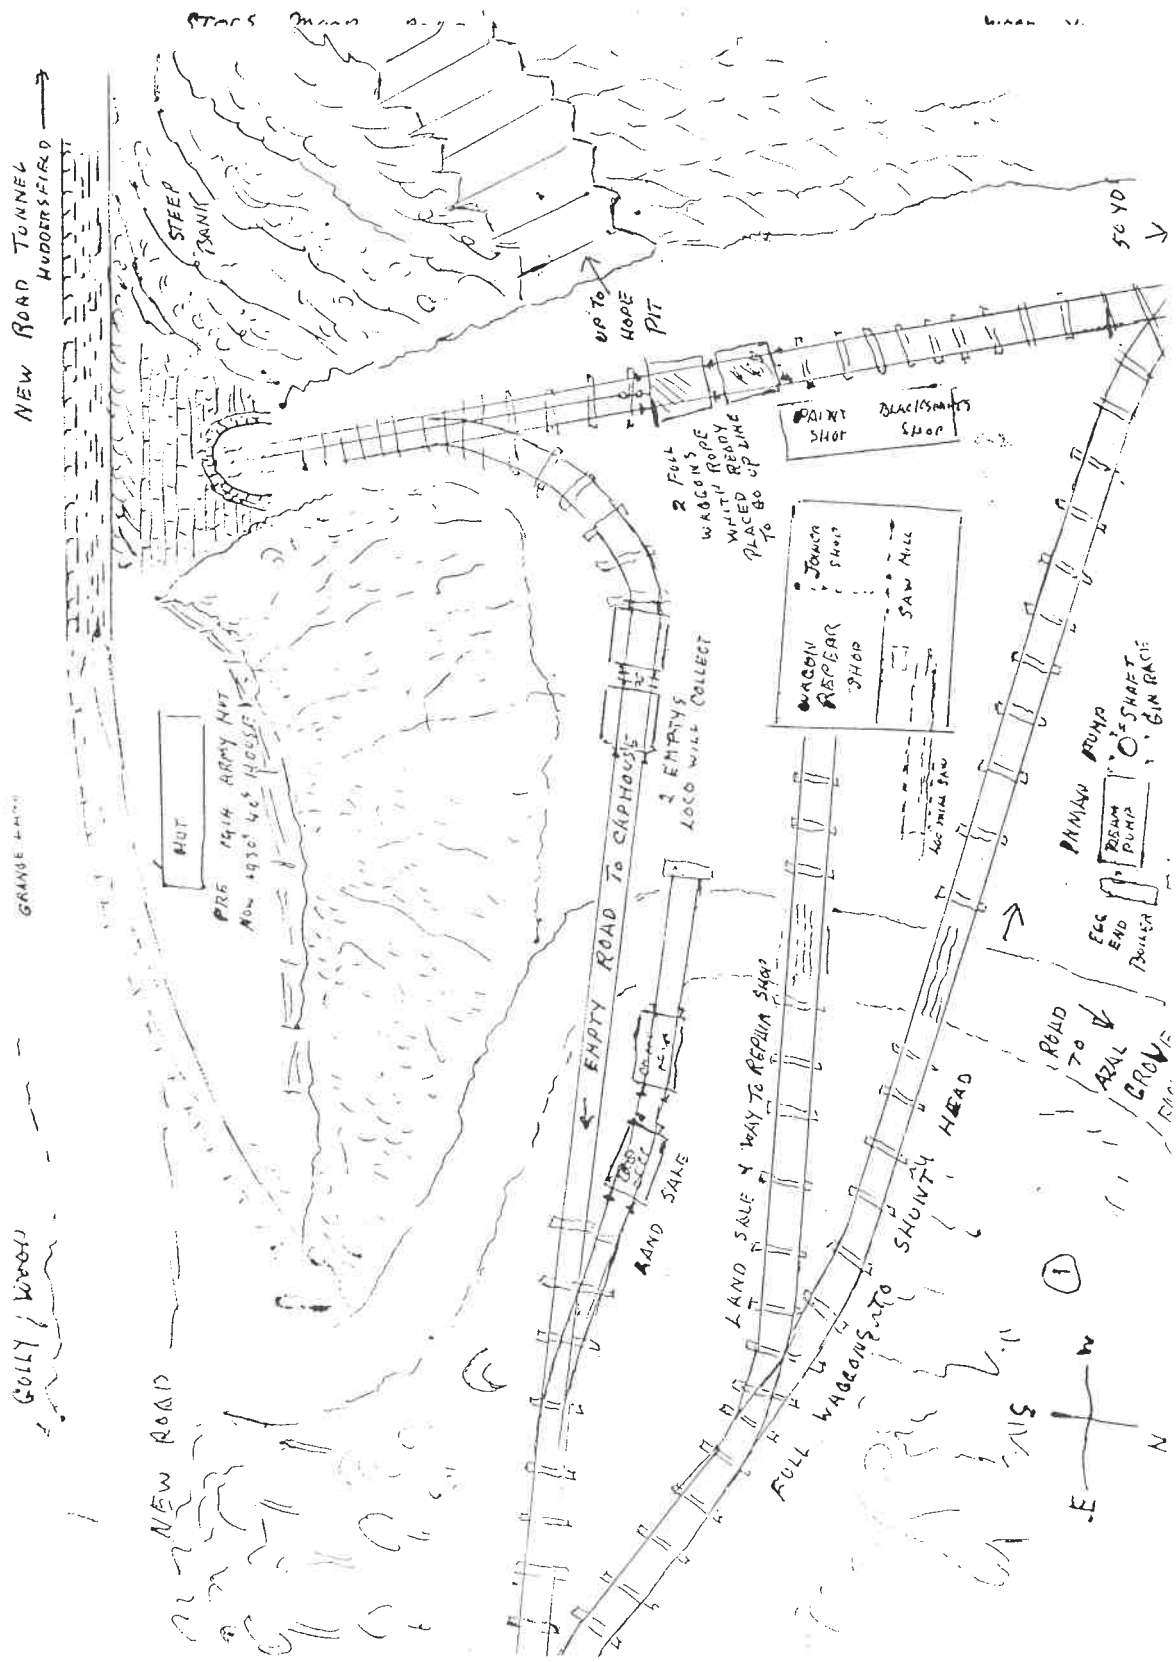

Fig 76 Hope Pit. Drawing by Cyril Schofield of the Inman Shaft and colliery railway lines and buildings immediately east of Hope Pit.
NCMME.

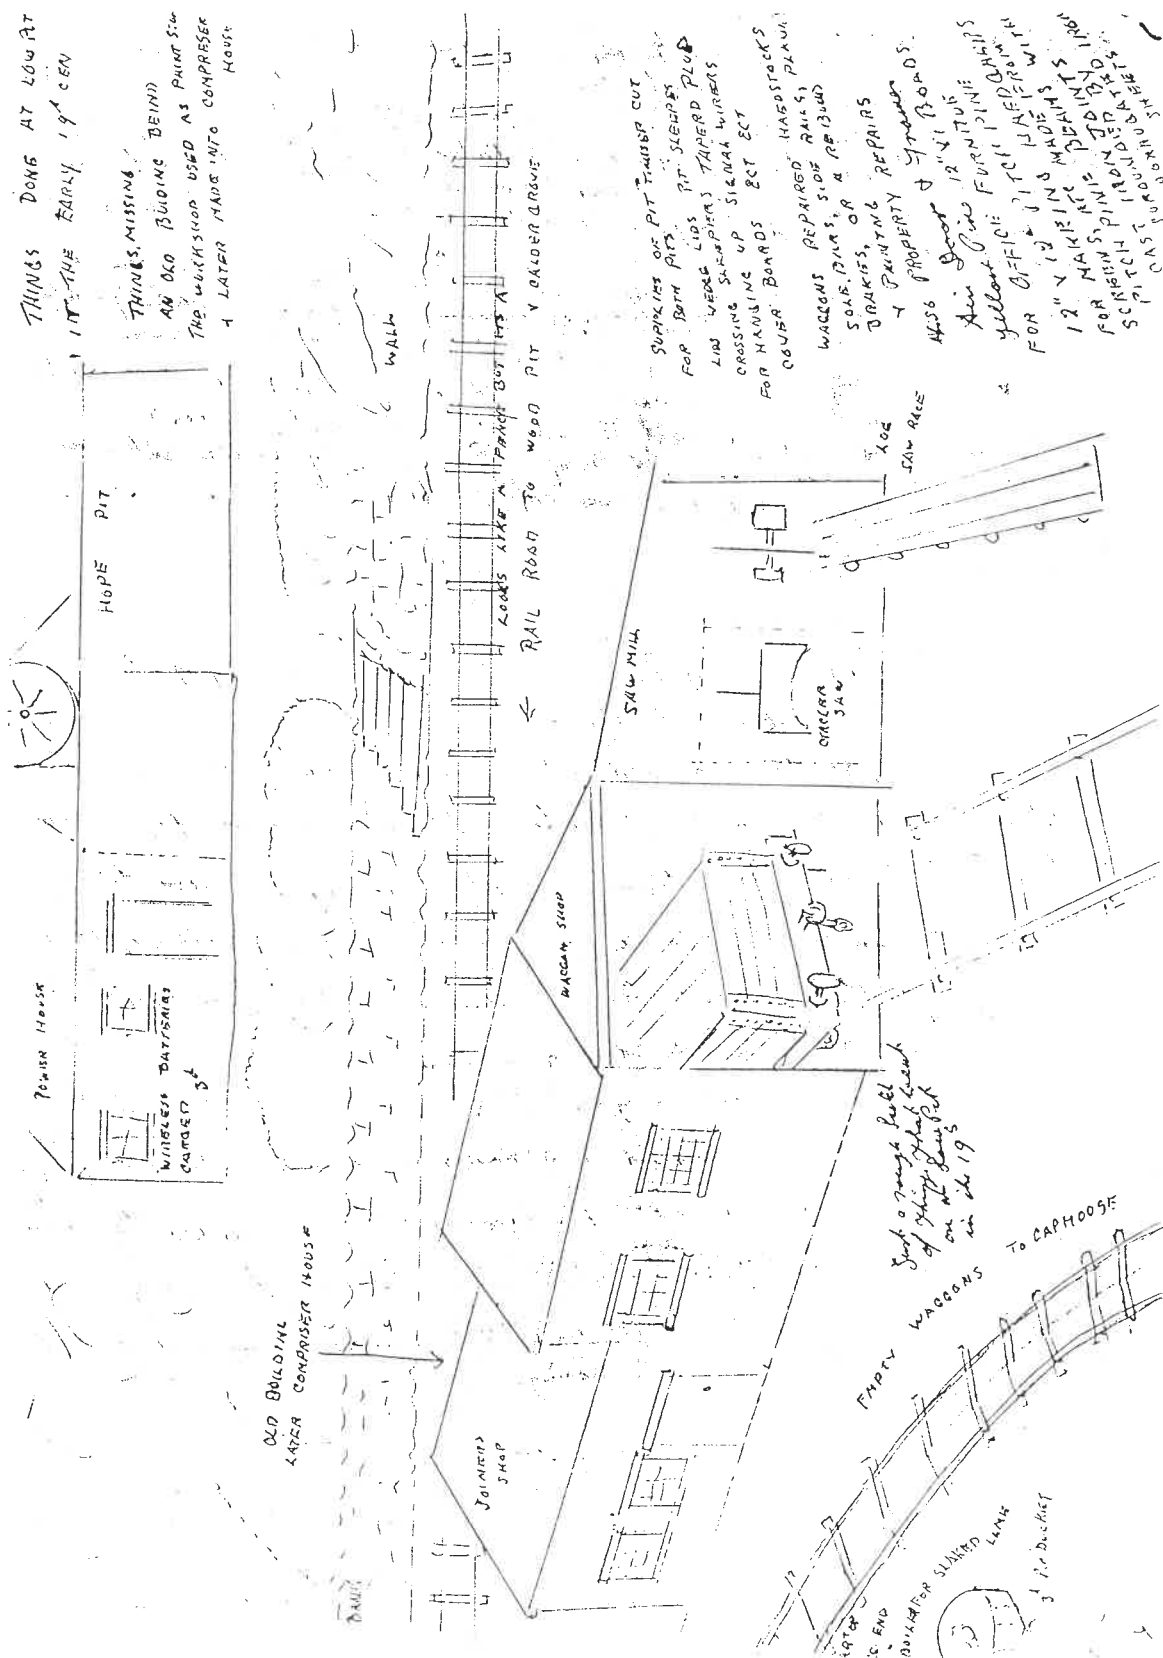

Fig 77 Hope Pit. Drawing by Cyril Schofield of the buildings immediately east of Hope Pit. NCMME.

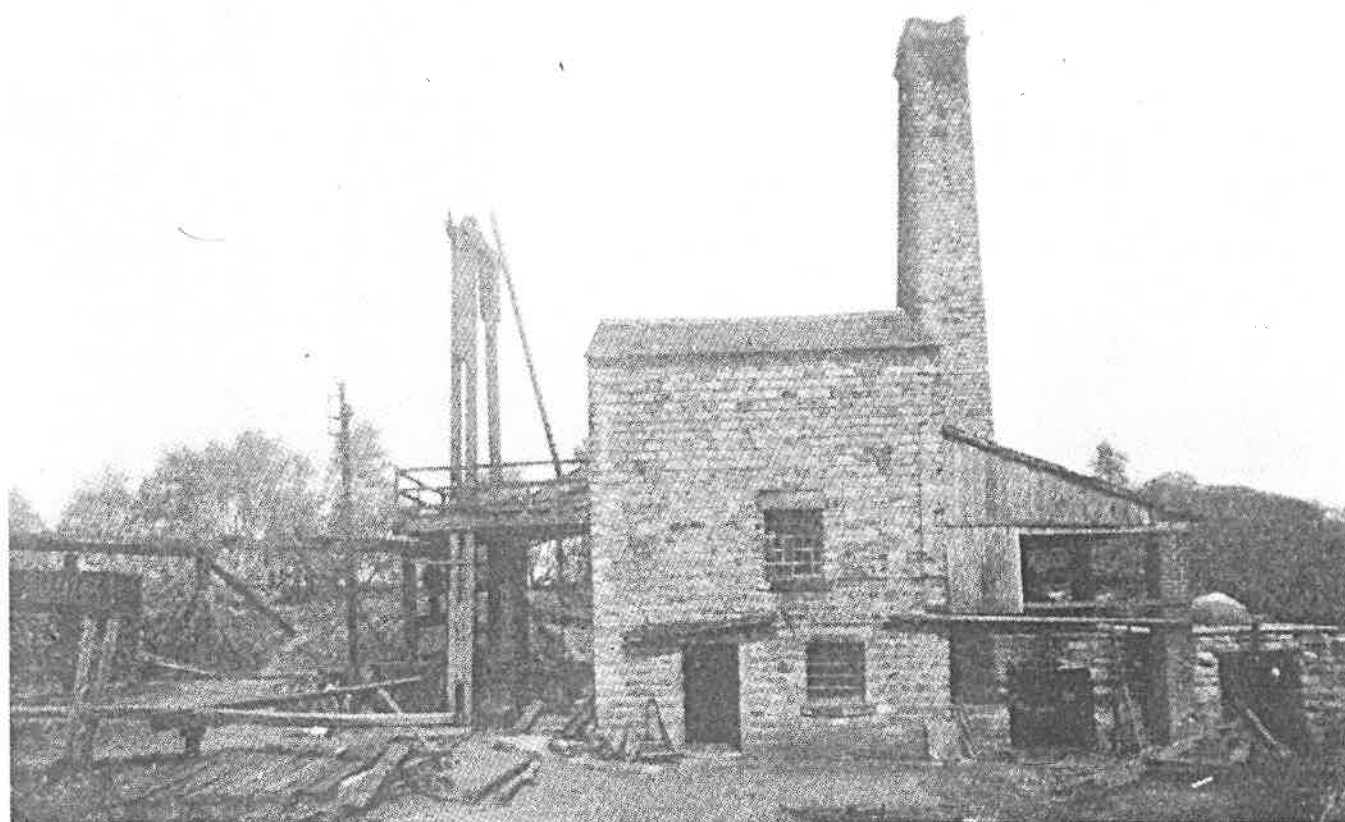

Fig 78 Inman Shaft. Old photograph showing the boiler house, chimney, horse gin and horse wheel.
Denby Grange Colliery MSS, The John Goodchild Collection, Wakefield.

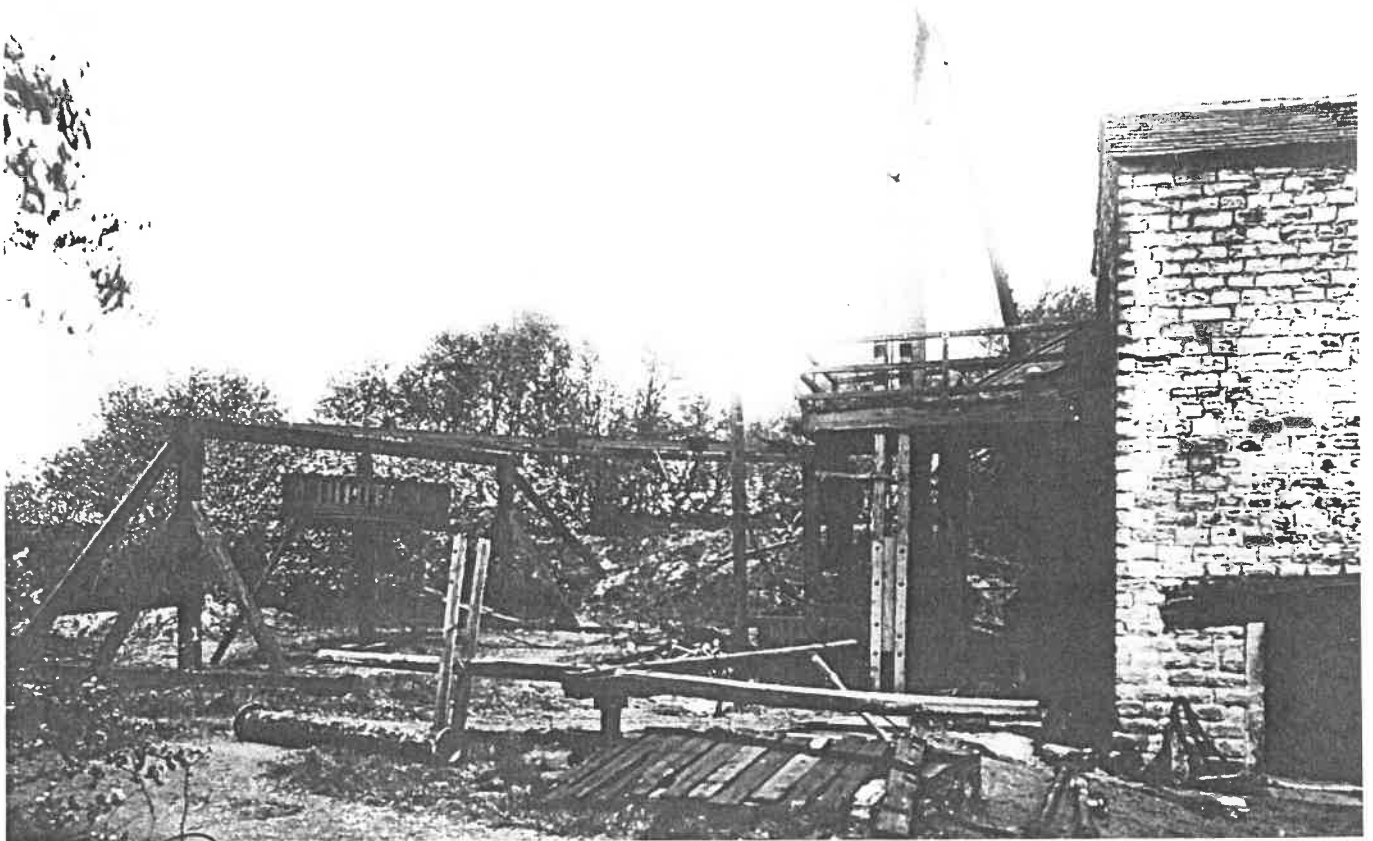

Fig 79 Inman Shaft. Detail of timber horse gin and horse wheel.
NCMME.

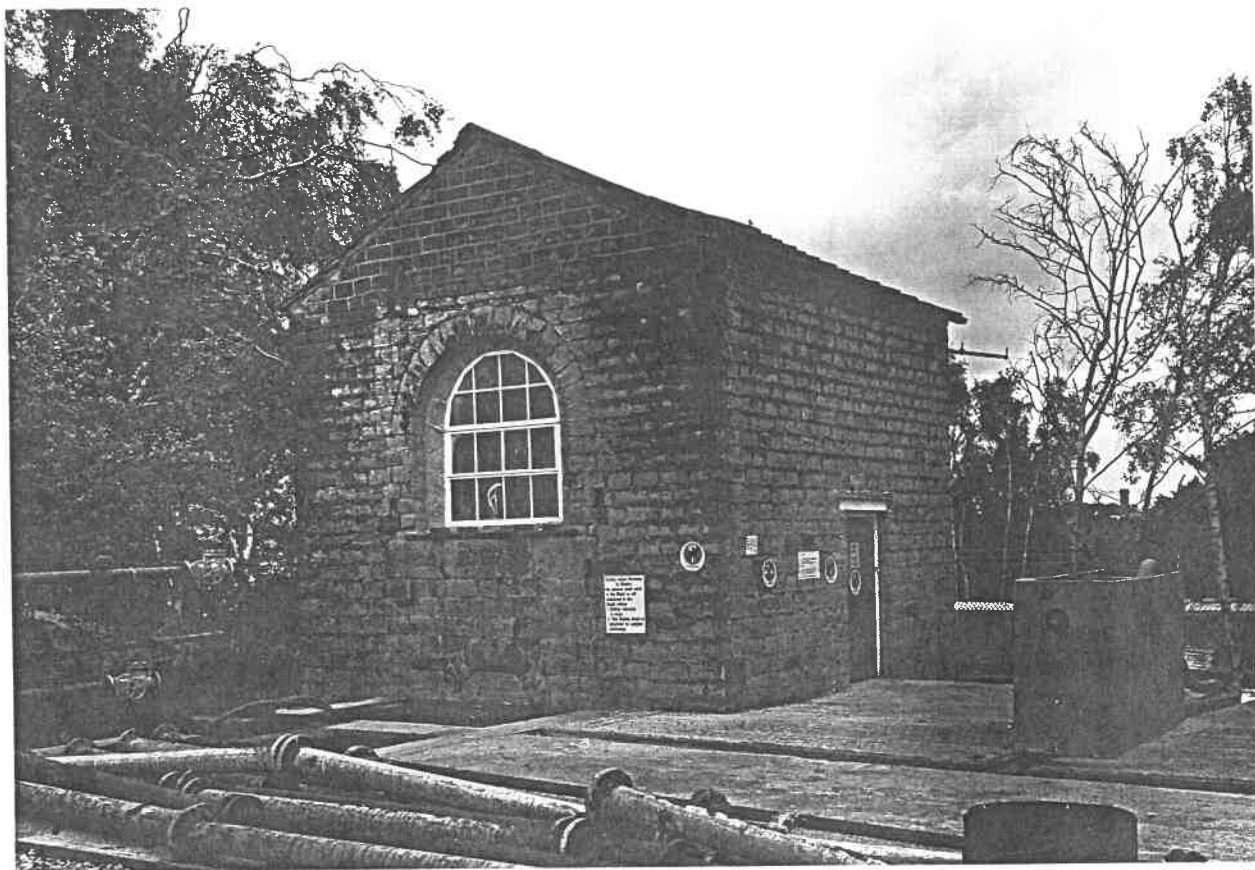

Fig 80 Inman Shaft. Exterior of pumping engine house, the base of the upper round-headed opening having the cast-iron seating to support the pivoting beam of the steam engine.

RCHME BB93/8168.

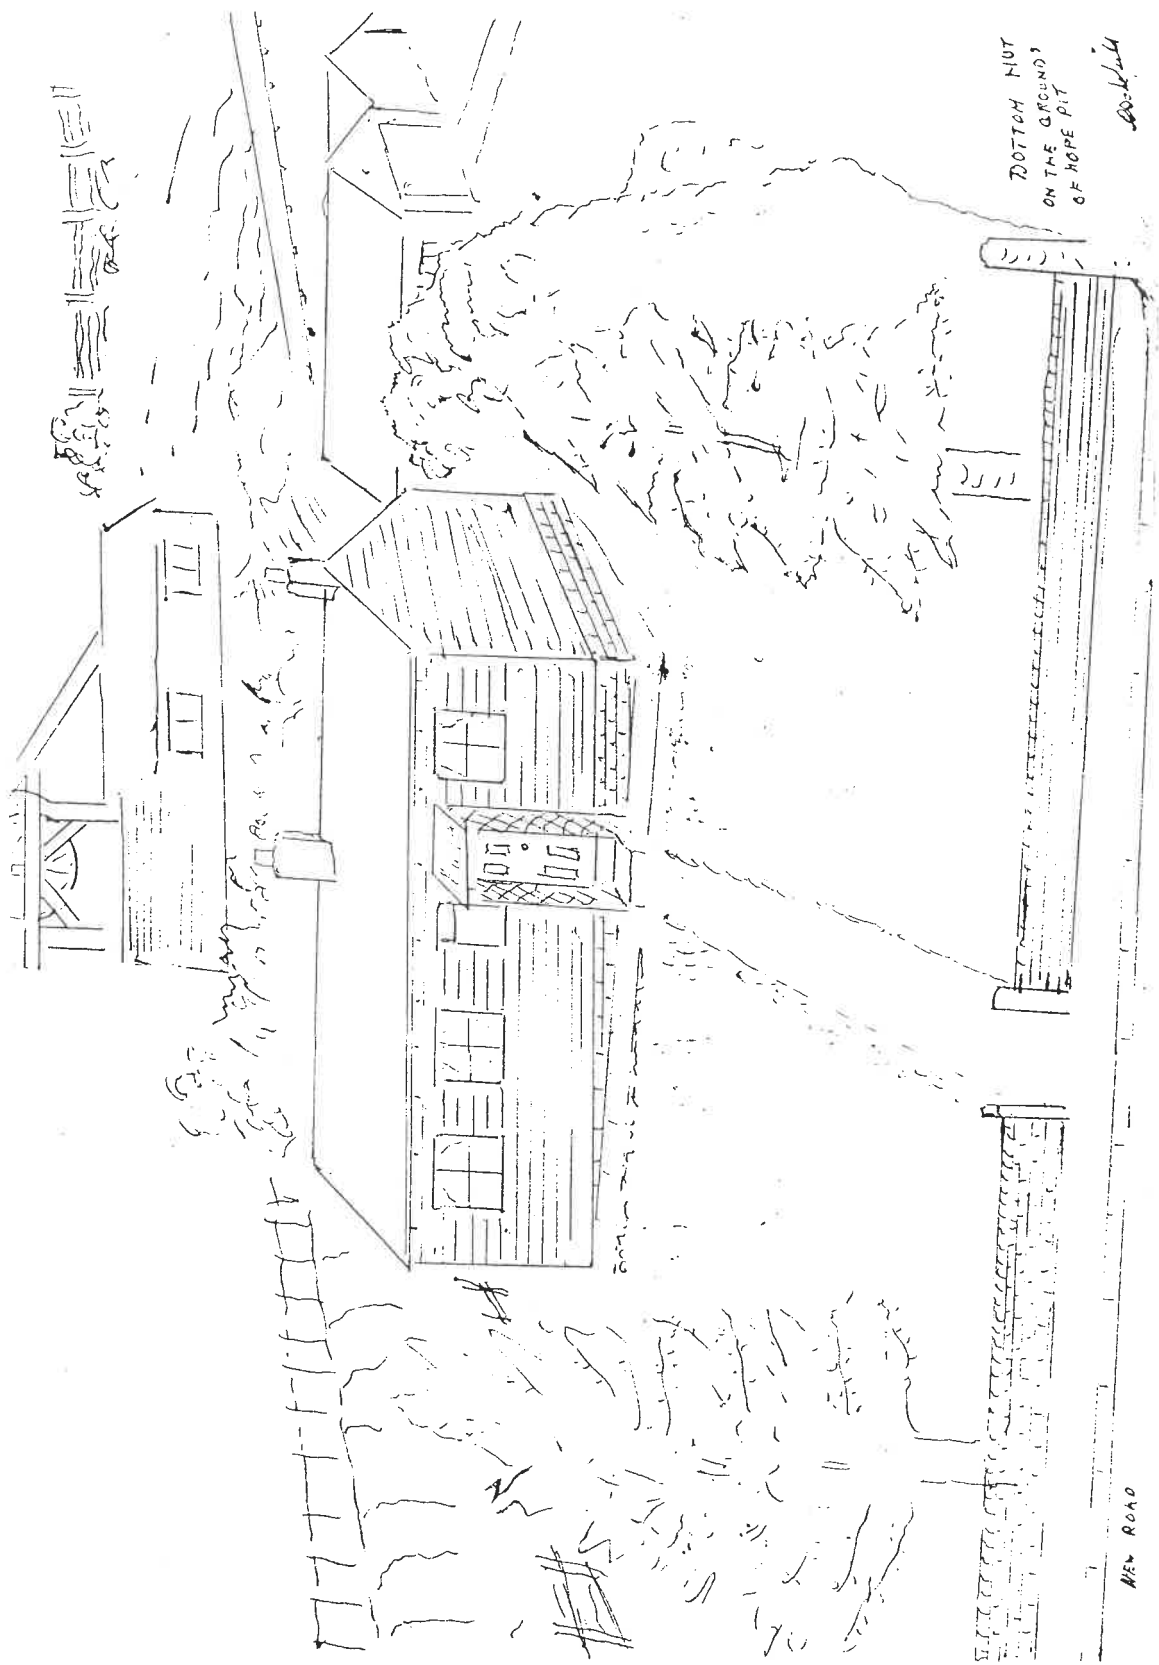

Fig 81 Hope Pit. Drawing by Cyril Schofield of house on New Road immediately north of the railway cutting with the wagon shop, saw mill and pithead buildings behind.
NCMME.

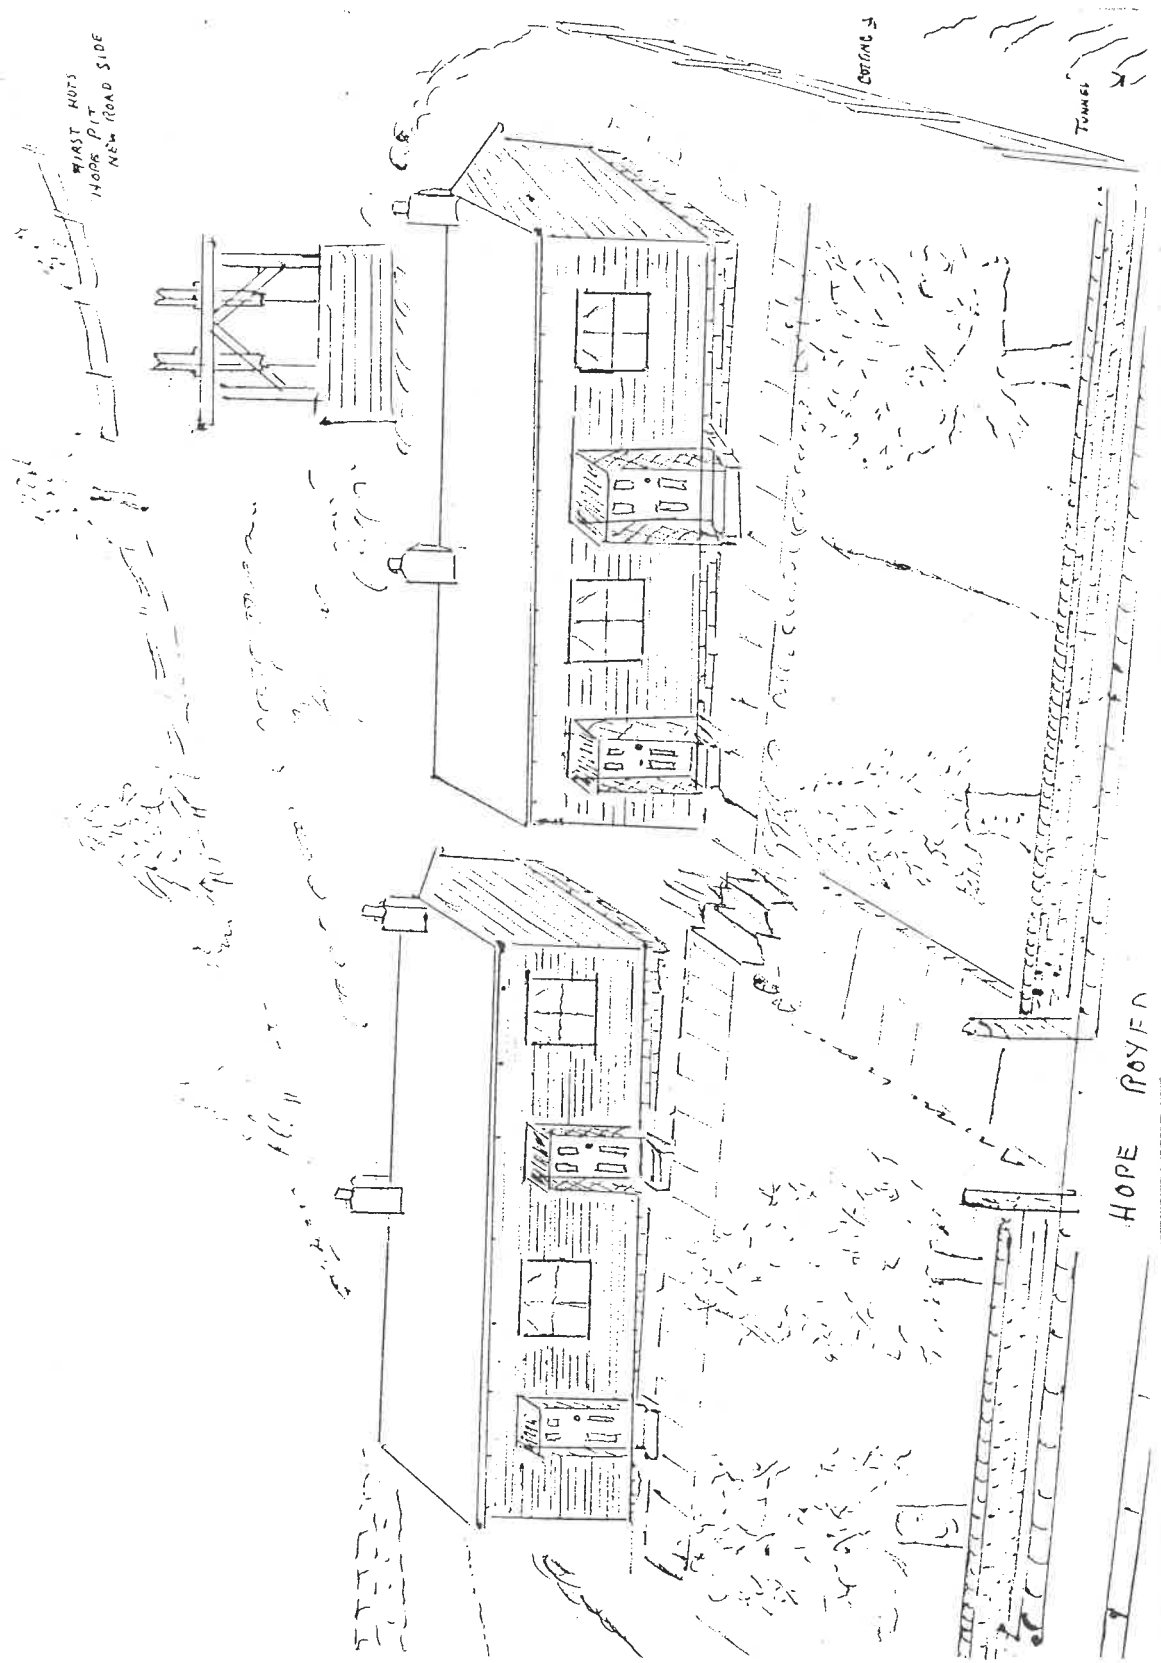

Fig 82 Hope Pit. Drawing by Cyril Scholfield of the houses on New Road immediately south of the railway cutting.
NCMME.
